

for sea bathing ; however, the sheltered Gorge affords ample compensation.

The Union Club is a massive square brick building near the Empress Hotel, and close by is Belmont Building, on the roof of which is the "Time Ball" regulated from Observatory, Gonzales Heights. The ball is raised halfway at 12.45 p.m., to the top at 12.55, and dropped at 1 p.m. daily. Following Belleville Street past the pretty C.P.R. Ticket Office, you often see behind the store sheds camps of Indians who are waiting for boats to take them up the Island on their return home after harvesting, etc. A little further, on the left, is the W. J. Pendray residence, with its front garden filled with clipped trees in various quaint designs. Turning to the right down Montreal Street you unexpectedly come on some quite countrified roads, leading into the commencement of Dallas Road which, with its detached picturesque houses, can boast of being as fine and pretty a sea-front as can be desired, the well laid road being ideal for motorists.
