New Rails in Place.
The work of preparing the rails in Union street for the cars has progressed well. The new rails are in place and the concrete poured. As soon as it has properly set the top will be placed in position and the line will be ready for the cars.

Woman Breaks Arm.
Two accidents are reported to have happened on Delhi street last night at a section which is poorly lighted. A Mrs. Wilson, while trying to locate the sidewalk, tripped over some loose stones and fell, breaking one of her arms. Not long afterwards it is said that a young girl fell about the same place and received a severe cut on one of her limbs and also bruised her face.

Scribes at It Again.
Not satisfied with the trimming administered to them lately by the actors with the Rev. company, the Scribes want to play ball again and are anxious to cross bats with the baseball team with The Chocolate Soldier company. A formal challenge has been sent by the general manager of the Scribes to the head base ballist with the Opera company, and if the latter can be induced to accept, it is probable there will be something doing on the diamond the latter part of the week.

Alleged Fake Collector.
Mrs. Annie Carlin of the North End was before the police court on Saturday charged with attempting to obtain \$25 from the patriotic fund as Mrs. Traft, with intent to defraud. C. B. Allan, secretary-treasurer of the fund, gave evidence that the defendant stated to him that for some reason she was unable to obtain payment of the check. She was able to answer the usual questions put to her and stated that she had lost her identification card. L. P. D. Tilley arrived in the office and stated that the woman was not Mrs. Traft. The case was adjourned until and will be resumed today.

Brown Case.
The case in which Stanley Brown is charged with a serious crime was resumed in the police court Saturday. The evidence was taken of Mrs. Blakey on whom the crime was said to have been committed. The case was adjourned until Tuesday. B. S. Gerow represented the prisoner.

All the candidates received communion and were afterwards confirmed. His Lordship made an address in which he reminded all those confirmed of the obligations which they had assumed and gave a pledge to all not to make use of liquor till they had reached the age of 21 years.

REV. J. L. DAWSON
PREACHES ON WAR
IN BAPTIST CHURCH

Germany is One Country
That Hates British
Empire.

LOVE THE GERMANS.

Says Man is Murderer who
Goes Into Trenches
With Hate.

The Rev. J. L. Dawson was the preacher last evening in German St. Baptist church. He took his text from St. Matthew the 5th chapter: "Love your enemies." He said that he hated you, that he may be the children of your Father in Heaven. He preached on the profit of loving the Germans. "Germany," said the speaker, "now was the one country on earth that hated the British Empire. If there were any special enemies of England surely it must be the Germans."

Redeem the Germans.

"We were not required to love them with the love of approval of what they were and did as our enemies, but to desire their reformation and a return to Christian ideals. That was really what we were laboring for in this war. That is to say we were trying to redeem the Germans. We were trying to overcome the national self aggrandizement and the spirit of hate which they had developed in connection with the building of their militarism. There has been nothing quite equal to that hate since the world began. The word of the great Roman who ended his speeches in the Roman Senate with delenda est Karthago was a man of their type."

Profit in Loving Germany.

"What is the profit of loving the Germans? One profit is the advantage of developing our own self respect. When a man thinks of himself from the standpoint of the Christian pulpit or pew, he is more than a patriot. He is a servant of God and of Christ. He is bound by the teaching of his Lord that the man who hates his enemy is a murderer. When one of us who is a Christian teacher looks at himself in a mirror and knows he seeks his enemy he knows also that he is a murderer in spirit. If one of us goes to the front and into the trenches having that spirit of hate with him he makes himself a murderer."

War of Self Defense.

"A man may be justified in taking human life, in self defense, and this is a war of self defense. He must redress the necessity with sadness and sorrow. Many of our men are doing this. Our great men at the head of the Empire are waging war with this same idea. Just as this war is being waged as one of sorrow and sad necessity, it is being conducted in the spirit of Jesus Christ. To dispossess with the spirit of Jesus Christ is to be a son of his father and ours."

TWO YOUNG GIRLS
MISSING; POLICE AND
OTHERS SCOUR CITY

Many Believe They Were
Drowned in Artificial
Lake.

ONE 3 YEARS OLD.

May Have Become Lost In
The Woods of Rock-
wood Park.

Up to an early hour this morning no trace of two girls, Mary Garnett, three-years-old, and a girl named Cosman, who live on Erin street, has been found, and it is the belief of many that they were drowned yesterday afternoon in the small artificial lake off Gilbert's lane, near the entrance to Rockwood Park, as they were last seen in that vicinity.

A systematic search was made of the park by the police last night, and several others have also been searching in the hope of being able to discover, if possible, where the missing children are.

At ten o'clock last night Mounted Policeman Moore, who does mounted duty at the park, reported to the police station and was again despatched to the locality to continue the search while the father of the girl accompanied by a number of searchers are also scouring the woods in that vicinity.

The young girls were on their way to Sunday school yesterday, but instead of attending the services it is said they went to the park. For some time they were not missed, but when it became dark Allan Garnett, father of the child, became worried and reported the matter to the police. Orders were immediately given for the patrolmen to be on the lookout for the children and to report any trace of them. At the same time Mr. Garnett secured the assistance of several other men and went to the location in which the children were last seen. He instituted a thorough search of the park and the lake but no trace of them could be found. Owing to his being dark it was not possible for any object to be seen in the bottom of the lake, and if the children are not found the pond will be dragged.

The search in the woods also proved fruitless, and the father hopes that the girls have been taken into some house and will be returned to their home today. Mr. Garnett believes that both children were frightened to return to their home after they played truant from Sunday school and, perceiving the front and into the trenches having that spirit of hate with him he makes himself a murderer.

Mr. Garnett, when the children failed to come home, procured a horse and wagon and drove through the avenues of the park on a midnight search, which he continued during the night, and it is expected that if some word is not received regarding the absence of the girls this morning, a party of men will search throughout the Rockwood park section in hopes of finding some trace of the children.

ANGLICAN CHURCHES
HOLD KINGS COLLEGE
SUNDAY IN THIS CITY

Yesterday was "Kings College" Sunday in the different Anglican churches throughout the city and province. Able sermons were preached on behalf of Kings by all the clergy in the city and the offertory was devoted to the funds of the college.

This year was a most critical one for the college. The call of war had taken away a large number of students. About forty-five, including graduates, had responded to the call of the motherland and considering the number of actual students attending the college Kings had contributed more than any other university in Canada.

This year the Bishop of Fredericton has asked for \$1,000 for a chair to divinity and to give to Kings to express in the belief of what she stands for, were the words of Rev. Ralph Sherman in Trinity yesterday morning.

SEWER AND WATER
EXTENSION MAY BE
FINISHED THIS WEEK

Means practical completion
Of Work in Adelaide
Road District.

IS 4,000 FEET LONG.

Twenty-five Houses to Get
Benefit of New
Service.

Commissioner Wigmore announced yesterday that the water pipes in Spar Cove Road and Adelaide Road would be connected at the junction of these two roads this week. This will mean the practical completion of the water and sewerage extensions in this district. The work has been in progress for several months and nearly one hundred men have been employed.

The water and sewerage mains extend from the Connor's Road through to Spar Cove and down to the junction at Bridge street. The total length of the extension is 4,000 feet and when completed 25 houses will be served with water and sewerage. These houses have been without either of these necessities up to the present and several fine structures have been erected there. It is expected that many more dwellings will go up as a result of the new water and sewerage services.

While the mains have been laid the water and sewerage department has given these services to the dwellings along the road and several fire hydrants have also been installed. Commissioner Wigmore expects to start work during the coming week on the water extension in Metcalfe street between Adelaide road and Lansdowne avenue. This is the work that was under discussion by the city commissioners early last week and to which some opposition was given on account of the roadway not having been taken over by the city. Several houses have been erected there and while these will be served with water at present, it is unlikely that sewerage will be installed for some time to come. The new water extension will be continued for a distance of about 400 feet.

Good work has also been done in the Cranston avenue water and sewerage extension. In Cranston avenue the water main was already in place but the sewer conductor had to be sunk to a depth of 15 feet and much of that cut was through solid rock. The cut has been extended up as far as Cedar Grove Crescent, but will be several weeks before the extension is completed.

Commissioner Wigmore expects a shipment of 36-inch water pipe this week from Three Rivers, Quebec. This pipe will be used for a new main to be laid across the Marsh bridge to give a better service to the city. For the first it will be used to supply the Gilbert's Lane main and the heights of Mount Pleasant.
