School Trustees Will Ask For \$365,000
For General Expenses and \$76,000
For Building Purposes.

The meeting of the Public School Board to be held to-night will be the most important of the year, and if straws indicate which way the wind is blowing it will be the stormiest. All estimates have been prepared and will be submitted in detailed form. The agitation for salary reductions all round has failed, for salary reductions all round has failed, and if the board accepts and passes the reports and if the board accepts and passes the reports of the different committees no general reductions will be made. The teaching staff will be increased as well as the natural increase in the salaries of the teachers. As will be seen by the comparative reports, about \$10,000 more will be paid for salaries this year than last. Despite this, however, the amount asked from the City Council will be less than last. Despite this, however, the amount asked from the City Council will be saved on repairs, fuel, rent, supplies, etc. Last year the salaries amounted to \$311,835. The board asked for \$385,185 and received \$366,185. The board asked for \$385,185 and received \$366,185. The board this year will ask from the City Council \$365,000.

The board this year will ask from the City Council \$365,000.

The contracts for supplies will be divided about evenly among three firms: Copp, Clark & Co, Selby & Co, and Gage & Co.

Mr. Bishop's report will show that the value of the property held by the ad has increased from \$689,000 in 1888 to \$1,425,000 in 1893, while in the same period the class rooms have increased from 269 to 459.

The estimates for repairs have decreased from \$20,000 in 1888 to \$12,000 in 1894.

reased from \$20,000 in 1635 to \$15,000 to be asked for school expenses, the board will ask for \$76,000 for building purposes. They have been refused anything from the council for this purpose for three years past, but they claim they must have it this year. The amount it is claimed now paid for rent for temporary rooms would more than pay the interest on this amount. It is proposed to build a new school in Fern-avenue costing \$19,000 and make additions to Bolton-avenue, Bordenstreet, Givens-street, Kyerson and Dewson-street schools, costing \$10,500, \$14,000, \$9000 and \$9560 respectively.

WANT IT CANCELLED. The Agreement Between the City and the

Those residents living and doing busines in Yonge and adjacent streets between the C.P.R. tracks and the tollgate are incensed at the action of the County Council in making an agreement with the Metropolitan Street Railway Company—the interested parties gives that company—the interested parties state—an exclusive franchise for 70 years. The people feel so strongly on this point that they are making up a delegation to ask the City Council to exercise the right of the city they are making up a delegant to the city council to exercise the right of the city to rescind the privilege granted the Metropolitan to run electric cars on that section. The agreement with the Metropolitan allows the city to cancel the privilege on 24 hours' notice. This would have the effect of compelling the Metropolitan to put on horse cars from the city limits to the C.P.R. tracks. The residents in that locality state that the Metropolitan would soon become tired of running horse cars, and then the city railway company would run its cars to the city limits for a five cent fare. The people in that section say they and the thousands who wish to visit Mount Pleasant Cemetery should be afforded equal facilities with those enjoyed by any other part of the city and expect the aldermen to take immediate action in the premises.

A deputation from the Islanders' Associa tion, consisting of Mr. J. L. Gordon, Prot Shuttleworth, Ex-Ald, Irwin and others Shuttleworth, Ex-Ald, Irwin and others, waited on the sub-committee of the Property Committee yesterday to ask that a better ferry service be established from the east and west ends of the city. They also want a better service to the eastern end of the Island, which, they claim, has been neglected in the past. What they ask principally it that the boats run oftener and that the service start earlier and run later in the season than they have been doing. Mr. Hammond was present for the Toronto Ferry Company and Mr. Withrow for the Wiman baths. After a somewhat heated discussion, which and Mr. Withrow for the windin data. After a somewhat heated discussion, which lasted for an hour and a half, the committee decided to defer action to allow the ferry company and the Islanders' Association to hold a conference and try to reach some agreement, and to report to the committee two weeks from yesterday.

A U.S. Admiral Cowed By a Jap. Sydney, N.S.W., March 14.—Passengers the steamer Arawa say that a subject of apan was recently arrested in Honolulu for trivial offence and placed in jail. He scaped and swam out to the Japanese war-

ship.
The authorities appealed to the American admiral asking that he demand the surrenadmiral asking that he demand the surrender of the Japanese.

The commander of the Japanese warship
refused to give the man up and threatened
that if the American admiral boarded his
ship he would give him half an hour to
leave, and if he refused the American flagship would be blown out of the water. According to the story of the passengers, the
escaped prisoner was unmolested.

MR. GEO. READ. Read the Proof.

DEAR SIRS.—I write you to say that for some time I had been suffering from acute indigestion or dyspepsis, and of course felt very great inconvenience from same in my general business. I thereupon decided to try Burdook Blood Bitters, and after taking two bottles I found I was quite another man, for B. B. B. entirely cured me. I have also used it for my wife and family and have found it the best thing they can take, and from past experience I have every pleasure in strongly recommending B.B.B. to all my friends.

I write you because I think that it should be generally known what B. B. B, can accomplish in cases of indigestion.

Yours faithfully,

Schwartz, Dupee & Co. wired Dixon & Co.: Wheat was as narrow in its fluctuations as on Tuesday and a great deal duller. Exports fair of flour but small of wheat. There was no break in the fine weather except a seasonable snowstorm in the Northwest. Cables dult. There was sharp enough demand for cash wheat here to run the cash price up to within one cent of May, but it was hard to say whether the demand was from elevator people or for shipment, probably both. The stock of hard wheat at New York has been reduced considerably, creating some demand here, but this demand resulted in no business to-day. Northwestern markets were firm. The winter wheat markets are easy. It would look as if nothing but exceptionally bad weather could rally this market. Corn barely steady, the cash demand showing some failing off. Light receipts, 234 cars, with only 160 estimated for Thursday, strong cables, and the prospect which seemed to exist for rain were the bull helps. Shippers were sellers and were reporting larger purchases in the country. Export clearances were 25,000.

Henry A. King & Co. special wire from F. G. Logan & Co., Chicago: To-day's wheat market ruled narrow and dull. With seeding in the Northwest, small clearances of actual wheat and lower cables the market dragged along barely steady. Corn opened firm with a good crade, but after considerable realizing market turned hogs to-morrow 30,000.

BREAKFAST-SUPPER. BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided for our breakfast and supper a delicately-flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
