TO THE ELECTORS COUNTY OF RENFREW.

GENTLEMEN,and respectably signed Requisition has been presented to me, inviting me to come forward as a Candidate for the representation of this County in the room A very numerously of your late member, the Hon. Francis Hincks.

As I stated, in my reply to the Requisitionists, I would consult my own personal inclination much better, were I to requests of many friends, and the presentation of a requisition, signed by so many the Trustees, of the influential residents of the County, compel me to lay aside private feelings, and place my services at your dis-

Having resided amongst you for many years, being well known to most of you, and having my interest identified with yours, it would become my first duty, (if honored with a seat in Parliament as your Representative,) to direct attention to, and unceasingly endeavor to effect the improvement of the Ottawa Country, Of almost all kinds, Styles and Fabrics, and more especially the prosperous Countv of Renfrew.

The advocation of any plan which would increase the resources of this All who are so fortunate as to make pur- in trad would always have my steady and cordial support. The construction of a Ship Would do well to call at this Establish-Canal by way of the Ottawa River, to ment, and without delay, as there is connect the waters of the West with the already a very hear full on the Goods. Ocean, is one of the means which I consider of the utmost importance and absolutely necessary to this end, and as I do not doubt its practicability, I would CHRISTMAS & NEW YEAR'S earnestly urge the necessity of a prelimmary survey being made as soon as possible, feeling assured that the completion of such a work would materially add to our commercial importance and prosperity and at the same time be a safe defence against hostile invasion or foreign ag-

Whilst on this subject, I may remark that I consider the present system of Parliaments, from Quebec | H to Toronto and vice versa, excessively pjurious to the interest of the Province, and one which loudly calls for remedy, both on account of the enormous sum it periodically costs the country, without any corresponding advantages and the great inconvenience and delay to the public business which necessarily occurs by each removal. I have long been convinced of the necessity and advantage of having the Seat of Government permanently established, and without fear of being thought selfish or personally interested, I unhesitatingly say the City of Ottawa should be chosen for this purpose, that city, it is the most convenient as well as the most advantageous. This question will most likely engage the attention of the Legislature at an early date, and if elected I shall esteem it a date, and if elected I shall esteem it a privilege to advocate the claims of the which Cash will be paid on delivery City of Ottawa to this distinction.

A great amount of political capital has been attempted to be made out by those opposed to me, with regard to my nions on the question of the location of the County Town, and as such a course might tend to damage my interest A liberal Salary will be given. with some of the Electors, I think it only justice to myself and you, to declare emphatically that I never sought to advance the claims of any particular place for this distinction, nor do I intend, whether in or out of Parliament, to advocate such a step. I consider our County is quite sufficiently (if not too much, burdened with taxation, and my efforts would be directed to the lessening of expense, instead of increasing by building a Court House and Jail either in Renfrew or Pembroke.

The making of good and serviceable roads from one end of the County to the other, is a subject of immense importance, both to the Farmer and Lumberis now unable to do; and to the latter \$75. much valuable time would be saved, as he sould have his supplies delivered at a more convenient distance from the scene of his operations, and in a much shorter time than he can at present.
