

CUTICURA HEALS RASH ON CHILD

On Body and Face, Red and Itchy, Cried For Hours, Lasted a Year.

"A rash started all over my little girl's body, and she had some on her face. It started in a pimple on her forehead, and it got red and itchy. She cried for hours. This trouble lasted a year.

"Then I started with a free sample of Cuticura Soap and Ointment. I bought more, and I used four cakes of soap and three boxes of Ointment which healed her."

(Signed) Mrs. Dora Langly, 1032 Centre St., Verdun, Que., August 11, 1919.

The Cuticura Toilet Trio consisting of Soap, Ointment and Lotion is an indispensable adjunct of the daily toilet in maintaining skin purity and skin health.

Soap 25c, Ointment 25c and Lotion 25c. Sold throughout the Dominion by all druggists, grocers, and general stores.

Cuticura Soap shares with Colman's Mustard the reputation of being the best.

Linton and Saab Get Newman Brook Work

Engineer Expresses Belief That Contractors Will Lose Money.

The tender for the concrete arch over Newman Brook was awarded at the committee meeting of the Common Council yesterday morning to Linton and Saab, the lowest tenderers at \$14.90 per cubic yard. The city would repair the sidewalk, and a release of liability for payment on water installation was ordered issued to the Misses Parks.

Before the Council got down to business the Mayor said he had been informed that members of the Water and Sewerage and Public Works departments staffs had taken part in the parade on Friday night and asked that he be furnished with a list of those so doing, and called attention to the fact that no parade was held. Commissioner Frank promised to try and furnish the information asked for.

Commissioner Jones reported that the superintendent of water department reported that the damage complained of by Miss Wilkins to her house at the corner of Marsh street and Haymarket Square was not due to any defect in the city water pipes and moved that she be informed that the city would repair the sidewalk, but could not pay the bill she had rendered for \$191.

On motion of Commissioner Jones, the Misses Helen and Louise Parks were granted a release on two lots for which they were liable for the interest charges on the cost of installing water service to Cedar Grove Crescent.

On motion of Commissioner Jones the contract for the concrete arch over the Newman Brook was awarded to Linton and Saab, the lowest tenderers at \$14.90 per cubic yard. In his report the city engineer expressed the belief that the contractors would lose money on the work. The cost will be \$5,129, the engineer's estimate for the work was \$5,400.

Commissioner Bullock registered a kick about the lamp globes on the city lights not being cleaned and the lights being poor, and the Mayor referred to the reported greasing of rails at Indianstown. Commissioner Thornton said the police department were working on the latter case.

Union Application Before The Council

Propose to Operate Same Service as N. B. Power Co. With Its Street Cars.

An application for a license to operate a "trolley" line was made to the common council yesterday morning by the former employees of the New Brunswick Power Co. and referred to the mayor and Commissioner Thornton for a report at the meeting of the council today.

Messrs. F. A. Campbell and Percy Moore appeared on behalf of the employees and explained that kind of car it was proposed to operate. On the main line they would have a bus capable of seating twenty persons, operated by one man, entrance and exit at the front of the car, right hand drive and the door opening out into the middle of the street. In answer to questions Mr. Campbell admitted that the latter feature was not a good one, but voiced the hope that the rule of the road would be changed before long and then they would be all right.

The Ground Covered.

It was proposed to operate a red and green service in the main part of the city, Haymarket Square, Glen Falls, East St. John, Fairville and West St. John and a regular schedule of running time would be adopted. Transfers would be given from one line to another.

Promised Consideration.

The mayor promised to give the application consideration and the delegation withdrew. In the discussion which followed Commissioner Bullock expressed the opinion that there should be some regulation governing all the busses to see that they were safe and decently equipped, it should not be possible for any person to put on any kind of a vehicle and call it a bus.

The matter was referred to the mayor and commissioner of public safety for a report.

Assaults On Yanks Alarm French Cafes

Montmartre Owners of Night "Boxes" Threaten to Move if Police Interfere.

Paris, July 18.—The growing number of assaults on Americans and other tourists in Montmartre's all night cafes and restaurants is causing alarm on the part of proprietors, who fear the police may order all the places closed.

Usually the police arrive on the scene long after the brawls have quieted down and no arrests are made, but the public is beginning to condemn the lack of vigilance as reported almost daily in the newspapers, and to save the reputation of the police a radical edict is anticipated to put a stop to the offences.

Reformers have tried to temper the gayety of Montmartre before, however, with little success, and the owners of the night "boxes" threaten, if they are unduly interfered with because a few thrifty Americans get in trouble after they have imbibed a bottle or two of good French wine, that they will close their doors permanently and seek some place like Versailles or Montmartre to open up a series of dives which will make the visitors from the United States spend money outside of Paris.

Meantime the police have decided upon greater supervision. Increasingly the number of plain clothes men assigned to the troublesome district, while it is reported that a large number of women detectives belonging to famous "society division" are now mingling freely and unsuspected with the red tipped and painted habitués of the region just below the Cathedral of the Sacre Coeur.

OFF TO THE NORTH.

Booth Bay, Maine, July 18.—The MacMillan Arctic expedition took final departure from America's shores today. The explorers' auxiliary schooner Bowdoin, which came here Saturday night after formal goodspeed from Governor Baxter at Wiscasset, went away at dawn, cheered by townspeople. The Bowdoin will make a short stop at Sydney, N. S., on her way north.

EVERY WOMAN IN POOR HEALTH

Has an awful struggle. Lots to do, all kinds of worry, poor appetite, headaches, weakness. Her one desire is for more strength and better health. What sickly worn out women need is a cleansing, blood purifying remedy like Dr. Hamilton's Pills. This wonderful medicine cleans out the wastes from the system, regulates the bowels, helps the blood. To look your best, to feel fit and fine all day, to be free from lassitude and headache, use Dr. Hamilton's Pills regularly. 25c. at all dealers or The Cataract House Co., Montreal.

MYSTERY SHIPS RUM RUNNERS IS AMERICAN VIEW

Meet Ocean Liners on High Seas and Take Off Illegal Cargo is Report.

LAND WET GOODS IN SECRET COVES

Persistent Stories of Presence of Strange Vessels off U. S. Coast Solved.

Atlantic City, July 18.—Fierce rumors and reports of mysterious ships lurking along the trade lanes of the North Atlantic may be explained by the discovery of "blockade runners" that have been landing valuable cargoes of contraband liquor on the far-sea coast, in the opinion of revenue agents in this district.

In maritime circles, persistent stories have been told of strong vessels approaching merchant men on the open seas, as though prepared to attack, and then dashing off into the darkness without observing the inevitable rule of answering code signals. It was even suggested recently that these spectre-like craft might be able to explain the disappearance of certain vessels.

One Vessel Caught.

What revenue agents believe to be the explanation of such unusual actions on the high seas, was brought about by the seizure of whiskey valued at \$20,000, which is said to have been landed along a cove, near Wildwood, N. J., from an alleged mystery ship.

Prohibition officers declared today they are confident smuggling of intoxicants on this coast is being conducted on a tremendous scale. Cargoes worth vast fortunes are believed to have been brought from foreign countries, transferred to small boats at night, cached on unfrequented spots.

It is thought probable that the blockade runners have also transferred their illegal cargoes to vessels bearing authentic clearance papers. This, the officers say, would account for the strange actions of the "mystery ships." Their explanation is that the liquor-laden vessels are instructed to meet another vessel, bound for a United States port, at a given point along the coast and transfer his liquor, which can then be landed with a legitimate cargo. When the "runner" reaches the rendezvous it approaches various vessels and, failing to get the proper signals, hurries off to prevent discovery.

Obituary

Woodford Yerxa

Frederick, July 18.—Woodford Yerxa, a native of Mouth of Keswick, who had been in business in Cambridge, Mass., and Boston, died on Saturday at his home in Cambridge. He was a son of the late James Yerxa and was upwards of 75 years old. As a young man he was engaged with his father in lumbering operations, and shortly after being married he left Keswick and went to Woodstock, where he carried on a general store business for some years. Then he came to Cambridge, where he engaged in the grocery business and became very successful. He operated four stores in Boston and Cambridge, and which bore the name of Yerxa Brothers. He was tired and sold out to go into banking business, becoming president and general manager of the Guaranty Trust Company of Cambridge.

Besides his wife, the late Mr. Yerxa is survived by one daughter, Miss Bertha; one brother, Leonard, of Mouth of Keswick; and two sisters, Mrs. Holt of Presque Isle, Me., and Mrs. Frank Bird, Woodstock, who survive. The remains will be brought here for burial, arriving at noon today and will be taken to Keswick.

Miss Beattie McGuire

The death took place at Lower Southampton on Sunday after a few days' illness of pneumonia of Miss Beattie McGuire, aged 65 years. Deceased is survived by three brothers, John and James of Lower Southampton, and Robert of Idaho, and one sister, Mrs. Margaret Connick of Brewer, Me.

Charles Barber

Toronto, July 18.—Charles Barber, night chief operator here of the C. P. R., died early this morning of acute septicaemia.

Mr. Barber was taken ill last Friday as a result, it is said, of an infection received through a sore in his back, while swimming.

His condition became critical and he was removed to St. Michael's Hospital last night. He had been in the service of the C. P. R. for 23 years. A widow survives.

STOPPED HER HEADACHES

Years of Suffering Ended By "Fruit-a-tives."

112 Hazen St., St. John, N. B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-tives,' made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-tives.'"

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since."

Miss ANNIE WARD.

FORETHOUGHT OF WOMAN LEADS TO JEWEL RECOVERY

Takes Number of Taxicab as She Leaves It Temporarily and Forgets Handbag.

REPORTS MATTER TO NEW YORK POLICE

Driver of Cab Found and Missing Gems Handed Over to Rightful Owner.

New York, July 18.—Mrs. Malcolm M. Hayward, wife of the president of a real estate and insurance company at 2640 Broadway, thought to take the number of a taxi when she left it yesterday afternoon at 270 Park avenue and by her forethought was successful in recovering \$7,000 in jewelry, which she had left in a handbag on the seat.

Mrs. Hayward arrived at the Pennsylvania station from Westchester, L. I., where she had been passing a few days. She engaged a taxi there, and on her way to her home at 205 East Sixty-second street, stopped for a few moments at the home of her friend, Mrs. E. A. Sheehan, at 270 Park avenue. She instructed the driver to wait for her.

Taxi Disappears.

When she came out to the street again the taxi was not in sight. Mrs. Hayward immediately recollected that besides a suitcase she had left her handbag on the seat in the machine.

She reported the matter at the police station, where she told the number of the machine which she had thought to jot down as she entered Mrs. Sheehan's home.

Detective Thomas Layden, who was assigned to the case, was not successful in finding the man at the Pennsylvania station, although he found him to be Joseph Wade, 255 East Fifth street, owner of a private taxicab. A call at Wade's home produced no information from his wife, who said she had not seen her husband bring home any jewelry.

Yesterday afternoon, while Layden was passing Fifty-first street on Lexington avenue, he saw a machine standing at the curb which bore the number he was hunting. Wade, in reply to his questions, admitted that he had taken a fare from Pennsylvania station the afternoon before, but had not found any jewelry in the machine.

Jewelry Recovered.

At the East Fifty-first street station further questioning, according to the police, brought from Wade an admission that he had found the bag. He took Layden to his home and turned over to him a diamond studded bracelet, a lavalliere mounted with diamonds, a wrist watch and a diamond ring. He was held on a charge of grand larceny.

Mrs. Hayward later identified all the pieces, and said that none was missing.

Home Seekers In Vienna Organize

Have Listed Available Premises and Demand They be Handed Over to Them.

Vienna, July 18.—The many thousands of seekers for homes in Vienna have organized to get them. Complaining that the government bureau created for this purpose is inept, the members of the society have appointed agents to find all vacant premises and all residential property not containing the maximum number of occupants and threaten to use force to secure lodgings. They have published a list of such places and demand they be handed over. Among them is the home of a baroness having ten rooms in which she lives alone. Many similar instances are cited.

ARMY COSTS MONEY.

Belgrade, July 18.—The War Department of the new kingdom of Yugoslavia will cost 2,000,000,000 dinars, or about the government's total budget, in the next fiscal year, despite vigorous efforts by the Minister of Finance to reduce expenses. This is a reduction of 500,000,000 dinars from the estimates asked for by the War Ministry.

The total budget estimates were 6,000,000,000 dinars but this has been reduced to 4,000,000,000. The nominal exchange value of a dinar is about 19 cents but at the present rate it is worth about three cents.

PAY TRIBUTE TO POWERFUL DESERT TRIBE

British Government to Pay 60,000 Pounds Yearly to the Wahabi.

MUST HOWEVER LET NEIGHBORS ALONE

Are Strict Mohammedans—Have Many Strange Conventions.

London, July 18.—A novel working arrangement on the "no peace, no pay" principle has been entered into by the British government with the Wahabi, a powerful Arabian desert tribe. The Wahabi are nomads and belong to a sect which Colonial Secretary Winston Churchill described in the House of Commons as "bearing the same relation to orthodox Islam as the most militant forms of Calvinism would have borne to Rome in the fiercest times of the religious wars."

They are, he said, austere, intolerant, well-armed and bloodthirsty and regard it as an article of duty as well as of faith to kill all who do not share their opinions. Moreover, they are very dangerous to the holy cities of Mecca and Medina, and the whole institution of the pilgrimage.

The finances of the Sherif of Mecca, who enjoys British protection, have suffered grievously by the interruption of the pilgrimages. Therefore, to assist him and King Hussein of the Hedjaz, who has been in constant warfare with the "Arabian Calvinists," the latter are to receive £60,000 cash annually, so long as they refrain from annoying their neighbors and do not interfere with the candidacy of Hussein's son, the Emir of Iraq, for the rulership of the new Mesopotamian state.

Strange Conventions

Colonel Lawrence of the Colonial Office, who has lived among the Wahabi for years, told an interviewer that they were indeed a most violent people. They are, he said, fanatically Mohammedan and would kill their men and women, for smoking even a cigarette. The way they correct their women is to tie them up in bags and beat them unmercifully with palm fronds.

Each man has three wives. Should any of them go out of doors, the code allows him to have her put to death. It is because of this belief that if any other man looks at her she is contaminated and that if a woman goes outside her home she is certain to go wrong.

Wearing a silk dress of any costly finery, precious stones or metals, is also a penal offense.

"No sense are they a decadent people," Colonel Lawrence concluded. "They are virile and as austere as they are bloodthirsty and brave. It should be cheap at £60,000 a year to buy their goodwill and to keep them quiet."

The latter view, however, does not meet with universal acceptance. Many taxpayers would prefer to see the end of all British commitments in Mesopotamia.

LOOKING FOR BUILDING.

Colonel Wetmore, formerly adjutant of M. D. No. 7 and now head of the D. S. C. R. in the Maritimes, is in the city. He said yesterday morning that the patients who were in the D. S. C. R. hospital, Fredericton, have been moved to the Lancaster Hospital and that equipment at Fredericton, which has been needed here, would be shipped to Lancaster. The Fredericton hospital was closed last week. There are now 72 patients at Lancaster.

The administrative staff is still in Fredericton, but will come to St. John as soon as quarters are procured. Col. Wetmore stated that he is looking for a suitable building and required 2400 square feet of space. He was desirous of having his department for the manufacture of boots and limbs located on the ground floor, as many of the men who came to be fitted would be unable to mount stairs.

WEST SIDE FIRE.

The roof and interior of a large concrete barn owned by D. C. Clarke and situated to the rear of his residence, 341 Charlotte street, West Side, were destroyed by fire yesterday morning. Flooring, rafters, partitions and a considerable quantity of material were consumed by the fire which
