

"A M Munday"

Character Witness

Sir:

Pte Hancock was in my platoon for a period of 3 months prior to going A.W.L. During that time I found him a willing worker but rather dispondent and more or less browned off. When we went to a bridge site, Hancock volunteered to replace one of the other drivers and deliver the wood to the bridge site. The ~~the~~ trip to Soldier but liquor and despondency do not help him.
