

Local and General

Hon. J. A. Calder arrived home from Europe on Sunday.

Mr. Grosch, Owen Sound, has been appointed city solicitor.

Geo. Ross, auctioneer, has applied for and been granted a transfer of his business to S. S. Langford.

An election will be held on September 7 to select a successor to the Rev. E. A. Henry on the Public School Board.

Building figures for Regina for 1910 up to date amount to \$1,699,983. Last year the same time they were \$586,534.00.

Mr. and Mrs. R. J. Westgate and their young son, Owen, left on Monday morning to spend a couple of weeks holidaying in the Rocky Mountains.

Chancellor Burwash, Lord Brassey and Mr. Henry Vivian, member of the Imperial Parliament, will address the Regina Canadian Club during August and September.

H. Brant, who pleaded guilty to being drunk whilst on duty as a switchman in the employ of the C. P. R., was on Saturday afternoon fined \$100 and costs by the police magistrate.

The funeral of the late Geo. Mitch took place on Monday. The funeral cortege was a half a mile in length. The service was conducted by the Rev. Patterson of Lumsden and Rev. Scott of Pense.

Out of a list of fourteen debenture awards reported in the last issue of the Monetary Times, Toronto, nine go to Nay & James, Regina, three to Toronto firms, and one each to Winnipeg and Hamilton.

W. S. Johnston, roofing material contractor, has requested the sale of certain city lots to him for the purpose of erecting thereon a warehouse 100 feet by 50 feet. He wishes to make Regina a distributing centre for his product and is prepared to erect a building costing not less than two thousand dollars.

Word was received Saturday by Chief of Police Zeits of the arrest in Montreal of E. W. Horne, said to be a representative of R. T. Booth and Co. of Port Erie, Ont., who is wanted here on the charge of issuing a cheque to the King's Hotel without having funds in the Union Bank, Saskatoon, upon which it was drawn.

Arrangements have been completed for a concert at the city hall on Tuesday, September 6, at which two well known American artists will appear. In the person of William H. Sherwood, America's greatest pianist, and Miss Virginia Listermann, soprano and late soloist of the New York Symphony Orchestra and the Theodore Thomas Orchestra.

The organizing committee of the Imperial Order of the Daughters of the Empire intend making a tour through the province of Quebec and the Maritime Provinces shortly to form a new chapter and to visit those already established last autumn they made a tour through the West from Toronto to Victoria, and this trip is taken with a view of inviting every province in the Dominion to join in the patriotic movement.

E. W. Horne, who was arrested at Montreal on Sunday last on information laid at Regina police station by the King's Hotel, charging Horne with issuing a cheque for \$150 knowing that no funds laid to his credit at the bank on which it was drawn, will not be brought back to Regina for trial. The King's Hotel Co decline to prosecute Horne, and this being the case the Attorney General's Department will not go to the expense of bringing Horne back to the city.

While nothing of an official nature has been given out by Grand Trunk Pacific Railway officials in regard to the proposition of the City Council of Regina respecting the entrance of the G. T. P. into that city, it is learned that although the officials look with a certain amount of favor on the suggestion to carry their line north of the cemetery, they still prefer to follow their original plan for a passenger station to the south end of the city. From conversations had, it is shown that by placing a passenger station north of the main line of the C. P. R. near the exhibition grounds, the G. T. P. would be largely cut off from the south end of the city where it is expected the bulk of their passenger service would come in the future. Another strong reason is pointed out why the company should not locate on the blocks suggested by the mayor, namely, the fact that by so doing the project for the large hotel would have to be abandoned. It is understood that here the company's intentions are to build one of the largest hotels in the west in Regina, and officials suggest that by following out their original scheme and placing the passenger station on Sixteenth Avenue the hotel would at an early date become an actual fact. But such a hotel as they contemplate building would be out of the question in the location suggested by the mayor—Leader.

New students may enter the Regina Federal Business College any day, to begin the fall term. Write for prospectus and particulars. Phone 534. Geo. S. Houston, Manager. 20-21

Robert Sinton returned home from Scotland on Tuesday, bringing with him a shipment of 44 horses, of which 40 are pure-bred Clydes three pure bred French Percherons and a Shetland pony.

Another large apartment and business block is shortly to be erected in the city. J. A. Donahue has instructed W. M. Sharon to prepare plans for a business block 75 feet by 125 feet Lorne Street. The building will be three stories high with four large stores, three of which will face the avenue and one on Lorne St. The upper floors will contain two-room bachelor apartments and will be modern in every way.

SUMMER SCHOOL

At Lumsden Was a Great Success—Interesting and Instructive Lectures on Many Subjects

Every year under the auspices of the Methodist Church a summer school is held at Lumsden Beach on Long Lake. This year the school lasted from August 2nd to August 11th, and was undoubtedly the most successful session ever held there, those registering numbering about one hundred and thirty-five, with a number of others in attendance for short periods during the session.

The Summer School is instituted for the purpose of educating our young people in Christian service, including the Sunday School, Home Moral Reform Work and Foreign Missions; but it also aims to combine with this study a certain amount of recreation. While the mornings from nine to twelve and the evenings from eight to twelve are given up to study the afternoons are left free for pleasure, tennis, fishing, boating, fishing or any other recreation that one might wish to participate in.

This summer the speakers were the best obtainable. The Rev. J. A. Doyle, president of the school, every morning conducted an open air Sunrise Prayer Meeting on Round-Top—named after Round-Top, Mass., where so many have been led to give themselves to active Christian work—at which he spoke on topic "Christ's Teaching on Prayer."

At nine o'clock the Rev. H. Dobson conducted a Bible Study Class on the Book of Amos, making comparisons of the condition in the time of Amos and those existing today. Mr. Dobson gave a sermon on "Palace of Art" at an open air meeting held on the beach.

H. S. Magee, Field Secretary of the Temperance and Moral Reform, was present and laid before the school the work of his department. He impressed his hearers with their responsibility in assisting in abolishing the social and political evils which now exist.

Magee's name is now sufficient to recommend him to any audience. The Rev. F. L. Fawcett of Toronto, dealt with the work of the Sunday School and Epworth League, referring particularly to the development of girl and boy life, socially, mentally and spiritually. Some of his topics were as follows: "Service as an essential to Christian character," "Day school methods in Sunday school work," "How can the Sunday school and Epworth League help in the solution of the Great Home Mission problem?"

The Rev. W. J. Mortimore, who is now on his way to China with his wife and family after a two years furlough, presented the needs of his work to the school. His plea was for workers for that great land which is just waking up to realize its strength as a Christian nation, for our own safety and that of China, we owe the land the Gospel of Christ.

The Misses Haddock and Hallam told the members of the Sunday School about the work of the Methodist Deaconess Order in Canada. Miss Hallam is engaged in work in all Peoples' Mission, Winnipeg, and is in a position to know a great deal about the problem in our land, while Miss Haddock of our city was able to discuss the work of the church Deaconess.

Sunday, August 17th, was a great day for the school. Mr. Magee preached at 11 a.m. In the afternoon a great mass meeting was held in the tent followed by a meeting for women and one for men, the former conducted by the Deaconesses and the latter by the Rev. Mr. Doyle. Each of these meetings was in connection with the social problems that confront us—the suppression of vice of all kinds, yet more especially the insidious work of the White Slave traffic. On Tuesday evening the 9th the members of the School had a little diversion, in the form of an impromptu concert and on Wednesday evening after service a monster bonfire was built on the beach around which were sung those beautiful old hymns such as "Lead Kindly Light," and "Near My God to Thee," that have been an inspiration to so many.

The last meeting and perhaps the best, was held on Round-Top on Thursday morning, after which the campers joined hands and sang "Bless be the Tie that Binds," and separated going to put into practice this motto: "Uniting hands and hearts in an honest endeavor to bring Christ's Kingdom down on Earth." The fourth annual session of the Summer School will be held during the summer of 1911.

SEMI-ANNUAL CLEAN SWEEP SALE Is Saving Money for Men Every Day

Every Man Who Appreciates True Economy Should See These Offerings
\$25 and \$30 20th Century Suits for \$17.95
\$10, \$12 and \$15 Suits for \$7.95
