

Electricity dispels gloom, because it vitalizes the blood, and strengthens the red corpuscles, from which the human body draws its energy and activity. If a man's blood is impure he feels low-spirited and depressed; all the world seems to be against him, and everything seems to go wrong in business, in love, and in play. He becomes morose and taciturn, and by degrees so ill that disease gets a firm hold of him at last, and brings him to an untimely end.

Dr. Macdonald's Electric Belt

will arrest and prevent disease, or cure it if it has already declared itself. If you lack energy, vitality, power; if you suffer from loss of appetite, sleeplessness, nervous disorders peculiar to either sex, or pains in the back, head or kidneys, get this wonderful belt at once; the most modern electric treatment known.

FREE TRIAL FOR NINETY DAYS.

Not a penny down, simply drop me a postal with your name, and I will forward to any responsible person, at once, one of my latest Improved High-Grade Electric Belts Free. You can use it three months, then pay me if cured, and the price will be only half what others ask for their inferior belts. If not cured, you return the Belt to me at my expense and Your Word Will Decide. I am willing to trust you entirely, knowing that I have the best and most perfect Belt ever invented, and nine men in ten always pay when cured.

I WILL TRUST YOU.
This modern Belt is the only one that generates a powerful therapeutic current of electricity without soaking the battery in vinegar as all other belts do, and it is guaranteed never to burn. It is a certain and positive cure in all cases of Rheumatism, Varicocele, Dyspepsia, Losses, Weak Back, Nervousness, Kidney, Liver and Stomach Troubles and weakness brought on by abuse and excess.

I WILL GIVE FREE
to each person writing me one copy of my beautiful illustrated Medical Book, which should be read by all men and women. Drop me a postal and I will send it to you FREE in sealed wrapper. If you are weak in any way, delay no longer, but write to-day for my splendid book and Belt free. Write to-day.

DR. J. Q. MACDONALD, 8 Bleury St., Montreal, Que.

TRADE NOTES.

The SOUL OF A PIANO.—Clear spruce selected by an expert, culled and reculled by a man who knows lumber when he sees it, is used for the sounding boards of the Gourlay Pianos. That is why the tone is so delicious, for the sounding board is the soul of the instrument and the test of good workmanship. Too often even in pianos of standard make no care is taken in the selection of the wood, and, therefore, all the finer vibrations are lost. The method adopted by the firm of Gourlay, Winter and Leeming is an expensive one, but its worth has been proven in every instrument they have turned out.

GOOD FARM TOOLS.—The value of tools calculated to save time, labor and energy on the farm can hardly be overestimated. Just as the self-binder has superseded the hand-sickle as a harvesting machine, Planet Jr. tools take the place of the hand hoe and hand methods of planting and cultivating. With these admirable tools time is saved, better work done, more of it, and the fact that work can be hurried at critical moments beyond the use of the ordinary implements, their value on the farm or in the garden will be all the more appreciated by the progressive agriculturist.

The No. 4 Planet Jr. Combined Drill and the capable of a large variety of uses, as it will make the furrow, drop the seed mark rows, roll down, and is extremely valuable as a land cultivator for all times of the year on any crop. Every reader should secure the Planet Jr. illustrated catalogue for 1905, showing the No. 4 and many other valuable hand and horse labor-saving farm implements. This book will be of much interest to every man or woman who tills the soil for pleasure or profit. It may be had by sending a postal card to S. L. Allen & Co., Box 1108 F., Philadelphia, Pa.

GOSSIP.

The Copenhagen creamery, late of Austin, is now in operation at MacGregor, Man., under the superintendence of W. B. Gilroy.

OF SPECIAL INTEREST.

It is advisable when spending money for seeds of any kind, either for garden or field, to insist upon fresh seed which has been specially tested for the rigors of our Western climate. It only stands to reason that larger results in actual crops will be yielded from seeds which are freshly grown, tested and cleaned by The Steele, Briggs Seed Company, Ltd., who have the reputation of thirty years' success and quality at stake, than from cheap, inferior, and mixed seed, which may be picked up haphazard. The Steele, Briggs Seed Company, Ltd., from their Western Branch at Winnipeg, make a specialty of "Selected Western Seeds, The Kind That Grow."

WINNIPEG BOARD OF TRADE AND HAY GRADING.

The general committee of the board on hay reported recommending that the board ask the Department of Trade and Commerce at Ottawa to secure legislation defining standards for hay for the inspection in Manitoba. The following is the schedule proposed:

- No. 1 upland hay shall be red-top or peavine hay, of bright color, dry, well cured, sweet and sound.
- No. 1 upland hay shall be upland or red-top, and may contain one-quarter midland, peavine or wild vetch; all dry, well cured, of good color, reasonably free from weeds and sound.
- No. 2 prairie upland hay shall be upland of fair color or midland of good color, all dry, well cured, sweet, sound, and reasonably free from weeds.
- No. 1 mixed prairie hay shall be midland of fair color, or slough or Scotch grass of good color, dry, not caked or in a heating condition.
- No grade hay that is damp, or otherwise unfit for storage, shall be entered on the inspecting officer's books as "No grade," with his notations as to quality and condition.
- Rejected hay shall consist of hay containing fextail or spear-grass, or hay heated or otherwise damaged, and shall include all hay not good enough for other grades.

Fistula and Poll Evil

Do yourself what horse doctors charge big prices for trying to do. Cure Fistula or Poll Evil in 16 to 30 days.
