

Iron and Manganese Preparations

AS a tonic in neurasthenia, general debility, convalescence, various forms of anemia, dysmenorrhea due to blood impoverishment, etc., our *Solution Iron Peptonate and Manganese* has long been a favorite with the medical profession. It is pleasant to the taste. It is ready for prompt absorption. It does not disturb the digestion.

We manufacture four preparations of *Solution Iron Peptonate and Manganese*, as shown in the illustration, the proportions of the metals being the same in all (0.6% Iron and 0.1% Manganese).

Most efficacious of the organic iron agents

Capsolin

AN EXCELLENT
COUNTER-IRRITANT AND ANODYNE.

AFFORDS PROMPT RELIEF IN

MILD INFLAMMATORY AFFECTIONS,
SPRAINS, MYALGIAS, NEURALGIAS, ETC.

Capsolin is a combination of Oleoresin Capsicum, Camphor, Oil of Turpentine, Oil of Cajuput, and Croton Oil, with a bland base. It is an admirable substitute for the traditional mustard plaster, with this distinct advantage—it is *always ready for use.*

Supplied in collapsible tin tubes, with screw cap.

A combination containing Oleoresin Capsicum, Camphor, Oil of Turpentine, Oil of Cajuput and Croton Oil, upon a bland base agreeably aromatic.

Directions: For use—Apply to the affected part, as quickly until the product is absorbed.
