**Hospital for Sick Children**  
COLLEGE ST., TORONTO.

Dear Mr. Editor,—  
Realizing that the trend of public opinion is swinging more and more towards the equalization of the burdens which each citizen of Canada must bear, that the helping of those who are unable to help themselves occupies a much larger place in our minds, may I draw your attention to the fact that this Hospital is accomplishing great things in a field that is untouched by any other organization.

Little children from all parts of the Province, irrespective of class or creed, children who are sick and unaided, come here and are made strong and healthy. Is not this itself a wonderful work?  
The service and the duty of the Hospital is far-reaching. As well as personal attention, both surgical and medical, for all the tiny patients, doctors and nurses are also trained to extend the mission of healing to the uttermost parts of the Province.

The entire function of the Hospital must commend itself to you and your readers. It is a CHILWELFARE work well deserving of the support of your subscribers.  
Of late a new and important factor has added to the responsibilities which the Hospital must assume. You have noticed, no doubt, the alarming increase in the number of motor accidents throughout the Province in the majority of which little children are the chief sufferers. Many of them are little waifs of the poorer sections where the streets are the only playgrounds.

Here are the Average day's figures for 1922 attendance:

Cot patients ..... 256  
Out-patients ..... 199

The carrying out of this great work is your responsibility as well as that of the people of all Ontario. Every contributor to the Hospital is a friend, indeed, to these little millions of humanity and has the satisfaction of knowing that the result of his individual contribution is bringing joy into at least one home by assisting to care for somebody's child.  
The service of the Hospital depends on the continued support of the public and the conversion of dollars into health and strength will, I am sure, meet with your approval. Each minute of mercy costs over fifty cents, so you will see that much money is needed to carry on the GREAT MOTHER CHARITY.

Every day sees a large number of additional patients on the Hospital's register. Owing to the advanced cost of surgical and medical appliance maintenance is mounting until now nearly twice the usual amount of money is essential for the fulfilling of our duty. With the approach of Christmas, may I place these facts before your readers in connection with the 47th Christmas appeal of the Hospital for Sick Children?

Faithfully yours,  
I. E. ROBERTSON,  
Chairman of the Appeal Committee
