### Here and There

WEATHER UP COUNTRY.—The weather up the country to-day is calm and fine; temperature from 40 to 60 above.

The regular monthly meeting of the St. John's Mechanics' Society will take place on Monday evening at 8 o'clock. By order, J. J. LAHEY, Sec.—oct11,11

TAKES NEW POSITION.—Mr. John Penney, formerly conductor with the Reid Nfld. Co., is taking a position in the General stores of the Company.

The Fall season in the Boys' Clothing trade is the season for selling single pants. The coat of the good suit that is purchased from Jackman's will wear out two pairs of pants, and as the boys wear overalls, if they have a new pants under it they are well dressed.

To meet this trade we have just imported about five hundred pairs of Boys' and Youth's Knicker Pants. They are made from good tweed and serge remnants, and although the cloth is good, we can sell them at a reasonable price. We have them to fit boys from four to sixteen years. Prices range from 60c. to \$1.50.

### That Insult to the Voters of the Battery.

Editor Evening Telegram.  
Dear Sir.—The Herald last evening referring to the meeting held by the Liberal Party at the Battery on Thursday night said that:

"The East End Cockerites who visited the Battery last week and canvassed the place, meeting, as everybody knows, a poor reception, were so scared by the welcome given the People's Party candidates at the big meeting there Wednesday night, that they decided to return there again last night, and hold a meeting, and proceeded to the place, accompanied by a number of their committee men with guns and powder, and a good supply of flasks to properly prime the men who were using the guns."

This is a gross insult to the people of the Battery. We wish to let the Editor of the Herald know that the people here are a sober, industrious people not in the habit of taking liquor. The welcome we gave the Liberal candidates was a heart-whole welcome from the people. There was no liquor of any kind. We will resent this uncalled for insult. The speakers were not interrupted but were heard with attention and applause. We wish to contradict the lying and insulting statements of the Herald.

Yours truly,  
Joseph Peckford, Josiah Vatcher, Benjamin Garland, Willis Rodgers, William Morris, James Wills, Samuel Pierce, Sandy Martin, Benjamin Martin, Hemen Reid, Willis Reid, Albert Vincent, Simeon Lewis, William Curnew, John Critch, Charles Critch, John Drodge, Levi Drodge, Chas. Pretty, Geo. Vatcher, Munden Napmen, George Ralph, William Barrett, Thos. Snelgrove, Simeon Tizard, Levi Snelgrove, Abraham Rodgers, Harry Rodgers, George Garland, John Morris, Daniel Driscoll, Absalom Bellman, John Jarvis, Albert Sparkes, Walter Baggs (Gunnery), and many more.

A ROUND TRIPPER.—Mr. F. Wallace, for some time representative of the International Correspondence School of Scranton, Pa., in Newfoundland, is making the round trip on the s.s. Florizel. Mr. Wallace is looking well, and on his return to Halifax will again settle down to work in the interests of the I.C.S.

The S. S. Durango leaves Halifax next Friday for here.

### The Archbishop at Witless Bay.

Special to The Evening Telegram.  
WITLESS BAY, To-Day.  
Archbishop Howley, Mons. Reardon and Chancellor St. John arrived here last evening by train from Renew. They were met at the station by Dean Roche, Father McCarthy and a large concourse of people and were warmly received. Houses were illuminated and bunting displayed in their honor. His Grace celebrated 8 o'clock Mass this morning in St. Patrick's Church. A large congregation was present. He preached a nice animating sermon. His Grace and suite leave for St. John's by motor this evening.

BOWRING'S BOATS.  
The Prospero left Nipper's Harbor at 9.50 a.m. to-day, going north. The Portia left Placentia at 10 a.m. to-day and is due here to-morrow morning.

### Daily Investment News

St. John's, Oct. 11, 1913.

#### Canadian Disbursements and an offer.

Some statistics compiled by the Financial Post of Canada illustrate convincingly the huge amount of Canadian interest and dividend disbursements payable from the first of the month to the end of the year.

Thirty-eight millions is the total given for disbursements by all Canadian companies whose securities are listed on the various Canadian exchanges. But this figure does not include the doubtless quite large payments of the smaller unlisted Canadian companies. Nor does it embrace the payments of those companies listed on Canadian exchanges deriving their revenue from outside sources, and whose capital is largely held in Canada.

Maritime investors will enjoy a goodly share of these disbursements, and it is to them that this Investment House offers its seasoned services. A copy of our October "Investment Offerings" would be a good thing to send for now.

### From the Firing Line.

Special to The Evening Telegram.

HILLVIEW, To-Day.

Yesterday morning the Opposition candidates left Hill's Harbour amid volleys of guns, some of them fired even by women, and made for the S. W. Arm of Random. The first place of call was St. Jones' Within, which is solid for the Opposition. They were received by guns and flags. No meeting was held here as a meeting was held here last week by Stone and Targett. The candidates then made for Hodge's Cove, where a meeting was held. It was most enthusiastic and attended by people from this place and Island Cove. W. F. Lloyd, Stone and Targett received a perfect ovation. Bunting floated in the air, all over the settlements and the hills resounded with the report and echoes of the joy guns. After the meeting they called at Long Beach and informed the people of a meeting to be held at night. At Northern Blight the same hearty welcome was accorded to Lloyd, Stone and Targett and a fine public meeting commenced at 8.30. Mr. N. Frost took the chair. Targett was the first speaker. He spoke forcibly and with great acceptance for nearly an hour and received much applause. He was followed by Mr. Stone who gave one of his usual forcible speeches. The last speech was delivered by Dr. Lloyd who spoke for about an hour amidst much applause. The Opposition candidates received a great ovation here and as in other places, Northern Blight is solid for Lloyd, Stone and Targett.

HARBOR GRACE, To-Day.

The betting bluff is being worked in this district and town. The electors of this and all other districts where the bluff is being worked do well to think carefully and see if the bluffer is or has made his pile out of the sporting party. Labrador men coming home bring the news from the northward that it is not possible for Bond to lose. No person takes the Government organs seriously — they are the mouthpieces of the sporting party and bluff is their motto. It won't work.

BOND CAN'T LOSE.  
Special to The Evening Telegram.

ST. GEORGE'S, To-Day.

Arthur English held a rousing meeting at Sandy Point last night. He got a tremendous ovation tendered him by Sandy Point. Ninety per cent of the voters here are for English. No use for Downey.

Special to Evening Telegram.  
ST. GEORGE'S, Last Evening.

Mr. English, the Liberal candidate, held a meeting here last night. Wonderful enthusiasm. He is carrying the whole of this district with him.

BE SOBER AND WATCH.—The Members of the St. John's T. A. and B. Society are requested to meet on Sunday morning, Oct. 12th, at 7.15 o'clock, sharp, for the purpose of celebrating its 35th anniversary by attending 8 o'clock mass. Large attendance is particularly requested. By order, GEORGE J. COUGHLAN, Secy. oct10,21

### Many Happy Returns

The Right Rev. Llewellyn Jones, D.D., chronicles his seventy-third birthday to-day. His Lordship was born in 1840, ordained Priest in 1864 and consecrated Bishop in St. Paul's Cathedral, London by the late Archbishop Tait of Canterbury, and other Bishops. His Lordship therefore completes his 73rd birthday to-day, and although actively engaged in his large Diocese for 35 years is looking exceedingly well, and gives promise of more eminent service for the future. We understand that His Lordship has the high distinction of being the senior Bishop of the world. We congratulate His Lordship and wish him a long continuance of his years of useful toil in the work to which his life has been dedicated.

#### "Fore Sight and Hind Sight."

Mr. Edward Wareham, of the South-side Battery, St. John's, is a keen observer. Years ago before motor boats were popular as to-day he foresaw they were the coming means of fishing to save work and give larger returns. Mr. Wareham was the first man in Newfoundland to buy a FRASER motor engine. He used it six years with entire satisfaction and claims it is now just a little better than when new. He is giving his old engine to his brother, and buying a larger one and after six years' experience with the FRASER, when looking back on all the satisfaction he received, he to-day placed his order with us for a 9 H.P. with the famous Kerosene FRASER adapter. This is the only kerosene adapter used on motor engines in 1913; it is the only tested and tried kerosene adapter made. Initiators are copying—do not be deceived, the FRASER is the original—the only tested, tried and reliable kerosene adapter made. Hundreds this year ran their engines all summer on one or two gallons of gasoline, getting more mileage and power from kerosene than gasoline.

Following is copy of letter just received from Mr. Job Lane, Flat Islands, B.B.:

"The 4 H.P. FRASER engine which I bought from you last Spring has given me entire satisfaction all through the season. I used kerosene exclusively and have never had a bit of trouble. All the gasoline I used for the summer was one gallon and a half. I took this engine last Spring without any experience whatever, and after the season's work consider the FRASER 'the simplest and cheapest engine on the market.'"

You "Can't Lose" if you buy a FRASER.
