

Gleaned by the Way.

A fellow shouldn't sit in a hammock with a fat girl unless he knows the ropes.

A yardstick has three feet, but it doesn't do as much kicking as a man who has only two.

Children Cry FOR FLETCHER'S CASTORIA

Aviator—I had one good scare. Some one told me the money they were putting up for exhibition was counterfeit.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief.

She—What, going already? I don't suppose it would be any use to ask you to stay a little longer.

Little Daughter (reading)—In winter every animal puts on a new fur coat.

Father—Don't speak so loudly, my per. Mamma is in the next room.

Bad Cold in the Chest. "I am happy to tell you that I used Dr. Chase's Syrup of Linseed and Turpentine, and was promptly cured of a very bad cold in the chest."

Damocles saw the sword suspended by the hair.

"Since it can't cut the hair, I judge your wife has been sharpening her pencil," he remarked to the king.

Skin Soft as a Child. "I was a great sufferer from eczema and skin troubles for years."

"Sometimes you have to hit a man to make him keep quiet, so that you can save him from drowning."

"Yes, replied the abrupt person, and the time to do it is when he first begins to rock the boat."

DR. A. W. CHASE'S CATARRH POWDER 25c.

Ranter—I thought this paper was friendly to me?

Ragner—I made a speech at the banquet last night and you didn't print a line of it.

Editor—Well, what further proof did you want of our friendliness?

Olat Larson, working in a millinery warehouse, backed into an elevator shaft and fell down five stories with a load of boxes.

"Es de boss mad?" he whispered cautiously. "Al em Ay had to come down for nails any way."

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds.

The superintendent of a city Sunday-school was making an appeal for a good collection for a shut-in society, and said:

"Can any boy or girl tell me of any shut-in person mentioned in the Bible? Ah, I see several hands raised! That is good. This little boy right here in front may tell me. Speak up good and loud, so that all may hear you, Johnnie. Who was it?"

CASTORIA For Infants and Children. The Kind You Have Always Bought

A writer in the Argonaut tells of the sister of Lord Houghton, who was frequently annoyed at the guests whom her brother brought to the house.

Do you remember, my dear, he asked her at dinner one day, whether that famous scoundrel X. was hanged or acquitted?

He must have been hanged, she replied, or you would have had him to dinner long ago.

A Sensible Merchant. Dear Friend, Aug. 26, 1902.

The Board of Education at Fort Cobb, Caddo county, Okla., has decreed that each teacher employed must sign an agreement that he or she will refrain during the school term from playing cards, dancing and attending amusements of a frivolous nature; that he or she will not receive or entertain company more than three nights each week, the nights being designated as Friday, Saturday and Sunday, and that he or she will not marry during the term.

After the Battle.

Sir Willrid came down like a wolf on the fold

And his candidates were screaming out promises old,

But the folly of these the public could see.

When Pugsley had promised to deepen the sea.

Like the leaves of the forest when Summer is green

That host with their boodle at sunrise was seen.

Like the leaves of the forest when Autumn hath blown

That host on the morrow lay withered and strown.

For the lovers of truth spread their voice on the blast

And weakened the tale of the grafters at last;

'Tho' the work of these grafters went on with a will

This hopes they had raised forever are still.

And there lay the Grits with their nostrils all wide

But through them there rolls not a breath of past pride;

And the foam of their gasping lay white on the turf

And cold as the spray on the rock-beating surf.

And there lay their heels distorted and pale

With cash in their pockets which came through the mail;

Now their camp fires are silent, their banners at stave.

Their lances uplifted, their trumpets unblown.

And the benches of Laurier are laid in their wall.

And their idols are broken like the Temple of Baal;

And the might of our Borden and his faithful word

Will make a great Canada with the help of the Lord.

So here's to Chief Borden who nobly did stand

For the rights of our country and old Motherland;

Good bye to Bill Fielding and all of that clan

They may now get a job from Bill Talt if they can.

—J. D. O'Connell, Sussex, N. B.

Confidence. WE BACK UP OUR STATEMENTS WITH OUR PERSONAL REPUTATION AND MONEY.

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than us less to attempt to cure constipation with cathartic drugs.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon.

Some Handy Hints.

To make jellies and blancmanges set quickly, place the moulds containing them in a bowl of water in which two teaspoonfuls each of salt and common washing soda have been dissolved.

To keep the hands cool when making pastry, wash them in water as hot as is bearable, and then rise in a strong solution of brine.

Sandwiches may be freshened by wrapping them in a clean cloth, sprinkled with hot water, and keeping them in a cool cellar till wanted.

Nerves Are Exhausted. And nervous prostration or paralysis is creeping steadily upon you.

You hear of people suddenly falling victims of nervous prostration or some form of paralysis. But when you get all the facts of the case you find that they have had months of years of warning.

They have neglected well. There has been frequent attacks of nervous headache. Digestion has failed. They have been irritable, easily worried and excited and have found memory and concentration failing.

Had they but known that these symptoms tell of exhausted nerves or had they realized their danger they would have restored the feeble, wasted nerves by use of such treatment as Dr. Chase's Nerve Food.

This great restorative treatment cures by forming new, rich blood and by rebuilding the wasted nerve cells. No medicine is more certain to prove of lasting benefit to the system.
