AN INCUBATOR WITHOUT CASH

Until October, 1904

There is money in chickens—big money. The farmer who overlooks this branch of his business is neglecting one of the greatest profit-producing departments of his farm.

You cannot make money in the poultry business without an incubator and brooder. You might as well depend on a cyclone to move your house and set it where you want it as depend on a hen to raise chickens for the market.

Choosing the best incubator is the problem. With makers claiming so much for their machines you are left in a quandary. We settle all questions by the most liberal offer ever made.

We will give you a chance of raising poultry under the best conditions, without the outlay of one cent until October, 1904.

We will send you—freight prepaid by us—

Chatham Incubator and Brooder

and leave it with you until October, 1904, without any cash from you.

Give it a thorough test, make money out of it—the more you make the better pleased we shall be. When October, 1904, arrives you should have made sufficient profits to pay for this incubator several times over.

There is no string to this offer. It is open and free. We make it to show our supreme confidence in the Chatham Incubator and Brooder. We want everyone who desires to raise poultry for profit to accept it.

We want you to fill out the coupon in the lower right-hand corner of this Ad. and mail it to us—or send us a postal card with your name and address. We will then give you full particulars. Write to-day.

We depend on every machine we put out to advertise itself in your neighborhood—we know it will prove such a good profit-producer for you that you will be pleased to tell your neighbors about it.

Remember, we do not ask you for one cent of cash until October, 1904. Don't delay. Send the coupon or postal card for particulars to-day.
