## F. P. U. and U. T. C. Motor Engines For Sale

We have in stock a few

### F.P.U. (4 h.p.) and U.T.C. (6 h.p.) Motor Engines

Those Engines are 2 Cycle, made by Fraser. We sold scores of those Engines last year which gave splendid satisfaction. Those now in stock are fitted with Brass Kero Oil Adapters, and Carburetors with all fittings for running. They are the same make as the Engine installed in the F.P.U. Motor Boat and work splendidly with kerosene oil fuel.

We have no large stock of those Engines and will not again handle 2 Cycle Engines, having decided to sell only 4 Cycle Engines after our present stock of Fraser's is sold. These Engines are new; not second hand Engines. Union members can secure them at last year's prices and terms. Send along your order promptly.

## SOME CHALLENGE!

TIME TRIED **CAILLE PERFECTION** STORM TESTED

Photograph of Actual Test.

The Trouble-Proof Engine.  
PERFECTION WATERPROOF IGNITION SYSTEM.

No Coils—No Batteries—No Timer

Only One Wire on the Whole System.  
The only safe equipment for boats that must be used every day.

No danger of your engine stopping if caught in a storm.

Advantages of Perfection Igniter.

No batteries, no coil to need adjusting, no complicated wiring, no variation in current, no adjustment, not affected by water, makes an easy starting engine. Runs in either direction. Spark does not depend on speed of engine. Simple and durable.

Test shown in photograph was made to prove that "Perfection" Igniter is absolutely waterproof. We challenge any engine manufacturer in the world to produce an engine with an ignition system that will stand a similar test. Every part of the ignition system was submerged in water and engine continued to run, showed the same power and speed as when running perfectly dry, proving beyond any doubt our claim AN ABSOLUTE WATERPROOF IGNITION SYSTEM.

## Footprints on the Sands of Time

(Editor Mail and Advocate)  
Dear Sir,—Just a few lines concerning the Kean-Bowring matter. We are doing pretty well this way to help Kean to stay ashore this spring, and not only this spring, but to make up his mind to give it up altogether and let better men prosecute the seal fishery. Uncle Abe is getting too old for that job now. Isn't there anything that he could do about town that would be harmless? Lecturing for instance, on the "Motives of Great Men." I should think that would be a fine job for him, and he would not be likely to cause as much sorrow and suffering as at the other job. I wonder if, before he gave that lecture, he read the little verse—  
"Lives of great men all remind us  
We can make our lives sublime,  
And departing, leave behind us  
Footprints on the sands of time."  
He is making his footprints all right and they will be seen long after he has passed in his cheques. When a man is not able to run a job with credit to himself and his employers, I think it is high time for him to give it up and let someone else have a try. Now, sir, if you have any more petitions to be signed, send them along or let us know when you want anything else done to help him to stay ashore, and we will be there every time.

Before it close I would like to say a word about the Mail and Advocate. Do you notice the twaddle they put in the other dailies about the noise you are making and the injury your paper is doing? Keep it up, Mr. Editor, and if possible make it a little bit harder every day. Give Munn, Bowring & Kean their medicine and let it be strong, hot and bitter, and if they don't like it, let them comply with the request of the F.P.U. and be honorable men once more.  
Now, Northern men, don't mind "Lady Observer" from Cole's Point. Ladies are queer things these days. I can tell you that all the ladies of Conception Bay are not of her type. They have more sympathy with their poor, bereaved Northern sisters than that; but there is an odd one like that in every place and it really cannot be helped. Now, Mr. Editor, give them the same peace that Jehu gave Jezebel and when this fight is over, we will be able to handle all such people as "Lady Observer."  
Wishing you every success and praying that you may be given the language to use in your paper so that all your enemies will not be able to galsay or resist.  
FLEECE 'EM.

## Spaniard's Bay Has the Right Spirit

(Editor Mail and Advocate)  
Dear Sir,—Will you kindly allow me space to say a few words in reference to the Spaniard's Bay Convention. First I must congratulate you upon the stand which you have taken in reference to the Kean matter and assure you that we stand shoulder to shoulder, as one man, in our efforts to uphold you in your efforts. We would like to let Kean and Bowring know that Spaniard's Bay men have the right kind of blood in them and that they will stand by President Coaker in this fight.  
The people are asking why you did not make your meeting here a public one, as they all wanted to hear you speak. They are tired of old Kaiser Morris, who six years ago occupied the chair here, and said to the people

"Elect me to the House of Assembly and I will run the country in such a way that we will not know bad times, for we will open up branch railroads to different parts of the Island, and further than that, we shall have our fish done up in small packages and sent away to other countries to make quick sale of it," and then, after he had climbed to the top of the ladder, when the country was in one of its greatest times of need, fled to America. It is high time for the Government to make some provision whereby the poor people can earn an honest loaf. I must close my letter by wishing you and the Union every success.

### STEBAURMAN'S OINTMENT

To Whom it may Concern:—  
I was a great sufferer for months with "Cancer" and during that time was treated by no less than six doctors; all failed to do me any good. I was advised to enter the General Hospital for treatment, and after spending one month there it was found that nothing could possibly be done for me, and I was suffering from Cancer on the liver, and was therefore discharged incurable.  
I felt I could not live much longer in such a week and painful state. My husband learned that Mr. Stebaurman was successful in curing "Cancer," advised me to try him, which I did with the result that I am perfectly cured of this dreadful disease, and I feel it is my duty to let all (sufferers particularly of this ailment) know, so that they may before it is too late, embrace the opportunity, and be restored to their former health.  
Any persons doubting this statement may call at my home, 77 Flower Hill, where I shall be only too pleased to verify or give any further information necessary.  
Words fail to express my gratitude to Mr. Stebaurman.  
Yours faithfully,  
MRS. JAMES BARRETT
