

(2)

Such public commemoration of the happy conditions that have thus prevailed between Canada and the United States, with the resultant benefits to the two countries, will, it is hoped, also serve as an object-lesson to the world as to the influence of Peace upon human progress, and accelerate the arrival of the time when international differences may be settled, not by the arbitrament of the sword, but by appeals to international Courts of Justice.

The Society desires that every Canadian may have an opportunity of signing this petition and to that end hopes to be able to arrange for its general distribution throughout the country. But as the cost of this work will necessarily be very considerable, it would appeal to those who sympathize with the movement to send money contributions to the treasurer, Wm. Greenwood Brown, 24 King St. W., <sup>or to</sup> or to the secretary at headquarters, 88 College St.

Signed on behalf of the Society,

William Mulock,  
President.

C. S. Eby,  
Secretary.

Toronto, 10 Sept., 1909.

*I have put it in the hands of the printer & will forward - copies -  
Sir Wm Mulock thought it better to put this thro. first and deal with the World-petition afterwards - pardon sending this in haste - C. S. Eby*
