CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co. of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Offices:

IMPERIAL BUILDING, MONTREAL.

25 GREAT ST. HENRY'S, LONDON, E. C.

The Weekly Lumberman - Published every Wednesday, contains reliable and up-to-date reports of market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

The Monthly Lumberman - A 32-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, character sketches and portraits of leading lumbermen, etc. Its special articles on technical and mechanical subjects are especially valuable.

CURRENT TRADE CONDITIONS.

ONTARIO.

The better weather over the entire province has been of material benefit in all lines of business and in lumber in particular. The opening of navigation has facilitated the movement of stock; there has been resumption of work at the mills, and altogether greater activity is displayed. The rebuilding of the burned district in Toronto is under way, and this, with the increasing demand for houses and store property, promises to result in heavy building operations and a large consumption of lumber. The railways have been unable to move but a small portion of the sold lumber at the mills, and last week were compelled to refuse to accept lumber shipments owing to the great danger to the culverts and embankments caused by the spring freshets. While there is nothing approaching a lumber famine in Toronto, the supply is comparatively light and prices are held very firmly. The principal demand appears to be for cheap building lumber, as these grades in shipping condition have passed almost entirely out of first hands. Speaking provincially, the market is no more than holding its own. Buyers are waiting in the hope that manufacturers' prices may decline. In some quarters reports of a break in values are quite common, but investigation would indicate that such reports have emanated from sources where the wish has been father of the thought. The lists of the large mill men show absolutely no decline, nor are they willing to give
