25 CHILDREN KILLED.

RAVAGES OF A TERRIBLE CYCLONE IN MISSISSIPPI.

Vicksburg, Miss., April 13.—Conductor Thomas, of the Yazoo & Mississippi Valley road, arrived here last night and reports the entire town of Robinsonville, Coahoma county, swept away by a cyclone about 4:30 p. m. yesterday. The buildings in the town caught fire, and it is feared a number of persons were burned in the ruins.

Only four persons are known to be dead, or fatally injured. Sixteen persons are missing, and are supposed to be among the ruins of the burning stores. The foundations of the buildings were in some instances blown away.

The cyclone swept the country west and east of the village and killed many people, mostly colored. A colored school-house on Indian Creek was swept away, and about 25 children are killed and missing. The teacher, a woman who narrowly escaped with her pupils about three weeks ago in the cyclone at Lunca, was killed.

Brownsville, Tenn., April 13.—A severe storm struck Shepards, seven miles southwest of here, yesterday afternoon, killed a girl and totally demolished everything in sight.

The Best Remedy.

DEAR SIRS,—I was greatly troubled with weakness, loss of appetite, restlessness and sleeplessness, and found B. B. B. the most strengthening and beneficial medicine I have taken.—MISS HEASLIP, 34 Huntley St., Toronto, Ont. 2

Anderson Veney Convicted at Sandwich of the Murder of His Wife.

Sandwich, Ont., April 13.—Anderson Veney, who murdered his wife on the 11th September last at their home in Amherstburg, was up for trial this morning, and took up the whole day. The jury brought in a verdict of "guilty," recommending him to mercy. Judge Street passed sentence of death on him, to be hanged on May 18th next, stating that the papers would be sent to the Government for consideration. Malcolm Cowan, of Windsor, appeared for the prisoner, and R. C. Clute, Q. C., prosecuted.

Highly Spoken of.

DEAR SIRS,—I have used your Hagyard's Yellow Oil for sprains, bruises, scalds, burns, rheumatism and croup, and find it is an unequalled remedy. My neighbors also speak highly of it.—MRS. HIGHT, Montreal, Que. 2

Arbor Day.

As the first Friday in May has been set apart by Ontario Statute for the purpose of planting trees, shrubs and flowering plants in our school yards and otherwise making the school surroundings as attractive and home-like as possible, the occasion should be taken advantage of by the teachers to impart interesting, practical and instructive lessons in botany as well as to stimulate in the young hearts a love for aesthetic improvement. Apart from Christianity no other subject so refines and elevates our mortal being as the study of God in nature. The attention of the pupils should be directed to the wisdom of the Deity in the building up of the tree, shrub or flower and the adaptation of their various parts to the function they were designed to perform in the vegetable world. The planting and subsequent cultivation is the least important work. If the beauty, order and harmony of the plant world be intelligently unfolded to the youthful mind it will tend to awaken therein a taste for neatness and order in all school matters relating to pupils and create impulses which will grow and develop, and tend towards the softening and refining of character and the opening up of new sources of pleasure. Most important of all, the great Author of nature should be held prominently before the young minds in connection with arbor day lesson, as the great centre from which emanates not only every thing which is grand and beautiful but who desires all mankind to study Him both in his word and work and, leaning on his Power Divine, to prepare for eternal felicity.

How to Cure All Skin Diseases

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, &c., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT. a15

The Cyclone in Michigan.

Detroit, April 13.—Ypsilanti was swept by a cyclone last evening. Buildings, including the post office, were wrecked, but no person was injured. Loss, about \$100,000. At Royal Oak the storm wrecked the house of Christian Brick, the building caught fire, and Brick and his wife were burned to death in sight of their children.

Richard Hooper died at the Elgin House of Industry, St. Thomas, Wednesday night of rapid consumption, aged 25 years. He was a native of England and was only admitted a few weeks ago from Southwold. Two brothers reside at Guelph.

Interfere with digestion and you have ill-health. Undigested food decays and breeds disease, it may be of the blood, of the kidneys, of the liver. Recover good digestion and you remove the primitive cause and effect a cure. Indigestion is the first cause of most sickness. You can rely on Dr. Cowling's Digestive Pills to cure indigestion, dyspepsia and remove all symptoms resulting therefrom. Bile and purgative medicines result in constipation. Cowling's Pills cure constipation; they are small, sugar-coated, concentrated strength, powerful yet mild in their action. There is a reaction after using most medicines, tending to sluggishness and constipation. Not so with Cowling's, their lasting influence is felt on the stomach, the blood, liver, kidneys and bowels.

25 Richmond Street West (Wesley Buildings), Toronto, March 24th, 1891.
 Having been troubled for years past with sick headache and indigestion, and never got anything to do me so much good as Dr. Cowling's Pills.
 Yours respectively, S. A. FLOWERS

A Level-Headed Prince.

THE FUTURE KING OF ENGLAND SHOWED ABILITY TO GOVERN JUDICIOUSLY.

One of the closest friends of the Duke of York—now heir to the English crown—told this anecdote of him the other day:—

While Prince George was serving on the West Indian squadron he was put in command of the steamship Thrush. The following day a sailor in irons was brought on board to be transported to another part of the station. The prisoner was but a lad of the same age as the young commander, and there was something in his face and bearing, reckless though he was, which showed that he was not wholly bad.

Prince George watched him keenly during the short voyage, and after he had delivered him up for punishment made a note of the time when his imprisonment would be over. When the day came he applied to the admiral to have the man transferred to the Thrush.

The admiral remonstrated urging that it was not the prisoner's first offence; that he had been drunken and disorderly for two years.

"Let me try what I can do," said the Prince. The admiral reluctantly consented, and when the prisoner came on board the Thrush he was brought before the young captain.

When they were alone together the boy whom fortune had made a prince said to the other boy whom she had made an outcast:—

"You have been transferred to my ship. I believe there is some good in you and I wish to give you a chance for your life. You are given a clean sheet for your record. The first class men go ashore to-day on special leave. Go with them. You have had no leave for a year. I exact no promise of good behavior from you and trust wholly to your honor. I hope you will not disappoint me. Here is a sovereign. You know what you ought to do and what you ought not to do as well as I can tell you, and if you offend again you must go back to the class from which I now remove you. Your future is in your own hands."

The man proved worthy of the trust. He has been so honest and efficient a sailor that he is now promoted into the rank of petty officer.

Relief and Cure.

SIRS,—I have used Hagyard's Pectoral Balm for coughs and colds, and it gives relief in a few hours and always results in a cure. I would not be without it.—MRS. A. VICE, Berlin, Ont. 2

She Could, Too.

"Johnnie, if you haven't been swimming how comes it that your skirt is on wrong side out?"

Johnny—There wasn't any danger, ma; I could touch bottom.

"So can I," replied his mamma, as she reached for a slipper.
