Here and There

It is announced that vigorous efforts will be made by the Government of Manitoba to effect the actual settlement of 224,000 acres of vacant provincial land now under the administration of the Crown.

For the week ended June 21st traffic earnings of the Canadian Pacific Railway amounted to \$3,301,000, as compared with \$3,159,000 for the corresponding period of 1923. This is an increase of \$142,000 or 4.4 per cent.

Reports from the Rouyn gold fields of Quebec continue to indicate a great future for that territory. Development is proceeding apace and the English capital now flowing into Canada in search of good investments is interesting itself in this area.

Three carloads of seed grain are being shipped weekly from the provincial seed cleaning and marketing plant at Edmonton, Alta. About 50,000 bushels of seed grain have been handled by the plant since last fall and 20,000 bushels more will be handled before the year's seeding is completed.

The International Paper Company intends to add two new machines to their plant in Three Rivers, Que. so as to increase their production from 300 to 450 tons daily. Another project is also under consideration, viz., to build a plant in Batiscan instead of enlarging the Three Rivers one.

Out of every dollar the Company earns the sum of 81 cents is spent by the Canadian Pacific Railway in the home markets of Canada for wages, materials, supplies, taxes and insurance, figures recently issued show. In 1923 the total earnings of this great corporation were \$195,837,089, and every community in Canada directly benefited by the expenditure of 81 per cent. of this huge amount in the home market.

The 1924 cut of the East Kootenay (B.C.) forestry district gives promise of running to a grand total of 150,000,000 feet. There is a particularly brisk business in poles of longer lengths and in railway ties, and a cut of some 1,000,000 sawn ties and the usual quantity of the hewn variety is looked for. Sixteen sawmills are now in operation and indications are that there will probably be thirty going before the season closes.

Canada now takes third place, and second place among British possessions, of the gold-producing areas of the world. The total gold production of the world for 1922—the latest year for which returns are available—was 15,440,000 fine ounces, of which the Transvaal produced 7,020,110, or 45.5 per cent. The United States came second, with 2,363,075 ounces, or 15.3 per cent., and Canada followed, with 1,263,364 ounces, or 8.2 per cent.

June 15th was the anniversary of the running of the first Imperial Limited, the Canadian Pacific Railway's famous transcontinental. This was not the Company's first transcontinental, as trains began regular service between Montreal and Vancouver as far back as 1886, but for several years it was the crack Canadian Pacific express. To-day the premier place is held by the Trans-Canada Limited, the fastest long-distance express in the world, which makes the run in 90 hours, or 10 hours less than the time of the original Imperial Limited.

FUNERAL OF GEORGE CUMMINGS

The funeral of the late Mr. George Cummings was held on Thursday afternoon, July 31, in United Baptist church, Canning, and was conducted by the pastor, Rev. W. G. Heisler. The speaker chose for his words of comfort, Rev. 14:13. "And I heard a voice from Heaven saying unto me, write, blessed are the dead which die in the Lord from henceforth. Yea, saith the Spirit, that they may rest from their labours, and their works shall follow them." One thing that "has followed the race of mankind from its earliest history to the present day, said the speaker, is an intense craving for a certain knowledge of the hereafter. He sees death in all forms, but there is the deep rooted conviction that makes him refuse to believe that "It is all of life to live, and all of death to die." And so it is we have the words of one who has risen from the dead to make known to us that the larger life is beyond the grave. We have the definite revelation through Jesus Christ that they who die in the Lord are made perfect in holiness and do immediately pass into glory. Christ has won for us a place in the Kingdom of God. The comfort which comes from knowing that the departed loved one built his faith and hope in Jesus Christ is with us today. "Blessed are they who die in the Lord."

The choir of the church was in attendance, favorite hymns of the deceased being sung, among which were "Jesus, Lover of My Soul," "Abide

with Me," and "Rock of Ages". The service was a very beautiful and comforting one, and the floral offerings testified to the love of many. The pall bearers were Messrs. Ira Cox, Esley Cox, George Jodrie, and L. M. Ward, Interment at Habitant.

Feet Sore?

Rub well with Minard's. It relieves inflammation, soothes and heals.

No woman can be homely who does this

A simple method which safeguards lovely complexion—the beauty every woman can possess.

No girl or woman can be called unattractive who has kept the beauty and radiance of youthful complexion.

And today millions of women know this simple method. You too may employ it to keep lovely and young the clear, fresh skin Nature gave you.

This is all you need
Cleanse the skin regularly, au-

thorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse— and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

Volume and efficiency produce 25c quality for 10c

The simple, correct way
You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive. Let it do for your whole body what it does for the face.

See that you get Palmolive—which is never sold unwrapped. All dealers have it. In a short time improvement will be noticeable, encouraging.
