

MATTHEWS' Garden Seed Drill

THE BEST IN USE.

It sows all kinds of Vegetable Seeds with certainty and regularly, and is used by leading seed growers and market gardeners everywhere. Wm. Evans, Esq., the well known seedsman of Montreal, Canada, says:—"The Matthews' Garden Seed Drill has given great satisfaction to my customers. They are now in general use with the market gardeners and farmers in the vicinity of this city, who find them indispensable in planting their small vegetable seeds, such as onion, carrot, beet, turnip, &c." Manufactured only by

EVERETT & SMALL,
Boston, Mass., U.S.

HAMILTON BRIDGE & TOOL CO'Y,

HAMILTON, ONTARIO.

IRON HIGHWAY BRIDGES

Iron Roofs and all kinds of Iron Lattice & Girder Work.

TESTIMONIAL—"It is with great pleasure I state that the bridge built by the Hamilton Bridge and Tool Company over the River Nith, on the 12th concession of this Township, is a first-class structure in every respect, and has not only given satisfaction to the Municipal Council of this Township, but, as far as I have heard, has been admired by all (and they have been many) who have seen it, and I have no hesitation in recommending all who contemplate building Iron Bridges, if possible, to view this bridge; and I feel assured that, if they do so, they will patronize the Hamilton Bridge and Tool Company in preference to foreign companies, thus retaining the money in the country and giving employment to our own people. Yours, etc., JEREMIAH COWAN, Reeve of Blenheim, Co. of Oxford.
