

New Gloves!

For good and sufficient reasons we bought a vastly larger stock of Gloves this Spring than ever before. Of course we bought to better advantage, and got better qualities for less money than we ever expected. And we're ready now to distribute the goods we bought so special.

Gloves are easily ordered by mail, and we expect thousands of orders from all over Canada. The rule we make of refunding money where goods are not entirely satisfactory applies equally to Gloves. If you haven't seen these particular qualities it's well worth your while to know them:
