

Obstreperous, the great ~~and~~ into
 satellites, I need hardly
 say to seek with you
 in history such as ^{the} books, or
 present as ^{the} nature, to remind
 you of the truth that in all things
 great or small there is a
 central ^{something} round which, and
 attracted to ^{it} which all
 elements are kept in their
 proper places. The material
 Universe is held & kept in
 its perfection today by a center
 known as that of Gravitation,
 The Spiritual world looks
 for its guidance & light
 to ^{the} Eternal Three in One, The
 God invisible, manifested
