

It Saves Doctors' Bills!

This is the Rev. A. D. McLeod's opinion of Zam-Buk. This clergyman, who lives at Harcourt, N.E., writing to the proprietors, remarks upon the unusual popularity which Zam-Buk enjoys in the homes of the people of his parish. He says: "I know of nothing that can compare with it. Having charge of an extensive mission, over which I travel constantly, I meet with many sick and afflicted people, and I have been amazed at the good which Zam-Buk is doing daily. I have learned, as an absolute fact, that for bad ulcers, old wounds, eczema and skin diseases of all kinds the healing powers of Zam-Buk are simply marvellous. For the painful ailment, piles, also, it is excellent. Many a doctor's bill is saved by the use of Zam-Buk." For cuts, burns and scalds Zam-Buk is equally good. Nothing ends pain and heals so quickly. 50c. box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send 1c. stamp for free trial box.

Happenings in the Local Legislature

Workmen's Compensation Act, New Highway Act and Crown Land Bills Introduced

The N. B. Legislature resumed sessions on the afternoon of the 12th instant.
Hon. Robert Murray introduced a bill to amend the Towns Incorporation Act, to give Town Councils power to regulate the sale of coal, wood, straw, fodder, etc.
Premier Foster continued the debate on the address. He said that N. B., which last year produced 300,000 barrels wheat flour and consumed 1,500,000 had to feed herself this year. The Government had purchased 20,000 bushels seed wheat and 60,000 of oats. Improvements would be made in the Workmen's Compensation Act. He defended the recent borrowing of \$1,000,000 without asking for tenders for the same. Advice had been received from the Bank of Montreal and Brown Bros. of New York. The loan was the next best of the season to that of Ontario.

The report of John M. Stevens, K. C., appointed by the present government to investigate charges re the building of the St. John Valley railway was laid on the table. The commissioner does not find from the evidence that any members of the late government were personally concerned in the negotiations carried on with the various contractors. He finds that the methods employed to secure the contract by the Nova Scotia Construction Company, Limited, to build the uncompleted sections of the Valley Railway, were reprehensible as tending to prevent or stifle competition and offend against public policy, and points out the impropriety of George B. Jones while a member of the legislature being concerned with campaign funds in the manner disclosed by the evidence, he having signed a note for \$20,000 with Mr. Tennant which was for the purpose of raising campaign funds for use in the election of February, 1917, and of Mr. John D. Palmer, in handling campaign funds while a director of the St. John and Quebec Railway Co. Finally the commissioner recommends as a result of this enquiry, "the publication in the future of all election funds and expenses, together with the names of the subscribers, and the amount subscribed by each, and the taking of proper vouchers for every disbursement, and that the New Brunswick Elections Act be amended to include more of the provisions similar to those to be found in the Dominion Elections Act relating to corrupt practices and other illegal acts, than are to be found in the said New Brunswick Elections Act." Accompanying the report, which is dated February 21, 1918, are 699 typewritten pages of evidence.

March 13
The bill to enable cities, towns and municipalities to contribute aeroplanes to His Majesty's government was passed.
Hon. Mr. Veziot introduced "An Act relating to Highways". By it the roads are to be divided into trunk and branch roads; branch road supervisors are to be elected by district ratepayers; statute labor will be optional with such ratepayers; and also optional on trunk roads; the property road tax will be 25 cents per \$100 instead of 20, and the poll tax \$2.00 instead of \$1.50; the Minister of Public Works may inaugurate a patrol system first spoken of by the late government. The change in the rule of the road is to be left to the Legislature.

March 14
The bill to enable local assessment for aid to Halifax was passed.
The bill to appoint a commission of three lawyers to endeavor to secure uniformity of legislation in Canada, was passed, the members to work without salary.
Hon. Mr. Murray's bill to enable cities, towns and counties to regulate sales of certain articles was adopted.
The governors of the Boys' Industrial Home were authorized to collect \$200 per year per boy from the Municipalities; and the fee for a pupil in the Halifax Blind School which has been raised to \$150 a year was made chargeable to the Municipality.
March 15
Hon. Mr. Byrne introduced amendment to Workmen's Compensation Act. Three Commissioners will administer the Act, holding office for life, except removed for

cause. The bill strengthens the Act. It allows compensation for workmen's families up to \$3500 in case of death or total disability. The Act will apply to employers and workmen connected with the industries of lumbering, mining, boring, manufacturing, building, construction, engineering, operation of any railway, tramway, telegraph, telephone, electric light or power line, water works, gas works or sewerage plant or system, or other public utility; operation of refrigerator, storage or terminal warehouse, elevator or platform; operation of any passenger or freight elevator, or of any theatre or place of public amusement; scavenging or street cleaning, horse-shoeing, operation of any lumber or fuel yards, stovering or navigation and employment incidental thereto. The Act will apply to persons engaged as traveling salesmen or in clerical work or to those whose employment is of a casual nature. Neither will it apply to persons employed by a city or municipality as members of a police force or fire department. The expenses are to be paid by assessment on business firms.

Forestry Commission.
Hon. Mr. Smith introduced a bill to establish a Provincial Forestry Advisory Commission and also a bill for the prevention of forest fires.
House adjourned until Tuesday, 19th.

SENDING PARCELS TO PRISONERS

Ottawa, March 16th.—The German Authorities have issued a memorandum to the effect that parcels for Prisoners of War interned in Germany must be addressed to the "parent" (or main) camps to which the prisoners belong and must not bear the names of any branch or working camps or of any other place to which the prisoners might be detailed for special services.

The memorandum states that Prisoners who have been detailed for services outside the "parent" camps have been enjoined by the German Authorities from the very first, to inform in this sense any relations or other persons from whom they expect to receive postal parcels. Parcels for Prisoners of War in hospitals also come within the meaning of these regulations.

In the interests of the Prisoners it is therefore essential that these regulations should be strictly adhered to as otherwise the German Authorities will not deliver the parcels to the Prisoners of War for which they are intended, and it is suggested that persons in Canada when writing to Prisoners in Germany should ascertain definitely the name of the "parent" (or main) camp so that they can comply with the regulations of the German Authorities in addressing parcels to Prisoners.

(Sgd.) R. M. COULTER,
Deputy Postmaster General.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD
Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! It coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomachic, constipated, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour little mussy moves out of his little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

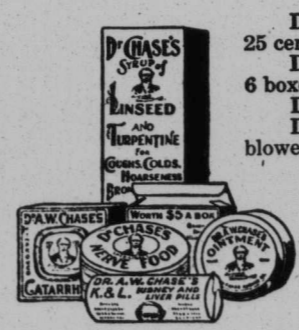

You can now get all my medicines at the Drug Store

AFTER the publication of his Receipt Book Dr. Chase found himself overwhelmed with the demand for his services and his medicines. Not only did patients come from many miles to throng his office, but the mails were filled with letters ordering medicines.

Rather than disappoint his patients and admirers, and always anxious to relieve suffering, the doctor decided to give to the people the great prescriptions which had been so thoroughly tested and so remarkably suc-

cessful in his private practice. And so it came that Dr. Chase's Medicines were placed on public sale at nominal prices. To-day you can scarcely find a drug store that is not stocked with a full line of these medicines, and that home is the exception where there is not one or more of them in use.

Like most articles of exceptional merit and large sales Dr. Chase's Medicines are widely imitated, and substitutes are frequently offered in their place. On this account it is very important that you should see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. They are printed on every box for your protection, and imitators do not dare to use them.
