A. GRAHAM & CO.

THE WATCH FACTORY AT WALTHAM, MASS.

Every sixth minute in the working day a finished watch movement is the average production of the above factory. Yet, at this enormous rate of manufacture, the Company can but barely supply the demand. They have already produced almost

HALF A MILLION OF WATCHES, most of which are in the pockets of the people, testifying to their superior merits as time-keepers. They are now almost exclusively used on

ALL THE LEADING RAILWAYS. Where they are found to run with perfect accuracy, in spite of the constant jar, which so much affects ordinary watches.

SHIP CAPTAINS and other officers, who are frequently absent on long voyages, prefer The American Watch to any other, as they are not perceptibly affected by change of climate, and do not require frequent regulating. The story of the twenty-five dollar "Elmer's" watch that was carried five years by a soldier in the Army of the Potomac, and that varied one minute and a half in that time, WITHOUT CARE OR OILING, could hardly be told of any other watch of the price that ever was made.

TO LUMBERMEN these watches are of great value, not being liable to stop or get out of repair during their months of absence in the woods. They are admirably

ADAPTED FOR PRESENTATION, as the movements are not only reliable, but the cases in gold are rich and handsome and of guaranteed fineness. Thousands of these watches are now worn in Canada—every day they are becoming more popular. Very soon they will be the only watches sold in any quantity in the Dominion. Buyers should always require the guarantee of the Company with each watch, to avoid being imposed upon by spurious Swiss imitations. These watches may be ordered through any Jeweler in the Dominion in gold or silver cases, for ladies or gentlemen; or in districts where there are no watchmakers, we supply them to general merchants by the dozen. To the wearer they are the cheapest watches in the world!

POETRY.

THE FIRELIGHT.

Oh! the leaping, dancing firelight,
Gleaming brighter than the daylight,
Through the shadows of the twilight.
Who is there who would not ever,
In the cheerless winter weather,
When the shades of evening gather,
Sit down in the merry glow,
Listening to the beating snow,
Dreaming dreams of long ago.

While the cat purrs on the hearth,
And the kettle in its mirth
Taps a cheery song gives birth;
And the clock ticks on the shelf,
And the dresser, stored with delf,
Fancy fills with many an elf;

As the bright flames rise and fall,
Gleaming shadows on the wall,
Shape themselves to fancy's call
Into many a fitting form,
Dancing in the firelight warm,
To the bleating of the storm.

Many a picture memory dashes
With her pencil in the ashes:
Lit by the firelight flashes.

Oh! in all our weary years,
Shaded oft by sighs and tears,
And alternate hopes and fears
Happy we, if in our homes
When the evening shadows come,
Gathering round our bright hearthstones,

We may claim our hour of twilight,
Careless of the careless daylight,
And sit dreaming in the firelight.

MISCELLANEOUS ITEMS.

Mr. John G. Bowden, of Waterloo, is about to start a sewing machine factory in that village.

There has been a split in the Wallace and Alma Agricultural Society; and the latter township has promptly organized a Society of its own.

It is believed that the Hon. Wm. McDougall left England yesterday morning, in consequence of the illness of Mrs. McDougall who is still ailing, but is expected to die at any moment.

It is said that the Toronto City Chamberlain has been served with an injunction in Chancery, as the first step in proceedings that have been instituted for the purpose of preventing the by-laws granting aid to the Toronto Grey and Bruce, and Toronto and Nipissing Railways from going to the people.

It turns out that the man who was recently lodged in Berlin gaol, on suspicion of horse stealing, is the identical horse thief for whose arrest a gentleman in London township, who had lost a filly, offered a reward of \$200. Two gentlemen, one a resident of London and the other of Listowel, made the discovery and will claim the premium.

A serious accident from the careless use of a circular saw, occurred at Stevenson's mill, in Alton, on Monday last. A young man named Rollin Crawford, the main support of a fatherless family, was engaged in sawing lath, and forgetting the dangerous nature of his employment, turned round to converse with a bystander when the saw caught his left hand, severing it off a little below the wrist.

DEATH OF THE REV. JAMES THOM.—We regret to record the death of this venerable minister, which took place at his residence in Winterborne on the 28th of November, aged 70 years. The deceased had laboured for the last fifteen years as pastor of the Presbyterian church, in connection with the church of Scotland, Woolwich, and was deservedly esteemed by his congregation, as well as by all who had the pleasure of his acquaintance, for his many christian virtues.

MELANCHOLY ACCIDENT.—We learn that an accident resulting in the death of a young man, who was on a visit to the office of his father, Rev. J. W. Mitchell, in Morristown, opposite Brockville, occurred on Monday. The young man was named Canfield, and belonged to near Water-town, N. Y., where his friends reside. He went out to shoot with Mr. Barnard, to whose daughter he was about to be married, and by some accident Canfield's gun went off the charge entering the back part of the head, causing instant death.—Recorder

FRIGHTFUL ACCIDENT.—Two farmers, named respectively Valentine Winehold and John Zurbriggen, were returning home by a sideline between Shakerpeare and New Hamburg, in a double wagon, on Monday last, when they were run into by the No. 4, afternoon Express train. Both of the horses were instantly killed, and the wagon shattered into a thousand fragments. Upon examination it was found that Zurbriggen was dead, and that Winehold had sustained a dreadful fracture of the right arm near the shoulder joint, in fact the bone was found to be crushed in several small pieces.

A BOUNDARY QUESTION SETTLED.—The *Champion* publishes the following report of C. J. Mackintosh, Esq., P. L. S., on the vexed question of boundary line between Nassagaweya and Nelson:—I beg leave to report that I have found no direct evidence of any movement or trace of the original survey of this boundary line, and that the best evidence I could find is of a second-hand nature. It seems that Provincial Land Surveyor, Hugh Black, went in to survey for the settlers, immediately, or soon after the original survey took place; and no doubt he saw, or had an opportunity of seeing, if not all, the most of the original movement along the line; and the stakes he planted, and the points in which some of them stood before they rotted away, are pointed out and held to by the people, as being the points where he laid the original stakes out. I adhered to those points, and in so doing found that no person's rights are encroached upon; for, on measuring the width of the lot on each side of the line, I found a large surplus. Along the third, sixth, and part of the seventh concessions are the only portions of the line used as a thoroughfare by the public; the remainder is so broken by the mountain, rocky ridges, precipices, and rocks generally, that I may say it is still in its original state, and is likely to continue so.

Wellington County Council.

FRIDAY, Dec. 4th.

The Council met at 3 p. m. The Warden in the chair, and twenty-eight members present.

Mr. Sturton introduced a by-law to appoint a County Treasurer, and a Deputy Treasurer, to determine their duties and emoluments.

On motion the Council went into committee of the whole on the By-law, Mr. Whitelaw in the chair.

Mr. Dobbin moved, and Mr. Massie seconded that the first blank be filled up with the name of Mr. Newton as Treasurer. The motion was lost, only five members voting for it.

Mr. Jull moved, seconded by Mr. Gillespie, that the blank be filled up with the name of Mr. Reynolds. Sixteen members voted for the motion.

Mr. Sturton asked the chairman if he considered this number a majority of the whole Council, to which Mr. Whitelaw replied that he did, the Council being composed of thirty-one members exclusive of the Warden. Mr. Sturton said that in that case it were useless to propose any other name.

The remaining blanks were then filled up as follows:—Wm. Hewitt, Deputy Treasurer, office hours from 9 a. m. till 4 p. m.; Treasurer's salary \$700, and Deputy's \$500 per annum; the former to give security himself in \$20,000, and two freeholders in \$20,000 each.

The Committee rose and reported, the Warden resumed the chair, and the report as filed up was adopted in Council.

Mr. Whitelaw moved, seconded by Mr. McManus, that rule 33 be suspended and that the by-law be read a third time and passed.—Lost.

Moved by Mr. Swan, seconded by Mr. Saunders, that four sureties in the sum of \$10,000 each be substituted for two sureties in \$20,000 each.—Carried.

Mr. Saunders moved, seconded by Mr. Gordon, that the by-law as amended be read a third time and passed.—Carried.

Mr. Sturton desired the yeas and nays to be taken, when the vote stood as follows:—Yeas—Messrs. Boyd, Broadfoot, Cornock, Cross, Dobbin, Gillespie, Gordon, Hunter, Johnston, Jull, Mair, Maxwell, Mitchell, McInnes, Saunders, Stephenson, and Swan.—17. Nays—Messrs. Cassin, Connell, Darby, Duffield, Massie, Melvin, McManus, McMillan, Pasmore, Rae, Sturton, Sutherland and Whitelaw.—13.

Mr. Sturton presented the second report of the Committee on Finance, which recommended that books be provided for the Registrar of the Surrogate Court, the expense not to exceed \$12; and that the Warden issue his order on the Treasurer for \$24, the amount of the expenses incurred by a special meeting of the Finance Committee in July last. Report adopted.

Mr. Sturton presented the following report of the Special Committee on the Statement of the Treasurer.

Your Committee have had under their consideration the document referred to, and have also examined a similar document prepared by the Manager of the Bank. Your Committee regret to observe a very great discrepancy between the two documents, but a more recent communication from the Treasurer explains the difference, stating that the balances included in the statement embrace certain balances in his own possession.

Your Committee would also state that they have examined the Bank pass-book of the Treasurer and find that the entries in said book correspond with the statement furnished by the Manager of the Bank, and have no doubt that the entry is correct. The total indebtedness of the County to the Bank on the 2nd inst., was \$28,492.14. All of which, &c.—Adopted.

An account from the County Solicitor for \$22.58 4d. was presented, also an account from G. H. Todd, Inspector of Weights and Measures, for \$53.45. Both referred to Finance Committee.

Mr. Massie moved, seconded by Mr. Melvin, that the following gentlemen be a special committee to consider and approve of the bonds to be offered by Mr. Reynolds, as security for the due fulfilment of his duties as Treasurer, viz Mr. Sturton, the Warden and the mover.—Carried.

Moved by Mr. Sturton, seconded by Mr. Whitelaw, that the Council offer a reward of \$400 for the apprehension of John McWhinnie, of Minto, for the murder of John Scroggie, of the same township, and on a certificate (forwarded by the Judge presiding at the trial of McWhinnie) of his conviction being presented to the Warden, he issue his order on the Treasurer in favour of the person who procured McWhinnie's arrest; and that the Clerk give publicity in the usual manner that the reward is offered.—Carried.

Moved by Mr. Massie, seconded by Mr. Melvin, that the auditors be instructed to present Treasurer's books, and have the cash balances correctly ascertained, and that whatever balance the books show to be in the hands of the present Treasurer be handed over to Mr. Reynolds on his assuming the office of Treasurer; and that he get a new set of books and keep them by double entry.—Carried.

The Council adjourned till 9 a. m., tomorrow.

CHURCH RE-OPENING AT MITCHELL.—On Sunday last, the Rev. W. S. Ball, of Guelph, re-opened Knox Church (Congregational) in Mitchell. The reverend gentleman took for his text in the morning, Romans VIII, 2 verse; in the evening, Psalm XLVII, 12, 13, 14 verses; and on both preached discourses of more than ordinary interest, while the talented pastor, Rev. J. W. Mitchell, M. A., conducted the services in the forenoon. The congregation who worship in this church having greatly increased since Mr. Mitchell's induction, felt their old church too small for their comfort, and so added 30 feet to the side of the building, at an expense of over \$1000. The interior is very tastefully and substantially furnished by the ladies of the congregation and presents a very pleasing appearance. On Monday evening a large number assembled in the town hall, and after doing justice to the sumptuous repast provided, were entertained by instructive and humorous addresses from their pastor, and the Rev. J. Edgar Croly, B. A., and Rev. Mr. Simpson. The collections on Sunday and the proceeds of the soiree realized the handsome sum of \$150.—*Beacon*.

Mr. Wm. Owen, Principal of the Stratford Common School, was fined \$5 last week for punishing a boy who had given him insolence. The punishment does not appear to have been severe, but the mayor thought a stick two feet long and half an inch thick was a barbarous weapon, though lightly applied. A splendid theory for the boys and one they will make them most of.

Legislature of Ontario.

TORONTO DEC. 4.

The bill relating to fees to Sheriffs was read a third time and passed, also the bill relating to the execution of Discharges of Mortgages and Deeds of conveyance, by married women, was read a third time and passed. The bill to provide for the establishment and government of Central District Prisons within the Province of Ontario was read a second time.

After some discussion, the Mining Bill was read a second time.

Mr. Wood moved the second reading of the bill respecting Taverns and Shop Licenses. In this measure he left the fixing of the number of taverns and the municipalities themselves, and imposed very heavy penalties upon those who violated the law. He proposed also to take away the right of appeal in liquor cases, and to make the Magistrate's decision in such cases final. Another change, which he proposed to make, was with regard to the hours of opening and closing. The provisions of the present law upon this point were useless, as no one observed them; and he held that they could never be enforced, because they went before the public sentiment; and he, therefore, proposed that the municipalities should be allowed to fix the hours of opening and closing. His measure also made provision for the punishment of any party or parties who might compromise a liquor suit; and no municipality should have the power to remit any fine that might be inflicted upon the violators of the law. It might do at temperance meetings to talk about a Maine Liquor Law; but the time for that had gone past. His primary object was, of course, to increase the revenue of the Province; but he also wished to lessen intemperance.

Mr. McKellar objected to the way in which the bill was being hurried through the House.

Mr. Rykert thought that the Bill did not go quite far enough. He thought it would be much better to take the management out of the hands of the municipalities altogether.

Mr. Gray did not have an opportunity of considering the bill fully, but so far as his knowledge went, he was opposed to it in toto, inasmuch as it would allow municipalities to pass by-laws allowing the sale of liquor on the Sabbath.

Mr. Wood said no such powers were allowed the municipalities.

It being 6 o'clock the debate was adjourned.

THE GUELPH POLICE COURT.

Before T. W. Saunders, Esq., Police Magistrate.

SATURDAY 5th.—Robert Sodon was charged by his wife Mary Sodon with assault. Defendant did not appear, and the case was proceeded with *ex parte*, when he was fined \$5 and costs, or 20 days.

John Ewing and John Barrett were charged with being disorderly in the Great Western Hotel. The former was fined \$5 and \$2.57 1/2 costs, or a week in gaol; the latter \$10 and a similar amount for 15 days in gaol. Mr. Guthrie appeared for Ewing and Mr. Palmer for Barrett.

LOSS OF THE FRANCES SMITH.—The *Owen Sound Advertiser* furnishes us with further particulars respecting the loss of the *Frances Smith*. She struck on a reef, hidden beneath the water some four feet, and about five miles distant from land, and fifteen miles from Byng Inlet, for which place she was making when she grounded. Finding that the vessel was not to be got off, and that the heavy sea, which swept upon her with violence, was racking her badly, it was thought best to settle her deeper in the water, in order to steady her. An attempt was made with the steamer *Bonnie Maggie* to get her off, but it proved futile. The steamer now lies filled with water and will probably have to remain so during the winter, but it is to be hoped that in the spring, efforts to get her afloat may prove successful. It is to be feared however that the stress of weather, and crush of ice, she will have to undergo before that time; will pretty effectually finish her. She is insured for \$22,000, one-third her value.

ORDINATION AND INDUCTION.—It accordance with its decree the Presbytery of Stratford met at Millbank, on Wednesday, the 25th Nov., at 11 a. m., for the ordination and induction of the Rev. J. Edgar Croly, B. A. The Rev. Mr. Masgrave preached the sermon, after which the Rev. Mr. Hall, moderator, proceeded with the ordination. Mr. Croly having given satisfactory answers to the customary queries, was ordained by the solemn laying on of hands, the moderator leading in prayer. Afterwards the Rev. Mr. Boyd gave a suitable address to the minister, and the Rev. Mr. McPherson to the assembled people. The proceedings were of the most solemn and interesting character, and were listened to with marked attention by between three and four hundred persons for the space of four hours. Towards the close, Mr. Croly was duly elected a member of the Presbytery and the congregation formally entrusted to him.

A strange metallic substance has been found in the township of Binbrook, county of Wentworth. It is of a light color, much like silver, and although long known to the residents as existing in large quantities, has never been submitted to the proper test. The Hamilton *Times* says that at the time of the war of 1812, it was brought into use by the militiamen for the manufacture of bullets, the supposition at first being that the ore was lead. It was found, however, to be considerably harder than that metal, inasmuch as it would prove injurious to the barrels of the muskets when discharged, and its use for that purpose was finally abandoned.

NOT YET SETTLED.—A despatch from New York says that Secretary Seward insists that Great Britain, in the Alabama claims arbitration, shall acknowledge that the recognition of the Confederate Government as a belligerent power was a violation of the neutrality laws which England herself established, and that, moreover, all claims against citizens of this Government, which have been decided in our favor by the Courts of England, shall be excluded from the consideration of the commission.

Punch thinks that the United States have done well in choosing a Ulysses to rule over them, not only because Ulysses is the type of political wisdom, but because, considering the plague of office-seekers in Washington, there is great need of one who has had previous experience of ridding a house of suitors.

BY TELEGRAPH

PER ATLANTIC CABLE.

Despatches to the Evening Mercury.

LONDON, Dec. 4.—The Right Hon. W. E. Gladstone had an audience with the Queen, yesterday afternoon, and formally accepted his appointment as Chief of the Ministry.

There was a great gathering of Liberal chiefs at the house of Mr. Gladstone last night.

The *Times* this morning, in an editorial on the Cabinet about to be selected, thinks Lord Romilly, the present Master of the Rolls, will be appointed Chancellor of the Exchequer; and Sir Roundell Palmer, Master of the Rolls.

Sir R. Collier will probably be Attorney-General in Mr. Gladstone's Cabinet. Mr. John Bright has been asked to join the new Ministry.

MADRID, Dec. 4.—General Lorenzo San y Soto has accepted his appointment as Captain-General of Porto Rico, on condition that reinforcements of regular troops be sent to that Island. Captain-General Dulce will sail for Havana on the 15th inst.

American Despatches

RICHMOND, Va., Dec. 4.—After the adjournment of the U. S. Circuit Court tonight the Counsel were recalled, when Chief Justice Chase announced that the Court was divided, he (Chase) being in favor of quashing the indictment against Jeff. Davis, and the District Judge opposing it. Thereupon this division of the Court was certified to the Supreme Court of the United States.

MONTGOMERY, Ala., Dec. 5.—The Senate yesterday passed a bill making the wearing of disguises and masks, by a number of men, a crime punishable by fine and imprisonment.

ST. LOUIS, Dec. 5.—A heavy snow storm commenced here Thursday evening and continued until 9 o'clock yesterday morning. At St. Joseph the storm was very heavy.

NEW YORK, Dec. 5.—The *Tribune's* special says the first column of the President's message having been stolen and offered for sale, he will, it is said, transmit the document to both Houses in manuscript, leaving the newspapers of the country to obtain copies subsequently as best may.

Daniels' resignation is regarded here as a virtual postponement of the Alabama claims.

Incredible as it may appear that one compound should be adapted to the treatment of such a variety of diseases, it is nevertheless true that Briggs' Alligator has proved of incalculable benefit in affording prompt relief in thousands of cases of painful and distressing attacks.

The grand object is to subdue pain and bring glad tidings to the suffering.

Its capacity for doing good is unequalled, and no family should be without it, as it may be the means of saving life in those sudden visitations of disease that require prompt measures to prevent a fatal termination. It is conceded to be the most valuable medicine of its class on account of its adaptation to a wider range of diseases than any other preparation, and therefore more convenient as an every day remedy.

It is valuable not only as a counter-irritant to drive pain and inflammation to the external organs to the surface, thereby relieving deep seated injuries and organic lesions, but will be especially useful in restoring the skin to a healthy condition in all those annoying affections attended with inflammation and eruptions.

Briggs' Alligator is sold by E. Harvey & Co., Guelph, and by druggists and general merchants everywhere. Dr. J. Briggs & Co., proprietors, 208 Broadway, N. Y. C. H. Wright & Co., Hamilton, Ont., general agents for the British possessions.

THE WROXETER MURDER.—John Haag, who lies at present under sentence of death in the gaol at Warkton, and whose earthly career, according to that sentence, terminates on Tuesday the 15th inst., has a communication to the *Warkton Herald*, thanking those who have taken an interest in him in trying to get his sentence commuted, and says: "I had I followed the advice of my father and counsel of my mother, and not run away from home and entered the army, I would not be in my present position, nor have placed them in the most painful and trying position that parents can be placed in."

Ex-Gov. Eyre has been again on trial for his method of suppressing the Jamaica outbreak. This time vengeance came in the shape of an action for \$10,000 damages, brought by a man named Phillips, whom the Governor in those days of terror had caused to be imprisoned and flogged. The court had not rendered its decision at the date of our last advices.

THE SOUTHAMPTON FIRE.—Besides the man and woman who lost their lives by the burning of Mr. Ekina's Hotel, Southampton, a child has since died from the injuries received during the fire. Mr. Ekina, who was badly burned, is likely to recover. Nothing was saved from the Hotel, and there was no insurance. The fire is supposed to have originated at the back of the fire place.

VOLUNTEER DRILL.—Complaints are made that many Companies cannot get their Arms, and are thereby prevented from perfecting their drill. It is so it too bad and should be seen to by the proper authorities, in the mean time should any be suffering from rheumatism, pleurisy, pains in the side or back, cholic, or cramp in the stomach, the "Canadian Pain Destroyer" will give immediate relief. Sold by all Medicine dealers, price 25 cts per bottle.

Sir John Young, before his departure from England, was created an extra member of the civil division of the first class, or Knights' Grand Cross of the Order of the Bath. A London journal states that the new Governor will only remain in Canada three years.

<
