Ladies and Gentlemen,—It has come to my notice that Alderman Mc-Keough, his relatives and paid can-Keough, his relatives and paid canvassers are misrepresenting my position regarding the by-law that is being submitted to the people for purchase of land at the ceme-ery and extension of water mans thereto. The facts are these, which can be verified at the city clerk's office: The Mayor, in his inaugural address, suggested the purchase of more land for the cemetery, and the matter was referred to the Parks and Cemetery Committee, consisting of Alderman Geo. Stephens, Alderman E. W. Scane and myself, of which I was chairman. We recommended to the council that the matter be submitted to the people at the regular elections in January. Every member of the council voted for this, and Alderman McKeough was its warmest supporter. He even went so far as to make a motion to purchase thirty acres of land instead of twenty acres member of and instead of twenty acres and constant of the council voted to the council was a supporter. Keough was its warmest supporter. He even went so far as to make a motion to purchase thirty acres of land instead of twenty, as recommended in our report. The mere fact of my being chairman of this committee does not make me an advocate or supporter of the by-law, and the matter is left in the hands of the voters to settle the question as they think best on Monday next. I do not want any of my friends, after years of faithful service, to desert me on account of false rumors, circulated to injure me by an unscrupulous opposition.

Milton ,N. D., Jan. 4.-Wm. Barry, a middle-aged and wealthy farmer living near this place came to Milton and surrendered himself to the authorities, saying that he had killed Andrew Mellen, his hired man.
