

Sad Story of Night Life in Town of Lindsay

Lindsay, Mar. 20.—A revolting story of night life in Lindsay has been revealed, and the details are so pathetic and so serious as to call for prompt and vigorous action on the part of the authorities.

The story has to do with the treatment which has been accorded a girl fourteen years of age with wayward tendencies at the hands of monsters in human form, who have taken advantage of her youth and her moral weakness, and have subjected her to indignities of a most disgusting character.

The most astonishing thing in connection with this case is the fact that our night authorities have been aware of the waywardness of this girl and her presence on the streets at night in the company of well known young scoundrels who delight in preying upon unfortunate females. Yet no steps were taken, or to see that she was safely in her home. On one evening a room was secured for her at a late hour in a hotel; another night she was seen in a laneway on William street, and also in a lumber yard in the East Ward. The saddest incident in connection with her downward career occurred on Saturday night, when she was taken by a young man to the G.T.R. yards, where she was most shamefully treated by a number of men, two of whom are married. The Post has been informed that the names of the men who violated her had been given by the father of the girl to the night constable, but no action was taken to have these parties brought to justice.

When the matter was mentioned to Chief Short this morning he was surprised at the recital of the details, and stated that no information had been given him regarding the young girl. A citizen called up the Crown Attorney this morning, and that official gave his assurance that prompt action would be taken in the matter—that the young girl would be taken care of, and that every effort would be made to bring the guilty ones to justice.

That such an incident could occur in a Christian community without those conversant with the facts making an effort to reclaim this mere child is almost unbelievable. Still it is a sad fact that this girl of tender years—years at which one of her sex is not in a position to realize what the great sacrifice means—should be a subject for the bestiality of local degenerates is a blot on the town.—Lindsay Post.

Market Prices on the Slide

Eggs and Butter Drop—Maple Syrup Has Reached 75c Quart.

Maple syrup was on the market today for the first time this season. There was only one seller of the rich juice and the price asked was 75c per quart. Last year syrup sold at 60c. The sap ran well a couple of days this week.

Potatoes were more plentiful today. They sold uniformly at 45c per bag.

Egg prices broke today very badly. Starting in at 60c they tumbled to 55c and then to 50c. The offerings were quite numerous.

Butter was also on the landslide, dropping from 70c to 65c and then some.

Chickens sold at 33c and upwards per pair.

Hogs are a little higher at 19.25. Beef brings 17c hindquarters wholesale. Veal dressed is quoted at 25c wholesale.

Apples brought 75c per peck today.

Baled hay is quoted at 23.00 to 25.00 per ton and loose at 23.00 to 24.00.

The hide market is unchanged.

The inside market was as good as any day this year, the outer being fairly small.

38TH ANNIVERSARY OF CITY MISSION

Was Fittingly Observed by Tea to Scholars—An Enjoyable Program.

The 38th anniversary of the founding of the City Mission, Dundas St., was celebrated in a very happy and fitting manner last evening. At 6.30 a free tea was served to the scholars of the S.S. at which fifty scholars sat down to a delightful tea served by the teachers. The interim from the tea to the beginning of the program proper was delightfully spent by the scholars in having a sing song and listening to story telling by Miss Templeton, who was the centre of an admiring and listening group of bright-eyed boys and girls.

At 8 o'clock the chair was taken by Mr. F. S. Deacon, the meeting opening with singing, and prayer and scripture reading by Rev. Mr. Wallace of the Baptist Church. Congregational singing and two solos by Mr. E. A. Ridley constituted the early part of the programme, after which reports of the work were given by the following officers of the mission:

Treasurer's report—Mr. C. Elvins.

Sewing school report—Miss Templeton.

Secretary-Treasurer's report of S.S.—Miss Reeves.

Mothers' meeting report — Mrs. (Capt.) Smith.

A few remarks by Mr. Clapp, in which he voiced the gratitude of the workers and Mrs. Schuster to the "Ontario" and "Intelligencer" for their kindness in inserting notices without charge during the past years and the Hydro Electric also came in for special gratitude for furnishing us electric light free for many years.

Rev. Mr. Kerr of St. Andrew's, gave the address of the evening and his wholesome and kindly remarks were listened to by all, even by the very smallest with the most earnest attention, and he proved last evening that he not only possesses the faculty of enlisting the attention of older persons, but even the very youngest as well. Those who heard him last evening will, we trust, not soon forget his remarks.

A solo by Mr. Ridley and the benediction by Rev. Mr. Kerr brought the anniversary to a close at 9.30.

Owing to the illness of Miss Peake, the librarian, no report of the library was given.

This work which began forty years ago by the late Rev. Mr. Schuster and Mrs. Schuster has continued all these years and Mrs. Schuster during these later years has been surrounded by a faithful corps of workers.

We might add that we noticed in all the reports, each department closed the year with a surplus. The churches of our city might well emulate this excellent example. No debts are contracted, everything being paid for as needed. The history of the founding of the mission is interesting reading and too long to insert in this short notice but the words of the inscription on the tablets over the entrance may be quoted: "Asked of God April 16, 1882. Received of God Dec. 30, 1882. We commend this important work to the interest of our readers."

During the counting of the ballots, Comrade E. D. O'Flynn, the new president addressed the convention.

"The finest and greatest honor that could have been done me," he said. "If you have any complaints come straight to me. It's the back-door talk that does the harm. We are going to be the greatest power in Canada."

Col. O'Flynn was first vice president of the Ontario Command during the year just closed.

The signal honor shown, Comrade O'Flynn is a token of the confidence the G.W.V.A. possesses in this gallant officer.

The power was off on Sunday for most of the day on account of some changes that were being made at the power house. We understand that it was impossible to get men at any other time and the commissioners had to take them when they could come. Some inconvenience was occasioned in the churches whose organs are run by electric power.

The spring freshet reveals the fact that certain parts of the town are in bad need of draining and also that some of the old drains have been silted up. If the council were to pay some attention to providing a way for the getting rid of the surface water it would not only be a great benefit to residents in the locality drained but to the town generally as it would improve the condition of the streets.—Campbellford Herald.

OVER FORTY YEARS GUARD

JOHN KENNEDY, OF PENITENTIARY STAFF, RETIRING

His Record is a Remarkable One—Will Receive a Gratuity of About Four Thousand Dollars.

Kingston, Mar. 20.—John Kennedy, for more than forty years a guard at the Portsmouth penitentiary, and for the past two or three years chief night watchman, was on Wednesday granted three weeks' leave of absence, at the end of which he retired under the age limitation. Mr. Kennedy is sixty-seven years of age and his life was spent in the service of the Portsmouth penitentiary, where he was regarded as a highly efficient and faithful official.

He has in his possession a letter from W. S. Hughes, superintendent of penitentiaries, in which his service is fully recognized. Mr. Kennedy was exemplary in his conduct, courteous to his superiors, was never late for duty and never lost time through illness, an unprecedented record in the history of that institution.

While this worthy official does not participate in the benefits of a pension fund that would support him in his old age when his powers of earning a livelihood have deserted him, he is not likely to go entirely without something to support him until he is able to find a new occupation. He will receive a sum of money calculated on the salary he was last receiving and the length of his service, estimated to be about \$4,000.

She's up and at Her Work Again

THAT'S WHY MRS. KARGUS RECOMMENDS DODD'S KIDNEY PILLS.

Lynedoch Lady states that she was so weak she could not get out of bed till she found relief in Dodd's Kidney Pills.

Lynedoch via Wolfe, Ont. Mar. 22. (Special).—"I feel like telling everybody about what Dodd's Kidney Pills did for me." This is the joyful exclamation of Mrs. Frank Kargus, a well known and highly respected resident here. Mrs. Kargus gives splendid reasons why she is so enthusiastic over Dodd's Kidney Pills.

"I don't know the cause of my trouble," she says, "but I know it dragged along for over a year. I had a bad pain in my back and I was so weak that I could not get out of bed. My heart troubled me very much and my sleep was broken and unrefreshing."

"I was always tired and nervous and sometimes I was so bad I thought I could not live much longer. I tried two doctors and they did not do me much good so I tried Dodd's Kidney Pills."

"They have done me a lot of good. I can do my housework again and I am getting along fine."

Mrs. Kargus troubles are all symptoms of diseased kidneys. That's why she got such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not relieve all kidney ills.
