GOOD FOR PICTOR.
(From The Galt Reformer.)
The Bluesones are a highly intellectual and cultured people. No fewer than six of Pietou's sons have filled or are filling the positions of principals of Canadian colleges. They are: Principal Gordon, of Queen's; the late Principal Grant, of Queen's; Principal McCrae, of Morris; the late Principal Dawson, of McGill; Principal Forrest, of Dalhousie, and Principal Falouso, of Toronto University. That is a record hard to beat.

For the last three years apples from the O'Key-Fitzgerald farm, Felcher street, Cornwallis, have brought record prices in England. Forty barrels of Cox's orange pippins sent to the London market brought fifty to fifty-two shillings per barrel. The English Knight Wellington also shipped from the O'Key-Fitzgerald farm have brought record prices for three successive years. This is a tribute to Nova Scotia, in which Mrs. O'Key-Fitzgerald may be naturally very proud.

ALMOST A CENTENARIAN.
(Digby Dispatch.)
Digby, May 14th.—Mrs. Charlotte Everett died at the home of Mrs. Laura Medler, Birch Street, at 8 o'clock this morning in the 98th year of her age. The deceased was the oldest person in Digby County, and was born in Waterford, Digby Neck, on March 3rd, 1810.
That Mrs. Everett lived to a ripe old age we will admit, but as to being the oldest person in Digby County as there is living at Lansdowne, Digby County, Mrs. Alexander Turnbull, born October 4th, 1809. This old lady is hale and hearty, walking a distance of 2 of a mile to church, and this spring she carried a sap to the house and sugared it off, and at the present time bids fair to reach the century mark.

GOOD WORDS FOR CHAMBERLAIN'S COUGH REMEDY.
People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. W. Wade and Bear River Drug Store.

Joker's Column

THE PROVOCATION.
"You are charged with having knocked your wife down, blacking both her eyes and loosening two of her teeth; have you anything to say for yourself?"
"She had it comin' to her, yer honor."

"What did she do or say that could in any way justify such treatment on your part?"
"She said I didn't love her no more."

Boy Patient—Can you walk on your hands?
Nurse—No, dear, I can't do any thing like that.
Boy Patient—I thought you said you were a trained nurse.

DOING RIGHT WELL.
"John's done right well up in the city, arter all."
"Yes, I've jes' heard that he's recovered from one appendicitis, two arteriolectomies, one heart failure and three business ones."—Atlanta Constitution.

SHE SAVED HIM.
Mayme—One evening last week Jark Huggins calmly informed me that he would kiss me or die in the attempt.
Betsy—My goodness! And did he kiss you?
Mayme—Well, you haven't heard of his demise, have you?

A MIXUP AT HOME.
A young married woman walked into a grocer's shop, angry to the very roots of her hair, and banged a piece of yellow substance on the counter.
"Here," she said, "is the soap that does the washing of itself; the soap that makes every washing day a glorified feast; the soap that makes the linen white as snow and lets the delighted housewife play with the children while the clothes wash themselves, and—"
"I beg your—" interrupted the grocer.
"Yes, I know what you are going to say," broke in the irate wife. "All the same, I have been scrubbing three mortal hours with that lumpy, and I might as well have used a brick for all the lather I could get out of it." And she stopped, out of breath.
"But, my dear madam," said the grocer calmly, "your husband came in here yesterday and bought half a pound of soap and half a pound of cheese. This isn't the soap; this is the cheese."
"The cheese!" exclaimed the young wife. "The cheese! Then that accounts for the other thing."
"What other thing, madam?"
"Why, the Welsh rabbit. No wonder it had such a queer taste!"
(A prize of \$100 was paid for the foregoing anecdote to N. L. G. Anderson, Jenningston, W. Va.)

THINGS BETTER LEFT UNSAID.
Shining Examples of the Art of Talking Without Thinking.
Some people are perpetually giving offence in the most unconscious way, says an exchange.
"Now, do let me propose you as a member of the club," says Smith.
"But suppose they blackball me?" replies Brown.
"Pooh! Absurd! Why, my dear fellow, there's not a man in the club who knows you, even!"
A lady, very desirous of concealing the awful fact that she is the same age as her husband, observed to a visitor:
"My husband is 40; there are just five years between us."
"Is it possible?" was the unguarded reply of her friend. "I give you my word you look as young as he does."
As unexpected must have been the reply of the husband whose wife said:
"You have never taken me to the cemetery."
"No, dear," he answered, "that is a pleasure I have yet in anticipation!"
It is related of a portrait painter thus, having recently painted the portrait of a lady, a critic who had just dropped in to see what was going on in the studio exclaimed:
"It is very nicely painted; but why do you take such an ugly model?"
"It is my mother!" calmly replied the artist.
"Oh, pardon, a thousand times!" from the critic, in great confusion, "I ought to have perceived it. She resembles you completely!"

DOCTORS USING PATENT MEDICINES

The Honest Physician is Anxious to Cure and Uses the Best Available Remedies.

The proposed legislation through the Dominion Parliament for the regulation of the manufacture and sale of patent or proprietary medicines is of the utmost importance, and it is receiving a great deal of attention, not only by the proprietary medicine manufacturers, but also by the leading doctors and druggists. Every manufacturer of reliable and high class remedies welcomes the bill as a step in the right direction. The discussion has brought out the fact that the best physicians in Canada and on the continent approve of and prescribe Psychine in cases of the most difficult character. In a recent instance of very serious throat and lung trouble the patient had been using Psychine. Two leading United States specialists were consulted, in addition to two eminent Canadian physicians. Upon learning what the patient was using, a sample of Psychine was taken and analyzed, with the result that the physicians advised its continuance. They prescribed no other medicine but Psychine, with the result that the patient has fully recovered and is a splendid walking and talking advertisement for the wonderful curative power of a remedy that will "stand up" before the keenest professional criticism and analysis. As a builder up of the system and restorer of all wasted conditions, Psychine has no equal, and the best and most earnest physicians recognize this fact.

At the age of 27 my eyes were in a terrible state. I had in 1890 the year before; it settled on my eyes and I kept steadily growing worse till I got down so low I was in bed for six weeks. I had a consultation of doctors, and they said they could do nothing more for me. Then I started to use Psychine. I took the medicine for more than a year. It certainly did me my sickness. I am now as strong as I was before my sickness."
MRS. H. B. BRYE, Morpeth, Ont.
Psychine, pronounced Si-keen, is the greatest of tonics, building up the system, increasing the appetite, purifying the blood, aids digestion, and acts directly upon the throat and lungs, giving tone and vigor to the entire system. At all druggists, 50c, and \$1.00. Dr. T. A. Stearns, Limited, 179 King Street West, Toronto.

On a similar occasion a facetious friend, inspecting a portrait, said to the artist:
"And this is Tom Evans, is it?"
Dear, dear! And I remember him, such a handsome, jolly-looking chap a month ago. Dear, Dear!

SHE SCORED ONE.
(Exchange.)

Write—The Bible says much in favor of women, John. I thought that the Israelites kept their women in the background, but if they did, the Bible which is their history doesn't.
Husband—Humph! The Israelites did well by keeping their women in the background, that's where women should be.
Wife—But still the Bible says that—
Husband—Oh, I know there are a few women mentioned in the Bible—there was Jezebel, she was a woman.
Wife—Yes, and there was Ahab, he was a man. And there was—
Husband—It's no use talking, Mary. The Bible is a history of men. Women are mentioned only incidentally, as they had influence on the action of men. The Book says very little about women compared to what it does about men.

Wife (musingly)—You may be right, John, now, when I come to think of it. There is one thing at any rate it says about men that it does not say about women.
Husband (smiling)—I thought you would come to your senses, Mary. What is it the Book says about men that it does not say about women?
Wife (placidity)—It says all men are liars.
Then the Husband arose and put on his hat and went out.
