A MISSIONARY'S WIFE

Interesting Letter from India A Long Summer Season.

The following letter is from the wife of an American Baptist missionary at Nowgong, Assam, India: "After living here for several years I found the climate was weakening me. I began taking Hood's Sarsaparilla every summer. This found so beneficial that I now take one every morning for nine months in the year, that is, through the hot weather. My general health is excellent and my blood is in good condition. My weight does not vary more than one pound throughout the year. I find Hood's Sarsaparilla indispensable in the summer and recommend it for use in a debilitating climate." MRS. P. H. MOORE.

The above letter is similar to thousands received and constantly coming in.

SONG RECITAL.

Miss Bonnie Bonsall's song recital at St. George's Hall on the evening of Sept. 30th was a very successful affair. The neat little auditorium was well filled with people of musical taste, whose demands upon Miss Bonsall were greater than she could reasonably satisfy. Every number was received with enthusiasm, and the result of the recital is to give Miss Bonsall a high place in the ranks of Toronto concert-singers. The aria, "Nobil Signor," was substituted for the Rossini number on the programme, giving those present an opportunity of listening to one of the artist's most successful renderings. Her voice is rich and flexible, and the impression made upon those who heard Miss Bonsall was such as to justify the favorable reports that have preceded her arrival from England. Mr. Mercier, Mr. DeLasso and Mr. Wark also contributed to the programme.
