QUEBEC'S ATTITUDE
The Boston Transcript an intelligent and friendly observer of Canadian affairs, expresses astonishment at the attitude of Quebec. It notes that in the New England States where are many thousands of French Canadian, there has come not the slightest hint of opposition to the Government's compulsory service arrangements. It is at a loss to understand why French Canadian in the United States should prepare loyally to support a policy of conscription and French Canadian in Quebec should oppose it, for it says it would be difficult to point out in what respect the citizen in Canada does not enjoy as much freedom as the citizen in the United States. Lincoln was not deterred from his purpose by the New York draft riots. Wilson is not swayed from his course by the disturbance in Chicago and elsewhere neither should the Canadian Government be turned from its course by lawlessness in any part of this country.

OBITUARY.
Wm. A. Porter.
The death occurred at the home of his daughter Mrs. Major Greeno, Cheverie, on Monday the 4th inst., of William A. Porter, at the age of 78 years.

W. A. Porter was the eldest son of the late John Porter, of Horton, and was well known in Kings and Hants Counties in early manhood he was active in the militia in Kings County, and held a Captain's commission.

The first of his married life he resided in Lockhartville where he kept a general store. Later he moved to Hantsport border, and was for some years in partnership with the late J. B. North, under the firm name of North and Porter. After the dissolving of that partnership, he moved to Hantsport, conducting a grocery store and coal business in premises near the railway station. In 1896 he moved to Boston where he resided until 1916, returning to his native province to end his days with his daughter, above mentioned. He was for some years a county councillor for west Hants and later Warden of the County. Upon incorporation of Hantsport as a town he became its first Mayor. In religion he was a Baptist and in politics a Conservative. He died suddenly as he predicted he would. Going to his bed in his usual health on Sunday night, he was found dead on Monday morning, there being no evidence of even a struggle at the last.

He was twice married, both wives having predeceased him. He leaves one brother, Capt. L. Porter of Windsor, 5 daughters and one son, the daughters being Mrs. Greeno, before mentioned, of Cheverie, Mrs. Joe Davison, Mrs. M. Terfry, Mrs. Rogers and Harry all of Boston, and Mrs. Walter Coffill, of Bridgewater.

The daughters were all in attendance at the funeral obsequies which were held from residence of Mr. Hedley Bishop, this town, on Thursday p. m. the burial being in River Bank cemetery. The services were conducted by Rev. B. C. Reid.

NO UNNECESSARY ALARM ABOUT SUGAR
One of the most necessary household supplies is sugar. Of late there has been unusual alarm about future supplies and the fear that a sugar famine might prevail.

Latest reports from Cuba and the West Indies would indicate that there is no need of serious apprehension as to the future price and supply of Sugar. Mr. Hoover the newly appointed food administrator of the United States has obtained the highest authority on the subject and he disposes of the idea of extreme high prices and hardships to obtain sugar in the future. Cuba has a bumper crop and other countries makes up all necessary supplies.

This will be extra news to all fruit sections where house-keepers have been fearful of a dearth of sugar to preserve and can their fruit.

ALL CONQUERED TERRITORY BEING HELD
British Headquarters in France, June 8.—The number of prisoners reaching the collection stations since the beginning yesterday of the new British drive in Belgium, has now reached more than 6,000. Many more prisoners are coming in. No estimate of the number of guns captured is yet possible also it is known several German batteries were attacked, practically intact. The night passed quickly on the front of the new attack, all the conquered territory being held. Prisoners say that scores of German guns were destroyed during the British bombardment.
