

The Day of His Going.

Kodak pictures in thousands of homes, are keeping the family history of the great war. Pictures of the brother, the husband, or the son as he proudly marches away and then, trained and hardened, as he returns on furlough, and his pictures of the ones at home, all go to make up an intimate story of the war that will be handed down in the family history.

Let Kodak keep the story and the dates.

After you have taken the pictures let us do the finishing for you. Then you are assured that you will get the best possible picture of every exposure.

Our prices are reasonable.

ADDITIONAL LOCALS.

Mr. and Mrs. Schwab of Kitchener are visiting relatives here.

It is expected that the results of the Entrance Examinations will be announced next week.

The wheat crop of India is estimated at 387,000,000 bushels. Eighty million bushels will be available for exportation.

Those who can get coal will learn with amazement that the U. S. production of bituminous coal is increasing, and is now 12,000,000 tons weekly.

If you have a son or a friend in the W.O.R. at London, send him a copy of the local paper. It will help him to keep from getting homesick.

A sad drowning accident occurred at Paisley on Saturday afternoon, the victim being Gordon Bailey, the only son of Mrs. Joseph Bailey. Gordon, who was a bright lad of 10 years, was bathing in the swimming pond near the Saugeen bridge and got beyond his depth.

Nineteen persons out of 24 were arrested at Kitchener by the Dominion Police on Saturday night and on Sunday and were fined in the Police Court this afternoon by Magistrate Weir for failing to carry their exemption papers with them when accosted by the officers. A young teamster who resisted arrest was assessed \$30 in addition to the \$5 fine, and a young Italian was sent to London for further examination.

Acres of sugar beets at Duart, Ont., are being turned under and planted in beans and other crops. The beets promised a fine yield earlier in the spring, but, owing to the grub worms which are very numerous in many fields, having created havoc among the tender plants, it has become unprofitable to cultivate and mature them.

The season has arrived when babies begin to drink fly poison and roll in sticky fly paper, in intervals of falling into carelessly placed tubs of water. Families with babies have no business using fly-poison. Little legs are active, little hands reach for everything and little mouths think the world was made to taste. Fly traps and sticky paper are safe, and they will do as much as poison in eradicating flies. The baby who knocks down a fly trap does no damage, if he experiments with the sticky paper he is only fit for the bath tub. But the baby who drinks fly poison seldom lives to profit by the experience.

A Comedy of Errors.

The fire marshall of the State of Wisconsin has issued a bulletin which he terms a "Comedy of Errors." It should have been called a tragedy. It says:—

He looked for a gas leak with a match and found it.

He lighted a match to see if his gasoline tank was empty. It was not.

He smoked while filling his auto tank but will do so no more.

He smoked in bed, so did the bed-clothes.

He threw the matches into the waste paper basket. He is wiser now.

He threw a cigarette stub into some rubbish.

He saved his oily waste and oily rags and they burned his shop.

He washed his hands in gasoline near the stove, the doctor washes them now.

He did not worry about fires as he had "plenty of insurance," and forgot the safety of his wife and children upstairs.

He stuffed up the chimney holes with paper and rags.

She cleaned her gloves with gasoline and saved fifteen cents, but paid the doctor and druggist fifteen dollars.

She poured kerosene into the lamp while the wick was burning.

She put gasoline into the wash boiler on the stove to make washing easier.

She dried clothes too near the stove.

She used the wrong oil can.

She burned sulphur all over the house to fumigate.

She used the wood-box back of the range as a waste paper receptacle.

She gave matches to her children to go out to burn leaves in the yard. The cotton dresses burned easier than the leaves.
