At the nineteenth annual championship games of the Maritime Provinces A. A. Association, held at Halifax on Saturday last the Abegweit of Charlottetown won most of the prizes and are now the Maritime champions.  
Dan Patch, the king of pooms, at St. Paul, Minn., on Saturday broke the world's record held by himself, by pacing a mile and a half in fifty-five seconds flat. This is a quarter of a second better than his record made at Lexington, Kentucky, last season.  
The chess board met last Friday afternoon. There were not as many chess boards as at the previous meeting. R. E. Spillet was the proclaimer, and the price was 12 1/2 cents.  
In the yacht races in Charlottetown harbor on Saturday, the Mimosa was first, the Charlotte second and the Hawatha third. The Hawatha was unfortunate in going aground a couple of times thus losing considerable time.  
The famous eight-oared race between the crews from the Universities of Cambridge and Harvard took place on the Thames at Putney, England, on Saturday, and was won by Cambridge by two lengths, after one of the most exciting contests ever held on the Thames.  
John Morrison, a native of this Province, but for many years a resident of Sydney, C. E., while going to his home on Monday evening of last week, stepped on a live wire that had blown to the street from the Cape Breton Electric Co's poles and was instantly electrocuted, 2,300 volts passing through his body. Morrison was 41 years of age, a widower, leaving several small children.  
News from India, the capital and chief commercial city of Causasia say it was on Monday overwhelmed by an avalanche of mud from the mountains in the neighborhood. The township of Kewari was practically obliterated and 250 persons were buried alive. Tifis in Causasia is on the main route between Russia and Persia. It had a population of 100,000.  
According to the Cologne Gazette the new German 19,000 ton battleship, which will be a rival of the Dreadnought, will carry 16 big guns, compared with the Dreadnought's 10. They, however, will be of rather smaller calibre, although their enormous length 46 feet, will enable them to carry an unusually heavy charge, while the projectiles will be 280 pounds heavier than any of the present German projectiles.  
There was a good attendance at the market yesterday and prices ranged pretty generally the same as last market day. New oats changed hands at 40 to 42 cents a bushel and old oats were as high as 50 to 55 cents a bushel. Eggs were 7 cents a dozen and butter was all the way from 21 to 23 cents a pound. Potatoes retailed at 40 to 45 cents a bushel. Whatever pork came to Davies and Frazer brought from 8 to 8 1/2 cents a pound.  
New wheat is now beginning to arrive in Winnipeg. From the samples already received the quality is hardly up to the average, which is doubtless accountable for by the excessively hot spell which was general all over the wheat belt after the wheat had headed out. Various estimates of the yield have been made, and the consensus of opinion is that the total wheat yield will be between ninety and ninety-five million bushels, and oats will total as much more.  
The Chief Analyst of the Dominion Government has examined 819 samples of milk taken from all over the Dominion. There were 189 genuine, 55 doubtful and 45 adulterated. Ford Collins, aged fifty, and Walter L. Loring, aged twenty-seven, all of Providence. The men left Providence the previous Saturday for a yachting trip to the vicinity of New Haven. It is supposed that in a squall the yacht was upset, and that the men, in attempting to reach the shore in a skiff, were capsized. The skiff and cat boat, both filled with water and badly damaged, were found near the bodies on the beach.  
The Dominion liner Ottawa arrived at Montreal at 10 o'clock last Friday night, beating all records for the Liverpool to Montreal trip. The time of the Ottawa from Liverpool was exactly seven days, a whole day better than the best previous time for the same trip. She had on board 400 passengers, most of them Americans from the western and middle states, who are crossing by the Canada route in rapidly increasing numbers.

Hallifax dock yard will be transferred to the Canadian authorities about the middle of October. The Minister of Marine is now in communication with the Admiralty in regard to the transfer. Canada's offer was accepted some time ago by the Home authorities.  
A member of the Dominion Government Survey party, which arrived at Edmonton last Thursday brings a story of gold discovered in the Peace River country which if it answers to the surface indications will put the land to shame and make the celebrated Homestead or Treadwell look poor and cheap.  
A huge pumpkin carried by a man garbed as a countryman attracted the attention of the police in the market at Moosea a few days ago by its excessive weight and induced them to make an investigation, with the result that it was found to contain cartridges. The bearer of the pumpkin was identified as a revolutionist.  
Last Friday was the hottest in Winnipeg for the last ten years, with one exception. The thermometer registered 99 in the shade. There was a fair breeze blowing otherwise the heat would have been unbearable. The hottest day there in the last ten years was June 23rd, 1900, when the thermometer registered 100 in the shade.  
A sad and fatal accident occurred at Leander, N. S., a few days ago. Waterbury was leading a cow to pasture when she became unmanageable and dragged him over the bluff into the road below. He struck his head breaking his neck. Some neighbors saw the accident and went to his assistance, but found him dead.  
While Cashier P. M. Yan Archer lay bound hand and feet, gagged and tied to a table in a back room, two robbers leisurely looted the State Bank of Maine, Oregon, in broad day light on Thursday night. It was hours before the robbery was known. In the meantime the robbers had made good their escape taking with them between \$2,000 and \$2,500 in gold coin. Silver and bank notes lying on the counter were untouched.  
For the second time in his life, seven year old Fred Darcy, of Chelsea, Mass., had a remarkable escape from death by falling from a house to the sidewalk a few evenings ago. While flying a kite from the roof of his home he walked off the roof and fell a distance of thirty feet. Excepting a severe shaking up and a slight scap wound he was uninjured. Two years ago Darcy while playing on the roof of the old Academy of Music in Chelsea, slipped and fell a distance of 50 feet to another roof. He escaped without injury at that time.  
Miss Mary Connor and Frank Cook, who were to have been married within a few weeks came from their home in Marmora, Ont., Tuesday of last week to Toronto to attend the fair. They spent the day at the Exhibition and then returned to their boarding house. Sherwood, of the Dominion Police and the case after Hobbs' committal. He was chased to England and France, but finally came to America and settled in New York. He was then lost sight of but finally a letter sent to him from Montreal resulted in his capture.  
C. M. Kitzson, Canadian Commercial agent in South Africa in a report received at Ottawa says, the depression in business continues general and shows no signs of lessening. Many firms hitherto considered to have been excellent marks have either gone to the wall or are liquidating, and most of the New York export houses interested in the South African trade have suffered severely from giving extended credit in their anxiety to get business. The Canadian exporters are advised that present conditions in South Africa are such that extreme caution should be exercised in all transactions on a credit basis.  
Famous seekers for the north and south poles and other ice barred mysteries of the frozen zones gathered in Brussels, Belgium on Friday last to form a sort of international arctic and antarctic expedition trust. America is represented at the meeting by a distinguished delegation headed by Herbert L. Bridgman, secretary of the Peary Arctic Club.
