LISTOWEL HIGH SCHOOL.
The Listowel High School will be re-opened

On Monday, 5th September.
With the classes will be re-organized for the work of the session. The Head Master, Mr. McCallum, M. A., will give special attention to the preparation of pupils for the Inter-Colonial Examination. His Lordship was met at the railway station by a posse of priests and others in carriages, and escorted to the scene of action.

After the usual routine of service, and a promise to be present at the opening of the chapel, His Lordship took the 2.40 p. m. train for home. A large crowd witnessed the ceremony.

Special preparations have been made by our produce dealers for a good fall and winter's grain and stock trade. We have the best wheat in the country. Guelph stone accepted.

Buying lambs must pay handsomely in this country. The Registrar of the county of Dufferin has been in the business in this vicinity all the season. Wonder how the "Duffers" like to know to this state of things. Their best men were overlooked in the appointment of the county. The prominent reformers in Mr. McKim's own constituency, hence a bad feeling has arisen in the breasts of those who "got left" as it were.

Harvest is over, and the crops prove very good. A number of team threshers have been at work in Peel and Maryboro since the grain became fit for threshing, and the yield has been satisfactory.

The stone butternut for the new railway bridge are being built, and the contract for filling up the bridge to the bed of the river has just been let to St. Catherine's contractor. This is a

heavier job than would at first be supposed. The filling in alone is estimated to take 100 men and 30 horses a whole year.—**COM.**
