A WOMAN'S HELPLESSNESS

Cured Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make

Thousands of women suffer from headaches, backaches, dizziness, languor and nervousness. Few realize that their misery all comes from the bad state of their blood. They take one thing for their head, another for their stomach and a third for their nerves. And yet all the while it is simply their blood that is the cause of all the trouble. Dr. Williams' Pink Pills will cure because they actually make every organ and every vein in the body carrying with it a new health and new strength. Mrs. Wm. Acorn, Charlestown, P. E. I., says: "Before I began the use of Dr. Williams' Pink Pills I was one of the most miserable women living. For more than three years I lived a life of constant dread. I was taking weak spells so that I could not be left alone. If I walked from one room to another my heart would palpitate so violently that I feared I would die. I was constantly sending for the doctor, who told me I had no blood and that my nerves were shattered. Notwithstanding his treatment I did not get any better. I could not keep anything on my stomach, and the least thing would make me sick. Then my trouble was complicated with rheumatism, which became so bad that I had to be lifted like a child, and the pain was almost unbearable. I was in this deplorable condition when my husband read of Dr. Williams' Pink Pills, and got me a supply. When I had taken half a dozen boxes I felt much better, and could go about the house. I kept on taking the Pills until I had used twelve boxes, and I can truly say they made me a well woman. Indeed I do not think I would be living now but for Dr. Williams' Pink Pills. I wish I could persuade every woman who is sick to follow my example, for I have proved they will cure the most desperate cases, and consider myself a living witness of this fact."

You can get these Pills through any medicine dealer or by mail post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

James Richard Graves, an aged colored man, who is said to have come from Chatham, and who was on his way to Barabois, was found dead on the C. P. R. train from Halifax Thursday afternoon. It is thought that death resulted from heart failure. In the dead man's pocket was found a letter of introduction from Rev. Mr. Forsythe, of Chatham. The only baggage carried by him was a suit case and two parcels. The remains were buried at Sussex.

One engine man was badly injured and great damage was done to rolling stock and the right of way when two of the new time card freight trains, Nos. 235 and 236 met, at 8.15 Friday morning, in a head-on collision on a hill on the I. C. R. main line a few hundred yards west of London-derry station. Engineer James Wiles, of Truro, driver of east-bound 235, is reported to be badly scalded about the arms and legs, but it is understood that the other members of both engine-crews escaped without serious injury.

Death came with startling suddenness to Wm. Sheppard, one of the best known residents of Sunny Corner, early Thursday morning. The deceased who was working in Holmes camp on the Mullin stream retired in his usual good health on Wednesday night, but when he failed to appear for breakfast next morning his fellow workmen went to his bunk to see what was keeping him, and were surprised to find that he was dead. Death was due to heart failure. He was 22 years of age and is survived by a wife and two children, Sake and Teresa at home.

The deceased is mourned by four brothers, Benj. and David of Begun Road, Allan of Superior, Wis., Samuel of Chelmsford and two sisters Mrs. Fred Whitney of Whiteville and Mrs. Moses Whitney of the Royal Hotel here.

Rev. Dr. H. T. Cousins, last Sunday night preached the second of his sermons on the question: "Can a person live a Christian life in Newcastle?" His subject was besetting sins, the most prevalent of which, in a powerful address, he pointed out to be avarice—the desire to get something for nothing, to get other people's property dishonestly, which is the cause of all our commercial disturbances; the spirit of revenge—of getting even with those who wrong us, the love of strong drink, that is dragging down so many, even in this town, jealously, caused by suspicion of others and grieving at their promotion, and selfishness—the trying to get the best of the bargain rather than thinking of the other fellow's interest.

At the close, according to his promise of the previous Sunday, Dr. Cousins answered questions that have been sent in to him as follows:

Q—Why do men die?
A—Because of sin. Without sin there would have been no death.

Q—When I am converted must I give up the world?
A—It will not be necessary. If you give a true testimony for Christ the world will soon give you up.

Q—What good will it do me to become a Christian?
A—Nothing is more clearly taught in Scripture than that punishment follows disobedience and reward follows obedience. The Christian gains eternal life.

Dr. Cousins invited further questions which he will answer next Sunday if he can. His next Sunday evening's discourse will be in answer to the remaining question which he withheld last Sunday night.

For Baking Success —This Oven Test

Success on some baking days can be expected no matter what flour you use. But constant success is rarer. It can be assured in only one way. The miller must select his wheat by oven test. So from each shipment of wheat we take ten pounds as a sample. We grind this into flour. Bread is baked from the flour. If this bread is high in quality, large in quantity, we use the shipment from which it came. Otherwise we sell it. Constant baking success comes as a matter of course from flour bearing this name

Our Job Printing Department

There is a difference between plain Job Printing and the kind of Printing that draws business. At one time any kind of a printed letter-head or envelope would do so long as the work was done by a printer. Good paper and high priced ink, the customer did not know enough about to be fussy. It is not so now. The customer today figures these items into his contract for printing the same as he does the quality of the goods he purchases to carry on his business.

This is the class of customers who have their printing done at The Advocate Job Dept. Only the best lines of writing paper are kept in stock and the highest grade of inks used for all work. There is not a CHEAP line in our office, for experience has taught us to carry only the best and the most serviceable.

People who leave their order for printing with this office, have that inward feeling of assurance that they are going to get just the kind of a job they want. They do not speculate—they know, and they are never disappointed. We spare no pains to give our customers just what they want, and that is one reason why this office has gained the reputation it has for turning out the highest class of Job Printing only.

If you are not yet a customer, join our list and have your letter heads and envelopes, or whatever nature your work may be, printed in an artistic manner. It does not cost any more for good printing than it does for the cheaper kind, and a small order is given as good care as a large one.

We are now in a position to handle all kinds of

CATALOGUE PRINTING

and would be pleased to quote prices for this class of work at any time. We guarantee strict satisfaction in all cases.

Remember that this office is in better shape to handle your Printing than it has ever been before, due to the fact that only competent printers are employed and the most modern machinery used.
