M. A. MACPHERSON, LL.B.
BARRISTER, SOLICITOR, NOTARY PUBLIC

410 WESTMAN CHAMBERS

REGINA, SASK.

#2.

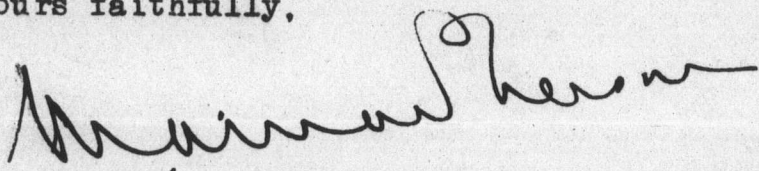

There is nothing allowed in the Legislature here for even the Leader of the opposition and according to my personal views, it would be an impossible position to be Leader and organizer at once.

I pledge myself quite definitely to do anything I possibly can for the interests of the Party, but thought that I should let you have this confidential letter so that you might see my real position and understand it. My first consideration must be my family and consequently I will have to see to it that my business is maintained.

I do not know of anyone in the Province who would take this job on, but I would most loyally support anyone who would take it on. Possibly during the first decent recess, someone might come from Ottawa to go into the situation here and endeavor to locate a man to assume this very necessary position.

Yours faithfully,

MAM:RB.
