

One Language For Germany,

And the Big Guns Speak it. Enemy Attacks Against Hamel Repulsed. Teutonic Intrigue in South Africa.

WAR REVIEW.

The British front east of Amiens on each side of the Avre and along the Somme River seems to be the storm centre of the battle front in France. Here the Australians, assisted by American detachments, surged forward on July 4th and drove the enemy out of the village of Hamel and the Vaire and Hamel Woods to the south at the same time launching a secondary attack on the German positions north of the Somme. Since that time the lines before Amiens have been very active. The Germans have been repulsed trying to take the village of Hamel and the wooded positions of the Australians further south. The British official report says that the enemy was stopped easily, but the Germans claim to have checked the British forces east of Hamel and to have thrown them back to their original lines at Villers-Bretonneux. With the exception of aerial combats the American front has been calm. The German official report tells of British attacks in the Ypres region adding that these assaults were repulsed. Heavy artillery fire in this neighborhood is reported from London. In the meantime the French have been content to hold and consolidate their new positions near Moulin-Sous-Tourvent and Autrechies northwest of Soissons where in two recent French attacks the Germans suffered severely and lost many prisoners. The French war office says that during the past day there has been heavy artillery firing in the neighborhood of Cury and Mont Gert which is on the front southwest of Soissons where the French were ground by a dashing attack last week. Italian forces operating near the mouth of the Piave have continued to make progress in recent fighting, and have taken more than 400 prisoners, as well as a battery of cannon and many machine guns. In the mountain region the Italians have extended their lines northeast of Monte Grappa, and have repulsed desperate counter attacks by the Austrians against positions taken from the enemy in the Italian drive a week ago.

PRISONERS CAPTURED BY BRITISH.

LONDON, July 5. (Official.)—The total number of prisoners taken by us in yesterday's successful operations on the Somme exceeds 1,300. A German field gun in addition to over 100 machine guns and a number of trench mortars have so far been counted. A hostile counter attack against our new positions east of Hamel last night was easily repulsed, a few prisoners being left in our hands. A successful raid was carried out by us in Beaumont-Hamel sector. An attempted hostile raid in the neighborhood of Strazel, was repulsed.

GERMAN PLANES BROUGHT DOWN WITH THE AMERICAN FORCES ON THE MARNE, July 5. (By the Associated Press.)—American aviators on this front are reported this morning to have brought down two

German planes after heavy fighting. In a small encounter last night two Germans were captured and another killed by a machine gun detachment. This skirmish developed the fact that another new German division is now exposing the Americans in this sector.

PLAIN TALK.

PITTSBURG, July 5. Three years of negotiation, patience and appeals showed the United States that there is only one language Germany can understand, and it comes from the mouth of the big guns. There will be no limit to the number of troops and cannon this country will send against the forces of the Teutonic autocracy. Every industry and every dollar in the land is pledged to support the war till victory comes to the Allies. This briefly is the Government's programme, outlined by Franklin K. Lane, Secretary of the Interior, in an address here to-day before the closing session of the 56th Annual Convention of the National Education Association. Secretary Lane said 2,000,000 troops would be added to the 1,000,000 already in France if needed a year from now.

"PEACE OFFENSIVE" COMING.

AMSTERDAM, July 5. In a leading article the Socialist newspaper, Vorwaerts, of Berlin, declares that the desire of the German people for a speedy peace with honor is so strong that a sensible accommodation from the other side would be bound to lead to its realization. "Our enemies to-day," continues the newspaper, "have the opportunity of obtaining a peace not prescribed by the war map, but based on the equipoise of the military and economic forces on both sides. The policy of truth, demanded by Philip Scheidmann, Socialist leader, requires an admission that the economic forces of the German people are not inexhaustible, and the fact that we are cut off from overseas raw material is being increasingly felt. The conclusion of a peace with honor thus corresponds to the interests of our adversary in the same degree as our own."

UNREST IN AFRICA.

PRETORIA, S.A., July 5. Premier Botha, of the Union of South Africa, has issued a statement showing that serious unrest exists in South Africa. Strong police and military measures are being taken to cope with the situation. Premier Botha said that had not prompt and effective military measures been taken, the situation would have culminated in a grave disturbance and probably serious loss of life. The Boer leader admitted that the Government had information pointing to the existence of a movement having for its object the subversion of the constitution by violent methods. Continuing, Premier Botha in his statement says, "There is good reason for suspecting that enemy agencies are at work in this country and that they are intriguing to stir up strife, not only among Europeans, but also among the

atives, and no means or matters are deemed too dispicable to obtain their object."

London, July 5.—South African troubles have been the subject of rumors in London for some days. It has been known that a series of strikes have been in progress in the Transvaal mines, and it is reported these had an anti-Government purpose and had been stirred up by German agents or irreconcilable Boers. A message from Johannesburg yesterday to Reuters, Ltd., said that all the natives who had refused to work on Wednesday, later had resumed their duties. A correspondent of the Times, telegraphing from Cape Town on Monday, said the movement was originated by international socialists working on educated natives and helped by the effect of the increased cost of living.

GERMAN SUBS DESTROYED.

AN ATLANTIC PORT, July 5. The destruction in European waters of five German submarines by British transports and by American and British destroyers conveying them, was described by passengers who arrived here yesterday on a British liner. The transports, one of which was carrying American soldiers to a European port, accounted for three of the U-boats, and the destroyers sank the other two, according to the passengers. Officers of the liner confirmed their stories.

CARDINAL DEAD.

ROME, July 5. Cardinal Sebastian Martinetti, Prefect of the Sacred Congregation of Rites, and former Papal Delegate in the United States, is dead. Cardinal Martinetti was the second Apostolic Delegate to the United States, serving from 1898 to 1902, when he returned to Rome. He was born in August, 1848. He was created and proclaimed Cardinal on April 15th, 1901.

FRENCH TAKE PRISONERS.

PARIS, July 5. French patrol detachments operating between Mont Didier and the Oise in the Champagne on the right bank of the Meuse and in Lorraine took prisoners.

AMERICA'S SHIPPING OUTPUT.

PHILADELPHIA, July 5. Reports received by the Emergency Fleet Corporation up to early to-day, of the Fourth of July launching of American ships, showed that 64 vessels, aggregating 348,564 deadweight tons had taken their initial plunge at shipyards throughout the country. Thirty-nine of these ships were of steel and twenty-five of wood.

WILSON ENDORSED.

WASHINGTON, July 5. The call to the peoples of the world to adopt the American declaration of Independence and the reiteration of America's purpose to permit of no compromise in the issues now at stake made by President Wilson in his Fourth of July address at Mount Ver-

non, was endorsed to-day by official and diplomats here. The statement of the President that "no half-way decision is tolerable," nor "is conceivable," many officials believed, will have an important effect in forestalling another "peace offensive" by Germany, rumors of which have reached Allied capitals for several weeks. Although only a single reference was made to Russia, the enumeration of "The people of stricken Russia still among the rest, though they are for the moment unorganized and helpless" was counted upon to be a potent factor in the influence working for the rehabilitation in that country. The Mount Vernon address, it was pointed out by some officials, while not so specific as some of President Wilson's previous addresses, constitutes in many ways the forceful and clear cut statement of Allied war aims that he has given.

FIGHTING IN RUSSIA.

LONDON, July 5. Czech-Slovak forces have inflicted a severe defeat on Bolshevik troops according to a telegram received here to-day from Orkutsk, Siberia. The Bolsheviks are said to have been completely defeated west of Irkutsk and to have been driven out of the region to the east of Lake Baikal.

RUSSIA STILL AGAINST GERMANY.

PARIS, July 5. Alexander Kerensky, the former Russian Premier and Njalmar Branting, the Swedish Socialist leader, attended a meeting of the Socialist Party at the Chamber of Deputies to-day. Ex-Premier Kerensky denounced the Bolshevik policy and displayed a copy of a protest voted on May 18, 1918, at a secret meeting of the Russian Constituent Assembly against the Brest-Litovsk treaty and declared that Russia was still at war with Germany.

THE SILVER BULLETS.

WASHINGTON, July 5. President Wilson has signed the three billion dollar Sundry Civil Appropriation Bill for Government expenses, including the shipbuilding programme during the coming year, and the Naval Appropriation Bill giving a permanent increase of the Navy's enlisted personnel to 151,000 men with 50,000 additional men for the war.

You Feel Fine

Fatigue is the result of poisons in the system, the waste matter resulting from the activities of life. The kidneys have failed to filter these poisons from the blood and you are tired. But awaken the kidneys and liver by using Dr. Chase's Kidney-Liver Pills and you soon feel fine. The poisons are swept from the system, the pains and aches are gone and you are ready for work and for play.

A Ballade of the Fallen

Trumpet and drum, and marching feet,
(Of the past their echoes flow)
Banners that flouted through the street,
Bright eyes, tear-wet, that gazed in vain,
Visions of glory and of glow,
Light hearts of youth that dared the fray,
Lost in the mists of long ago,
Where are the boys who marched away?
Far o'er the sea, their ghostly fleet
Rocks at his moorings, to and fro;
There, where the sea and ocean met,
Proudly their column moves, and Memphis and Thebes lie low, lie low;
Carriage and fallen, and far Cathay—
Where are the hearts that knew their throes?
Where are the boys who marched away?
Young eyes that gazed beyond defeat
Sleep by the Tiber and the Po...
Ah, dreams that hallow battle's heat,
From Flodden Field to Alamo...
Under the poppies of under the snow,
Silent they wait the Last Great Day,
Desert and steep and torrent know
Where are the boys who marched away?
Lord, now the silver trumpets blow,
Calling us to our battle-day...
Grant us to look on high, and know
Where are the boys who marched away?
—Luella Stewart, in the New York Times.
