REMARKS BY JUDGES.—In submitting the Report, your Committee would express their high commendation of the entire Short-horn class, the representation throughout being very strong, and affording the most gratifying evidence of the enterprise and judgment with which the management of the herds has been conducted. Your Committee would recommend that animals for exhibition should be halter-broken; also, that the provisions of suitable rings would greatly facilitate their operations. At the New York State Exhibitions it is customary to award the premiums before the animals leave the ground, and that Society find that course gives universal satisfaction.
