Saints Blanked Stratford In Record-Breaking Game

Billings Besides No Hit No-Run Effort Struck-Out Twenty Men.

Special to The Advertiser. St. Thomas, Aug. 8.-When William Billings outwitted Young of Stratford here today in a Southern Ontario League baseball fixture by the score 7 to 0, it proved to be the first no-hit no-run ame to be recorded in the history of the league. The victory cinched B section of the second series for St. Thomas The feat performed by Billings was the greatest achievement ever recorded in amateur hall in this city. Along with his no-lit, no run game, he garnered 20 strike-outs, another unequaled mark, The Saints played errorless ball behind

ALL-CANUCK LACROSSE TEAM WOULD BE WELCOMED

Canadian Press Despatch.
Ottawa, Aug. 8.—"Canadians are looked upon as part of the family," said Capt. Frederick L. L. Neylan of the Oxford-Cambridge lacrosse team, now in the city to meet a local team, "and the Lacrosse Association of England, while it always welcomes American teams, would be very glad to see an all-Canadian team go ovar to the old country to play a series of games," added the captain. He said that it was due to some spirit that he, though an Irish-Canadian born, was captaining the combined team on this tour. Capt. Neylan said that Canadians enter into university life quite quickly when they get over to the old land.
Captain Neylan was loud in praise of the treatment the members of the team had received on this side.

Moffatt Miraculously Escaped Death-New Five-Mile Record Made. 5:46 IS LOCAL MARK Three minor accidents punctuated tense afternoon of motorcycle races at Queen's Park yesterday. None of them resulted seriously, although nothing but great good fortune saved the riders from

great good fortune saved the riders from greater injury.

Moffatt, the former speed cop from Galt, was in second place in the 5-mile standing start, stock side-car event, and was taking the lead when his machine overturned. He was thrown into the air in a series of somersaults, but suffered only minor bruises. After having his injuries attended to, he gamely announced that he would enter in the five-mile open. And he later won the event. The other two spills were also suffered on the turns, but aside from the fact that the riders were forced from the race with damaged machines, the results were not serious.

that the inters were forced from the race with damaged machines, the results were not serious.

Bud Byles, a Toronto rider, won the 5-mile standing start, stock side-car event, doing the ten laps in 5:29. The time is a track record, and is believed to be a Canadian record for the distance on a half-mile track.

Moffatt whirred off the miles in the 5-mile light machine event, in the lead all the way, except for a stretch in the eighth lap, when Butler, in a beautiful spurt, passed him. The game speed cop regardless of danger on the same turn in which he suffered mishap in his other start, "stepped on" his pet, and quickly ate up Butler's lead. Moffat was ahead on the ninth lap, and flashed under the wire several yards in the lead, finishing in 5 minutes and 46 seconds.

lead, finishing in 5 minutes and 46 seconds.

Arnold O'Donnell, the ex-Canadian champion, was well up in the chances until he spilled, shortly after finishing his seventh lap. At the time he was attempting to pass Moffatt and Butler.

Butler furnished a surprise in the 10-mile open stock machine event. After being in the lead just once in the race, and that in the 15th lap, he sprinted past both O'Donnell, the ex-champ, and Moffatt, who had alternated in the lead, and won by scant feet. His time was 12:24. Moffatt did an exhibition mile in one

Moffatt did an exhibition mile in one minute, 8 seconds. He constantly complained about his wrist, wrenched in his tumble, and except for his accident would in all probability have greatly bettered that mark.

Coville was the only man to finish the 10-mile side-car event. He completed the distance in 15:26. Millett, Toronto rider, went out in the third lap, with a flat rear tire, and Kennedy, after losing a lap and a half in the fourth mile, due to a flooded piston, was forced to withdraw. There were only three riders entered.

Anyway he will be required to weigh in at the middle wgight limit for Johnny Wilson, and it is doubtful if he will have that consideration extended to him which has been accorded Benny Leonard in the past.

All in all, therefore, it would appear to be up to Greb to do some really hard training in the two weeks he has alloted for work at Mahasset. It is difficult to say how this fight will appeal to the customers. There are so many bouts of high-sounding character these days that the fan of fairly limited means hardly knows how to pick and choose. But the flight, so far at least as Greb is concerned, ought to be a corker. Whether or not Wilson's body punching can stand him off is a question.

Question as to Greb weight brings to mind the fact that the classes are battling for the masses these days in a way to make the scientist sick. In fact most of the contestants are going out of their classes and covering up that fact through matches made at catchweights, refusals to weigh in and objections to having newspapermen witness the ceremony when they do step on the scales.

The question whether or not two boxers are so matched in size, weight and ability to make an interesting battle is entirely lost to sight, provided their reputations suffice to draw a crowd to the box office. As a result the fighters so-called, earn plenty of money and the fans are forced are plenty of money and the fans are handed faked goods night after night. It is evident that the fans are going to boxing matches as theatrical crowds go to theatres to see their favorite stars perform. But sooner or later the time is coming when the fight enthusiasts are going to begin to develop some fussiness as to the sort of plays in which their favorites are appearing. Then will come the time when promoters, managers and fighters will have to do shrewder thinking than has yet been demanded of them. Brantford Council To Enact Law To Stop Serious Menace.

Special to The Advertiser. Brantford, Aug. 8.-At the next meeting of the city council amendments will be made to the city fire bylaw, which will make it an offence for motorists to run in front of the fire trucks en route to a fire or come within one block of the fire. A measure of this nature has been deemed advisable owing to the persistence of some motorists in in-advertently hampering the fire brigade while making their way to see the fire at close range. The thoughtless action of a motorist brought matters to red heat yesterday, when he took up his position between the two trucks of the main fire-hall while on their way to a blaze, greatly retarding the move-ments of the second machine.

Use Three Pitchers, Noonan Figuring In Sixth Straight

Special to Tne Advertiser.

Hamilton, Aug. 8.—Hamilton took the last game of the series from Saginaw here today, "Buck" Winters weakening in the tenth after an error started the Hams on their way with two out and walked three men in a row, forcing in the winning run. Winters was accorded poor support in pinches and held the Hams to six hits. Kane was put out of the game for disputing a decision of Umpire Murphy's, and a shift was necessary, Dunn going to short and Horne playing second. Hamilton pitchers again fared badly, three of them being used, it being the sixth straight game in which Johnny Noonan has figured. Walter Milier was recalled by Terre Haute today, and Andy Miller was given his unconditional release, so that the Hamilton pitching staff is two short.
