ors—The above Diagram filustrates the comparative worth of various Baking ders, as shown by Chemical Analysis and experiments made by Prof. Schedler, and can of each powder was taken, the total leavening power or volume in can calculated, the result being as indicated. This practical test for worth by Schedler only proves what every observant consumer of the Royal Baking ler knows by practical experience, that, while it costs a few cents per pound than ordinary kinds, it is far more economical, and, besides, affords the advant-f better work. A single trial of the Royal Baking Powder will convince any indeed person of these facts.

While the diagram shows some of the alum powders to be of a higher degree t strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, re to be avoided as dangerous.

"Mr. Jones", said Mrs J., with an air of triumph, don't you think marriage is a means of grace?" "Well, yes,' growled Jones, "I suppose anything is means of grace that breaks down pride and leads to repentance."

We are authorized by advice received from f. S. Johnson and Co., Boston, to say that they have for three years offered poultry raisers, reminms payable in gold coin, for the best results obtained from using Sheridan's Powder to make hens lay. Their object has been to actisfy themselves beyond the shadow of a doubt, that the claim made by them that "Nothing on earth will make hens lay like theridan's Powder," was positively true. The nundreds of testimonials sent them from people who have used the Powder, prove the statement; so that it seems folly to again offer premiums; but so many persons especially remiums; but so many persons especially women who kept a few hens, have made such good showing in former trials, and been bear on by some one else by a slight fraction in tverage, that in justice they ought to have another trial. Johnson and Co., have devised a plan this year, to overcome that trouble in a measure, by offering twice as much cash and ix times as many Gold Coin Premiums as last treat. The larger premium is \$50.00. It is
