

Greetings - 1922

Christmas and Business and You!

Christmas, the Symbol of Peace on Earth.

Business, the one universal medium that has helped make possible so many wonders of present-day existence.

And You, a personality, without whose help this institution could never have truly reached its present ability to serve.

May this New Year be filled with the realization of your most cherished ideals.

J. H. Currie & Co.

NOTICE!

To the Electors of the Village of Glencoe

Having served the village of Glencoe for a number of years as councillor, and as I have been again nominated for the same office, I take this means of soliciting your support in the coming election on January 1st, instead of personal interviews, as I believe every man and woman has a right to his or her own opinion and will have made up their mind for whom they are going to vote. I therefore solicit your support in the forthcoming election, and may the new year bring continued prosperity and improvement to our village and to every one of its citizens.

Sincerely Yours,
P. E. LUMLEY.

When a mother detects from the writhings and fretting of a child that worms are troubling it, she can procure a reliable remedy in Miller's Worm Powders which will expel all worms from the system. They may cause vomiting but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these powders are used.

The Royal Bank of Canada has forwarded to shareholders a particularly strong statement for the fiscal year to November 30th.

There will be satisfaction among business and mercantile interests to learn that outstanding features of the report show that trade generally has evidently improved to a considerable extent. The leading banks are now preparing to handle more business and as a result the Royal of total assets of \$479,362,366, has liquid or immediately available assets of \$216,048,321, at which level they are equal to 45.3 per cent. of liabilities to the public. This must of necessity be gratifying to the shareholders and is bound to prove of special benefit to the business interests of the country. Shareholders have also reason to be pleased at the manner in which the savings deposits are being maintained. During the past few years developments arising out of Victory Loan campaigns have made very marked inroads into the deposits of the larger banks. In the case of the Royal this development has apparently been offset by the expansion of the branch system and growth in many centres. The deposits amount to \$372,903,961, and of the total the savings deposits account for \$277,595,882.

CANADIAN GOVERNMENT ANNUITIES

A Canadian Government Annuity is a fixed yearly income payable by the Government of Canada for life in quarterly instalment, unless otherwise provided. It is a safe and lucrative form of investment for persons of all ages and circumstances, whether for immediate income purposes or as provision for old age.

Among the advantages to be obtained from the purchase of a Government Annuity are:—

That it is the safest investment that can be made, as it has behind it the security of the whole of the Dominion of Canada.

That it is free from taxation for Dominion purposes.

That it is payable for life.

That it cannot be transferred.

That it cannot be forfeited.

That it cannot be stolen.

That it cannot be seized or levied upon by or under the process of any law or court.

That it is not affected by the fluctuation of business, or trade depression.

That the purchaser does not have to die to win, but enjoys a personal participation in the fruits of his labor.

That the Annuity gets the full benefit of all that his money earns, as the expenses of management are borne by the Government.

The postmaster at Glencoe will be pleased to give any information relating to Dominion Government Annuities.
