How About ICE?

Here is Our Proposition
for Private Homes:

We will guarantee to keep your refrigerator well supplied with ice right through the summer at a flat rate of \$3.00 per month.

With this system you have no tickets to bother about, no phoning for a rush order after the milk has gone sour and the butter run away — you will have ice all the time, we guarantee that.

Better join the army of ice users today and have the satisfaction of knowing that your food will be kept fresh, pure and free from taint. You will save the price of the ice every month in the food you save. Ice is an economy—not a luxury.
