## Gossip.

The Canadian Mounted Police have seized 2,500 sheep, belonging to Montana ranchmen, and are holding them for double duty, says a Helena despatch. The duty amounts to \$3,100. Owing to better range conditions across the line, the sheepmen, it is presumed, have let stock stray beyond the international border. The police learned of this, have increased their force, and are preparing for still further seizures.

During the period from June 8th to 17th, 1905, records of 52 Holstein-Friesian cows were confirmed; two of which were begun more than eight months after freshening. All made seven-day records, and one a twenty-day record. The averages by ages were as follows: Six full-age cows averaged: age, 7 years 3 days; days from calving, 42; milk, 442.7 lbs., quality 3.16 per cent. fat; fat, 13.988 lbs. Seven four-year-olds averaged: age, 4 years 2 months 18 days; days from calving, 12; milk, 418.8 lbs., quality 3.46 per cent. fat; fat, 14.507 lbs. Ten three-year-olds averaged: age, 3 years 4 months 9 days; days from calving, 36; milk, 384.8 lbs., quality 3.31 per cent. fat; fat, 12.746 lbs. Twenty-seven two-year-olds averaged: age, 2 years 2 months 14 days; days from calving, 30; milk, 297.7 lbs., quality 3.39 per cent. fat; fat, 10.106 lbs. The good work done by the two-year-old class is specially noteworthy; one heifer, two years and six days old at time of calving, having produced 13.187 lbs. fat from 379.1 lbs. milk. A second heifer, calving at the age of 2 years 1 month 16 days, produced 12.588 lbs. fat from 382.9 lbs. milk. A third heifer, calving at the age of 2 years 5 months 29 days, produced 12.514 lbs. fat from 327.2 lbs. milk. These three heifers, calving at an average age of 2 years 2 months 20 days, the record beginning an average of 31 days after freshening, produced in seven consecutive days an average of 12.746 lbs. fat from 363.1 lbs. milk. These heifers are owned in three different states.—M. H. Gardner, Supt. Advanced Registry.

## IMPORTATION OF SHEEP.

In anticipation of a continued demand for pure-bred sheep for breeding purposes, Canadian breeders have been placing orders with English breeders for considerable numbers. Messrs. Alfred Mansell & Co., the well-known live-stock exporters of Shrewsbury, recently shipped, per S.S. Tritonia, of the Donaldson line, from Glasgow, a large and valuable consignment of Shropshire, Southdown, Hampshire, Cotswold and Border Leicester sheep and other stock on account of several Canadian and American flockmasters, including Mr. Robert Miller, Hon. W. C. Edwards, Messrs. Lloyd-Jones Bros., Mr. J. Kivlin, Mr. G. Telfer, and Mr. Frank. The Shropshires included Mr. Minton's first-prize ewe lambs at Park Royal, Mr. Nock's Royal-winning ewe lambs, Mr. R. P. Cooper's winning shearing ewes, Mr. John Harding's Royal-winning ram lambs, Sir Walter Corbett's prize-winning shearing ewes, Mr. John Harding's highly commended shearing ram at Park Royal, third at Park Royal, and second at the S. & W. M. Show as a lamb, Mr. J. E. Harding's prize ram and ewe lambs. The Cotswolds comprised two of Mr. Garne's first-prize ram lambs at Park Royal, Mr. Garne's Royal-winning shearing ewes, a choice pen of ewe lambs from the same flock, and several shearing rams, including one or two of special merit. The Southdowns were from Mr. Adeane's noted flock, and Mr. W. S. Ferguson supplied the Border Leicester ram.

## PROGRAMME OF SHORT COURSES AT THE O. A. C.

Just to hand, a special announcement of the Ontario Agricultural College, Guelph, giving particulars of the various special short courses offered by the college for farmers and dairymen who may be interested in the work of the college, but do not see their way clear to take either the two or the four-year regular course. There are four of these special courses in dairying, one in stock and grain judging, and one in poultry-raising. The above mentioned booklet, setting forth the programmes with illustrations, dates and particulars, may be obtained by addressing President G. C. Creelman, O. A. C., Guelph, Ont.
