

PROF. DORENWEND

America's
Greatest Wig Maker

Established 1868

Manager of **THE DORENWEND CO., Limited**, 103, 105 Yonge St., TORONTO, CAN.

From one end of the globe to the other the skill of our Prof. Dorenwend in the line of Human Hair Coverings is acknowledged to be supreme. We manufacture Wigs and Toupees for Ladies and Gents that are so artfully and naturally constructed that even by closest inspection nothing false whatever can be detected. Our Goods are made with the view of giving health, comfort and good appearance; older faces receive a refined and young expression; younger faces become more beautiful. Our Art Coverings are worn by thousands of ladies and gents in all parts of Canada, United States, and even in Europe some of the leading people adopt and wear our styles. The following cuts show a few of our Leading Sellers.

How to take Measures for Patterns.

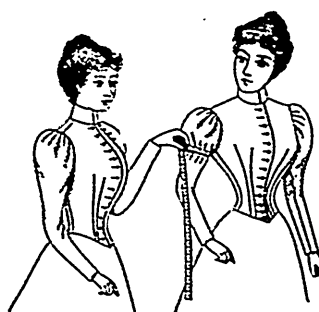

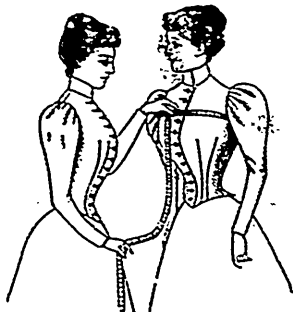

To Measure for a Lady's Basque or any Garment requiring a Bust Measure to be taken.—Put the measure around the body, over the dress, close under the arms, drawing it closely—*not too tight*.

To Measure for a Lady's Skirt or any Garment requiring a Waist Measure to be taken.—Put the measure around the waist, over the dress.

To Measure for a Lady's Sleeve.—Put the measure around the muscular part of the upper arm, about an inch below the lower part of the arm's eye, drawing the tape closely—*not too tight*.

To Measure for a Man's or Boy's Coat or Vest.—Put the measure around the body, under the jacket, close under the arms, drawing it closely—*not too tight*. In ordering for a boy, give the age also.

Take the MEASURES for MISSES' and LITTLE GIRLS' PATTERNS THE SAME as for LADIES'. In ordering, give the ages also.

To Measure for a Man's or Boy's Overcoat.—Measure around the breast, over the garment the coat is to be worn over. In ordering for a boy, give the age also.

To Measure for a Man's or Boy's Trousers.—Put the measure around the body, over the trousers at the waist, drawing it closely—*not too tight*. In ordering for a boy, give the age also.

To Measure for a Man's or Boy's Shirt.—For the size of the neck, measure the exact size where the neck-band encircles it, and allow one inch—thus, if the exact size be 14 inches, select a Pattern marked 15 inches. For the breast, put the measure around the body, over the vest, under the jacket or coat, close under the arms, drawing it closely—*not too tight*. In ordering a Boy's Shirt Pattern, give the age also.
