Astounded at Fine Entering Canada

Niagara Falls, Ont., Dec. 21.—"To think that a thing like this could happen in America," exclaimed Jacob Klenovic, a Russian Jew, as he counted out \$50 in good United States currency, and handed it over to Magistrate Fraser, as the price of attempting to enter Canada at this point after having been rejected at Fort Erie a few weeks ago.

A COMFORTABLE ROAD

Traveller in West Gives Unsolicited Praise to New Railway.

A world-wide traveller, having just returned from a visit to Western Canada has written to one of the chief officials of the Grand Trunk Pacific Railway, and how it serves the travelling public. He says:

"I had the pleasure of travelling from Edmonton to Winnipeg on the new line of the Grand Trunk Pacific, and I would like to say that of the 7000 miles travelled on railways during my last journey the time I spent on the Grand Trunk Pacific was the most comfortable of my entire trip."

"The road-bed is evidently a fine piece of work, the cars clean and comfortable, the men in charge were most polite and obliging, and any question asked of them was answered in a most gentlemanly manner. I would like to refer specially to the dining car service and its equipment, which is the best I have seen. It was in fact a revelation to me after having travelled so far on other roads—the meals being specially good combined with pleasant surroundings and beautifully served."

"I beg to say that it gives you as much pleasure to read this letter as gives me to write you, you will perhaps pardon liberty I have taken in addressing you."

"This is a specimen of the many letters that are being received by the Grand Trunk Pacific officials, praising the exceptionally fine road and service that is now being operated in Western Canada."

CLAIMS GIRLS ARE SOLD

Los Angeles, Calif., Dec. 21.—Declaring that the local Russian colony was a marriage market wherein young girls were bartered like cattle by their parents, Elsie Ta-Vioh Narloff, 17 years old while in the Juvenile court yesterday on a charge of delinquency, screamed that she would bare the secrets of her race rather than to marry a stranger to whom she alleges her parents were trying to sell her. She declared that in the Russian quarter with a population of about 4,000 there were six hundred girls, for sale at an average price of \$500. "They have sold me to a man I have never seen" the girl cried, "I will die before I will marry him. I love another and he loves me, and we will be married as soon as I can get away from my people."

Premier Refuses to Accept Republic

Peking, Dec. 21.—Premier Yuan Shi Kai, in an official statement today said that he, without any qualification, refused to accept a republic. The refusal of Premier Yuan Shi Kai to accept a republic is a categorical reply to a communication made to him from Shanghai by his representative Tang Shao Yi, after the meeting of the peace conference yesterday afternoon. Tang Shao Yi in replying to Dr. Wu Ting Fang the leader of the revolutionary delegates, who had presented the case in favor of a republic, "expressed his readiness to accept Dr. Wu Ting Fang's views but that the matter was so important that he must first communicate with Peking."

The armistice between the opposing forces was extended to December 30 in order to give time for a reply from Peking.

MEANING OF THE CROSS

This cross (in red) has been adopted in Canada and all over America as the emblem under which the Crusade against Consumption is carried on.

Every reader knows of the ravages of this disease; how, too often, the bread-winner of the family falls a victim, or the young man or young woman, with a promise of a happy and useful life, is stricken down.

This modern Crusade, like the one of old, is a winning fight. The death rate from Consumption in this province shows a decrease of over 25% in the past few years.

Nearly 6000 of these poor sufferers have been cared for in our Consumptive Homes in Muskoka and near Weston. To-day we have 300 patients under treatment—patients who, if they had the money, could not through fear of contagion gain admittance into other hospitals.

In the Muskoka Free Hospital alone we are now caring for 156 patients. 128 of these cannot pay a single cent for the cost of their maintenance, 15 pay 70c per day, 1 pays 50c per day, 12 pay 50c or less per day.

Our Trustees, having faith in the generous-hearted people of Canada, have continued to carry on this work during the past year.

Money to pay doctors, food, nursing and caring of these sick ones, is urgently needed. Will your readers help and have the joy of sharing in a work that has the promise of the Master's reward?
