

# Do Believe

In going straight to the weak spot in treating disease? If so, you will never use anything but Peps for coughs, colds, bronchitis, and throat and lung troubles. Listen why!

Peps are tiny tablets, which contain rich medicinal ingredients, so prepared that they turn into vapour in the mouth, and are breathed down to the throat, the breathing tubes and lungs direct.

Cough mixtures go—not to the lungs and chest at all, but to the stomach. There is absolutely no direct connection between stomach and lungs. When you have a bad cold, your digestion is weakened. You lose appetite, and if a man, your usual smoke does not "taste good." In other words, your digestive system is lacking tone. All cough mixtures make this condition worse.

Don't ruin your stomach to heal your lungs. Take a remedy that goes right to the spot—Peps.

Surprising how they end coughs, catarrh, bronchitis, sore-throat, "croup," man's throat," asthma, and all lung troubles. Contains no poison, and are best for children.

Dr. Gordon Stables says:—"If you wish to ease and end a cough, if you desire to loosen tickling phlegm, and clear the throat and the breathing tubes, use Peps. The fine fumes and balsamic fumes, so beneficial in throat and lung trouble, which are liberated when a Peps is put into the mouth, also serve another good purpose. They are strongly germicidal, and germs of disease in the mouth, on the palate, in the throat, and in the breathing tubes, are at once destroyed by their action."

Have you tried this famous remedy? If not, cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps at 50c. box.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels: removing all the body's urinous waste, easing the backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life-saver for regular meat-eaters. It is inexpensive, cannot injure, and makes a delightful, effervescent lithia-water drink. W. T. Strong, druggist, agent, London.

## MEMORIAL FOR MONTREAL IN NAME OF PEACE

Movement to Honor Parkman and Champlain.

TO BE COMMITTEE'S GIFT  
Announcement at Meeting of Peace Association.

Ottawa Jan. 8.—At a meeting of the executive committee of the Canadian Peace Centenary Association this afternoon it was announced that part of the celebration will be the erection of a Parkman and Champlain memorial in Montreal. This will be the gift of the general committee of the American Peace Centenary Association and will be quite apart from any memorials to be erected by the various governments.

This announcement was made in a telegram from Mr. John Stewart, chairman of the sub-committee of the American Committee. "Our committee," telegraphed Mr. Stewart, "have favorably acted on motion to present people of Canada with Parkman and Champlain memorial to be erected in Ottawa. An eminent sculptor will undertake to have memorial completed by next spring."

Sir Edmund Walker Presides. The meeting of the executive was held in the railway committee room of Sir Edmund Walker, the president. Others present were: Sir Alexander Lacoste, Hon. G. H. Perley, Sir Joseph Pope, Hon. W. L. Mackenzie King, Messrs. George Burn, Charles Cambie, Travers Lewis, C. A. Magrath, C. F. Hamilton and E. H. Scammell, organizing secretary.

Action was taken in regard to a number of suggestions in regard to the celebration. A resolution was passed suggesting that the final gathering of the celebration should take place at Niagara Falls. The question of the erection of bridges and other joint memorials was referred to the Canadian members of the joint international committee for report. A suggestion for the establishment of life-saving services on the Niagara River was received and was endorsed by resolution.

A number of new members were added to the general committee of the Canadian Peace Centenary Commission. This addition provides for fuller representation of all phases of Canadian life.

New Members For Executive. The executive committee was increased by the addition of the president of the National Council of Women, Mrs. F. H. Torrington, of Toronto; Messrs. G. A. Clare, P. C. W. C. Weichel M.P.; Arthur Sevigny, M. P.; Wm. M. German, M.P.; and Lieutenant-Colonel Farquhar, Military Secretary to His Royal Highness the Governor-General, who succeeds Lieutenant-Colonel Lowther.

Mr. Charles Cambie, manager of the Ottawa branch of the Canadian Bank of Commerce, was appointed honorary treasurer of the association and a member of the executive committee.

Sir Edmund Walker, Hon. Raoul Dandurand and Messrs. C. A. Magrath and Travers Lewis were selected as the Canadian members of the International Joint Committee. On this committee Great Britain appoints five members and the United States nine.

Mr. E. H. Scammell, organizing secretary, reported that arrangements were already under way for celebrations of the peace centenary in about one hundred Canadian cities and towns.

## NO THREE-FIFTHS CLAUSE IN MANITOBA

Premier Roblin Says Local Option Law There Is More Favorable Than Ontario.

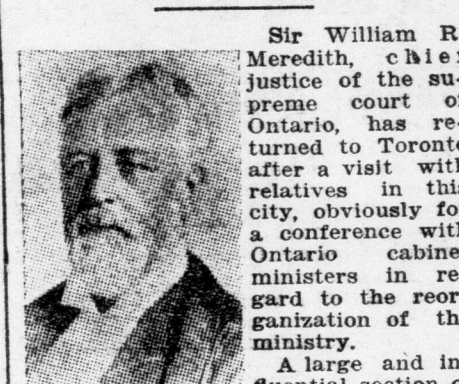

[Canadian Press.] Winnipeg, Jan. 8.—"I don't want any misunderstandings. I am absolutely opposed to the principle of 'Abolish the Bar' and opening the wholesale houses for the sale of liquor all over the province," was the reply today of Premier Roblin to a public deputation, headed by the Moral and Social Reform Council of Manitoba, which waited upon him and other members of the Government this morning. If, said he, prohibition was what was wanted he was with them, but with his experience of thirty-five or forty years in the province, he was against the abolition of the bar and he asserted that a test would justify his judgment. The deputation also put forward a plea for a saving clause in the local option law that will prevent the will of the people being thwarted by technicalities, and in regard to this matter the Premier stated that if the matter could be attended to by amendments that would have general application, the Government would be willing to consider the matter. The Premier asserted that the local option law was more favorable to the temperance element than the boasted law of Ontario, which demanded a three-fifths majority. The Manitoba law, he said, imposed no such heavy handicap. The speakers, who were Rev. C. C. McCullagh, A. W. Fyfe and W. W. Buchanan, secretary of the Reform Council, were introduced by Sir William Whyte, in the absence, through indisposition, of Rev. Dr. C. W. Gordon, the president.

## SIR WM. MEREDITH MAY BE PREMIER

Only Man Who Can Keep Peace In the Cabinet

IS SAID TO BE WILLING

Although More Advanced In Years Than Sir James Whitney, Retains His Vigor and Likes To Be Close to the Government.

Sir William R. Meredith, chief justice of the supreme court of Ontario, has returned to Toronto after a visit with relatives in this city, obviously for a conference with Ontario cabinet ministers in regard to the reorganization of the Conservative party is anxious to have Sir William lead the Government upon the retirement of Sir James Whitney. While Sir William is a man of more advanced years than Sir James, he still retains the strength of his prime, and is said to be willing to come to the aid of the Government, even though it involved a sacrifice of the higher honor that is now his. Sir William likes to be close to the Ontario Government, it is generally conceded, and is a man of sufficient strength to rule the Beck and Hanna elements, probably the only man who could maintain a surface show of peace among the ministers.

May Be the Leader.

There is a strong belief that Sir William's return from a holiday in London gives the indication that he is to be chosen as the leader of the ministry. The Toronto Mail and Empire, which is regarded as the official organ of the Ontario Government, has been conservative in conjecturing the choice of a premier. The Mail says that in all probability the leadership will be given to Hon. J. J. Foy, the senior minister of the cabinet.

Bishop Charles P. Anderson, of Chicago, preached the sermon.

## EGG PRICES DROP TO NEW LOW WINTER LEVEL

Sold for 38c on Thursday, Lowest Price Obtained Here In Some Time.

Indications of the last few days on the local market, go to show that eggs, which have been hovering around the "top notch" price for some time, are slowly descending nearer the normal figure.

On Thursday's market the hen fruit sold for 38 to 40 cents per dozen retail, which is the lowest price obtained for some time. Buyers on the square yesterday reported that crate lots were obtainable for 34 cents, with only a few lots at 36 cents.

The continuous spell of mild weather and the fact that the hens have recovered from the moulting period and are laying steadily, is responsible for the change. It is expected that the present prices will remain firm until Saturday, when a continuance of the present rate will depend on mild weather.

## GARDEN'S TRANSFER ACCEPTED AS TRUE

In Sp'te of Semi-Official Statements That News Is Premature.

[Canadian Press.] London, Jan. 8.—Semi-official statements representing as premature the announcement of the transfer of Sir Lancelot Carden continue to be issued here, but no attempt is made to questioning the truth.

With the exception of the Daily Graphic, the London papers still refrain from editorial comment. The Times continues to regard the news as correct and does not even print the semi-official denial. It gives a little history of the experience and ability of Charles Murray Marling, who is to succeed Sir Lancelot Carden.

The Standard declares that any change which it is proposed to make in connection with Carden's post will have no reference whatever to opinion in the United States or elsewhere, and that it is untrue to say that Washington requested a change.

The Standard adds that there is reason to believe such change has been considered by the foreign office, but that it is premature to say it has been decided upon.

McCadden. Summons and complaint in the case were served upon Otto H. Kahn, of the Union Pacific's executive committee.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe To Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked, and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. For sale by W. T. Strong, London.
