## CAMROSE.

Bulletin News Service.  
As the season advances the Camrose baseball team improves. Last week New Norway suffered defeat at their hands, and on Friday last the Sedgewick boys came down with fire in their eyes, ready to sweep all before them. Up to the fifth innings, good ball was played. Camrose led by a margin of a start and the visitors seemed to lose heart and from that time up to the finish Camrose piled up the runs. Score, 12 to 4 in favor of Camrose. Stocks pitched for the home team and Jamison for the visitors. Umpire, Hyman.

A very sudden death took place early on Saturday morning, when Mr. McMartin, father of Mrs. Dr. Stewart passed away. Mr. and Mrs. McMartin had been visiting their daughter here for the past two weeks. The remains were taken back to the old home in Renfrew, Ont., on Saturday morning's train. Mrs. Stewart accompanied her mother home. Messrs. Adam and Farley went to Toleda on Saturday to present at the sale of lots put on the market that day by the Grand Trunk Pacific Townsite Company. These gentlemen say that the management deserve great credit for the way they are disposing of their property. All the merchants in Toleda desiring lots had a chance to get them at first price and without competition from outsiders. No one, even in Edmonton, knew that the sale was to take place, the commissioner coming in quietly and giving the local men first chance. This, in contrast with the usual mode of selling town property in the new towns where outside buyers have first choice, is certainly commendable.

Anniversary service will be held in the Methodist Church here next Sunday. Rev. Mr. Bestman, as chairman of the service, will occupy the pulpit, both morning and evening. On the following Monday evening the Ladies Aid is giving an At Home in the church in connection with the Anniversary. Mr. Rowell is building a residence in Hill Park.

R. L. Rushton returned from Minneapolis on Friday last. Mr. McLean of the Merchants' Bank returned to town on Friday, having spent his holidays in Manitoba. School opened yesterday—Monday, August 10th.

Ben Dyer has moved his barber shop across the street from the Post office. Councillors Smith and Foucar have resigned their positions in the town council. Mr. Smith, who is leaving shortly for Vancouver, as chairman of the finance committee, will be missed greatly. Mr. Foucar has been forced to resign owing to sickness in his family. An election to fill the vacancies will be held in about two weeks. Thompson and Co. have moved their general store to the new Peterson building into the Thompson and Duth Block, Main street. Camrose, Aug. 20th.

**UNION WILL NOT BE RECOGNIZED.**  
Chicago, Aug. 21.—Every telegraph operator who went on strike two weeks ago must make individual application for re-employment before he will be taken back. The policy of the companies was announced today. It means not only will there be no union recognition but the company committee from the strikers will not be received. The Postal company has prepared a formal contract which every applicant is required to sign, while the Western Union is merely requiring each operator to make application as an individual.

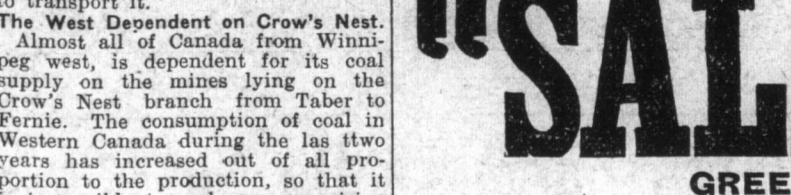

**The Contract to Be Signed.**  
The contract of the Postal company is as follows: "I hereby agree, if given employment by the Postal Telegraph and Cable Co., to render full and faithful service at all times, refraining from all agitation and interference with the company's business, and I further agree that I will work carefully and well with every operator, be he or she union or non-union."  
President Smutz of the Telegraphers' union, announced to-night that he would be in New York on Saturday.

**The Situation in the East.**  
New York, Aug. 21.—There have been no important developments in the strike of the Commercial Telegraphers in the east today. The strikers and telegraph companies claim to be satisfied with conditions. As far as the movement of press despatches throughout the East is concerned, the strike has lost significance. The messenger boys of the Western Union and Postal Telegraph companies met to-night, and took steps to organize a union. They are promised a charter from the American Federation of Labor. The boys were encouraged by officials of the Telegraphers' union. The telegraphers will attempt to organize the clerks employed by the companies, and if they succeed will have all branches of employment by the companies represented in the ranks of organized labor.

**A largely attended meeting of the strikers was held this afternoon,** at which addresses were made by members of the union and by Mr. T. M. Pierson, vice-president of the Order of Railway Telegraphers.

**AN INCREASE OF MILLIONS IN VALUE.**  
Montreal, Aug. 21.—As the city assessors will soon have completed the work of assessing property in the city for the current year, clerks at the city hall have for some time past been figuring on what the increase in property values for 1907 will be. According to the figures completed it appears that the total increase for the current year in assessed real estate value will be no less than twelve millions of dollars. Such an increase is considered phenomenal when it is remembered that last year's values made the record increase of twenty-one millions.

or, in The Pass will keep from three to seven months without injury. This providence, however, is in a measure excusable by the fact that almost all the coal is consumed as quickly as it is produced or facilities to transport it.

The West-Dependent on Crow's Nest. Almost all the coal from the Crow's Nest is dependent on the Crow's Nest for its supply on the mines lying on the Crow's Nest from Tubar to Fernie. The consumption of coal in Western Canada during the last two years has increased out of all proportion to the production, so that it is impossible to make any provision against a fuel famine. And now comes the word that already the mines of The Pass are working under time on account of the coal shortage. Up to four weeks ago cars were pretty well supplied, but about that time the International at Coleman was forced to cut down to half its capacity.

**Wm. Whyte Gives Assurance.**  
To obviate any fear on this score William Whyte, second vice-president of the C. P. R., has assured A. C. Flumerfelt, president of the International Coal and Coke company at Coleman, that the C. P. R. will move the coal from the mines at all costs even if they have to take every gravel and construction train and press them into service.

**Operators Do Their Share.**  
The mine operators are doing their share to prevent any coal shortage. The opening of the colliery at Lethbridge by the Royal Collieries Limited is a step in this direction. Extensive developments are in progress in the mines of The Pass. H. N. Galer, vice-president of the International, stated to your reporter that the international would increase its capacity to 2,200 tons per day, while at Lundbreck improvements were all but completed which would add 200 tons to the daily capacity of that mine.

**Big Crop Expected.**  
It will, no doubt, come with a rude shock of surprise to those who have taken a pessimistic view of the crop outlook for the province. The C. P. R. has received requests from their agents all over Western Canada for 21,000 men, and it is estimated that even a district alone, Gladstone, sending in this winter the largest amount of wheat to be harvested in the province, will leave the east every few days. From Ontario and Quebec, specifically, consisting of many sections, will leave on the 27th and 30th of August and also on the 10th and 12th of September. It is expected that almost as many excursionists as last year will come west.

**Calling For Help.**  
The provincial government immigration office and employment bureau are already receiving requests from all over the province for men.
