Probably go on the West End and appear there, and the night they'll be quite a way out.

Just out of bed and Brock and Reid should have been there, and the result was the crew cracked under the pace they forced.

Friday night they should be in the shape of the year as far as condition goes, and they have the senior experience pretty well digested by this time.

The boys have been hard at work all week working out against the university team. They will, however, be without the assistance of McLean, who has gone north, but he will be replaced by Ar. Gillies of local hockey fame.

ATTEMPT TO REVIVE FOOTBALL IN INGERSOLL.

INGERSOLL, March 2.—An attempt will likely be made at an early date to revive interest in football. The feeling is growing that an effort should be made to place the game on a pre-war plane.

Considerable of the former material is available, and should sufficient interest be manifested a town league may be formed. It is also expected that considerable interest will be manifested in baseball during the summer.

The coming Referendum

Vote and Vote "Yes!" on April 18

THE Ontario Temperance Act as a wartime measure was an unqualified success.

On October 25, 1919, the people of Ontario voted by an overwhelming majority in favor of the permanent continuance of the Ontario Temperance Act, prohibiting the sale of intoxicating beverages.

The "Bootlegger" Must Go

On December 31, 1919, came the repeal of the Federal Order-in-Council—which was also a wartime measure—prohibiting importation, manufacture and export of intoxicating beverages.

Thus it became possible for individuals in prohibition provinces to import liquors for consumption in the home; thus the "bootlegger" is able to offer the same for sale contrary to law, and thus the expressed will of the people in this province is being defeated.

Importation Must Cease

Everything that applied in the last vote against the sale of intoxicating beverages within this province applies equally to the Use of them, and their Importation for beverage purposes should also be prohibited.

Hence arose necessity for further legislation and another Referendum.

Shall the Importation and the bringing of intoxicating Liquors into the Province be Prohibited?

YES!
