THE FARMER'S ADVOCATE.

33

DRADER'S SPADE HARROW

STOCK GOSSIP.

In writing to advertisers please mention the Farmer's Advocate.

Farmer's Advocate. We repret that we are compelled to lay over a large number of stock notes. These will all appear in our next issue. In a recent letter Mr. H. H. Scencer, Brooklin, Ont., says :--'' My Shorthorns, which are all of the Isabella family, are doing excercingly well. I have some grand young bulls, all of which are got by the H·n. Mr. Drycen's stock bull. My Berkshires, which I advertised in the last issue of the ADVOCATE, are a particularly good lot "We have frequently seen Mr. Spencer's Shorthorns and Herksbires and can recommend them to intending purchasers. He has a rumber of (lydesdales Shorthorns and Berk-shires now for sale at pupular prices.

American Stallion Show.

At the meeting of horse men held in Chicago, Nov. 20. 1804, in convection with the lives fock committee of eighteen appointed to consider matters of general interest to the exhibitors of stock at the World's Fair of 1893, the proposition of holding a Spring Stallion Show was discussed. There was an u animous sentiment favoring such an exhibition, and a meeting was called at the Grand Pacific Hotel for the purpose of imagurating the enterprise. Hon. S. A. Browne, of Kalamazoo, Michigan, was made Chaffman of the meeting, and Col.Charles F. Mills, of Springfield, Illinois, was elected Score-tary.

F. Mills, of Springfield, Illinois, was elected ocore-tary. The horsemen present canvasses the advantages of such an exhibition, and the following resolutions were adopted as expressive of the views of the breeders and importers present. Whereas: The profit in preeding horses largely depends upon the advantages enjoyed for selling stock at an advance over the cost of production, and Whereas: The demand for stallions of approved breeding and individual excellence of the various breeds of horses largely exceeds the present supply, and

whereas: The development of the commercial industries and the rapid extension of the vast farm-ing interests of this country will make a correspond-ing increase in the future demand for 400d horses,

and Whereas: The great majority of breeders of stallious lack the necessary facilities for meeting purchasers and making advantageous, sales at the season when stallions are generally selected, and Whereas: The interest of breeders of stallions and parties desiring to purchase the same can be greatly promoted by the establishment of a Spring Stallion Show, that will bring such parties and the stock together at some accessible point, therefore be it Resolved: That the breeders and the

be it Resolved: That the breeders and importers of horses here assembled favor the establishment of an organization to be known as the American Stallion Show, and invite breeders of the recognized breeds of stock to become members of the Association.

of stock to become members of the Association. Recoived: That each of the Associations engaged in the publication of stud books for the improved and distinct breeds of horses be requested to desig-nate a representative breeder, making a speciality of the breeding of such stock, to serve on the Advis-ory Committee of the Association. Resolved: That the Persident and Secretary of the Stud Book Association referred to above should, in the opinion of the meeting, be appointed Super-intendent and Clerk to take charge of and make full report relating to the exhibits of the Streeds re-presented by their respective organizations. Resolved: That the judges appointed to pass upon the various improved breeds of horses exhibited at the American Stallion show should be selected by the official board of the respective Stud Book Asso-ciations.

The Greatest Pulverizer and Cultivator Ever Made.

The Spades are set two inches apart and have 168 sharp cutting edges, which literally chop the ground into a fine soil. The bearings are all hung on pivots, and will swing perfectly free no matter what position into a fine soil. The boxes keep out the dirt, and each has a covered oil cup. By means of the Evener the Harrow is in. The boxes keep out the dirt, and each has a covered oil cup. By means of the Evener the Harrow is in. The boxes keep out the dirt, and each has a covered oil cup. By means of the Evener the Harrow is in. The boxes keep out the dirt, and each has a covered oil cup. By means of the Evener the make the machine work level over any kind of ground. The Disk Harrow widges the ground; the Spades make the machine work level over any kind of ground. The Disk Harrow ridges the ground; the Spades in sticky ground; all other rotary harrows will. N. B. We also manufacture Drader's Solid Disk Harrow. Peck's Patent I X L Windmill, the cele-brated Wortman & Ward Hay Forks and Sheaf Lifters, Chamber's Patent Hay and Grain Sling, Cistern, Well, Force and Windmill Pumps, Grain Grinders, and the popular Revolving Barrel Churn. Sold in Manitoba and the Northwest by Wm. Jonnston, Brandon, Manitoba, and in the Province of Quebec by R. J. Latimer, Montreal, Que. Send for Descriptive Circulars and Prices.
