AND RECOMMENDED THE

Medal of Honor and Perfection

At PARIS, 1878,

This being the HIGHEST and ONLY AWARD given for

LINEN RECORD AND LEDGER PAPER.

Also, the only Gold Medal given for Ledger Paper at the Adelaide, Australia Exposition, 1881.

A SPECIALTY.

THIS paper has received THE HIGHEST PREMIUM over all others from the Commission Industrial Exposition Massachusetts (Chart and Mechanics Association), Franklin Institute of Philadelphia (United States Exposition), Boston and Lowell (United States Exposition), and the London and Progress American Institute 1877 and Medal of Honor and Perfection 1878. THE PRINCIPAL ADVANTAGES are as follows: 1. It contains more lines than any other Ledger Paper has, and is not so bulky. 2. It is more uniform in weight and color than any other. 3. It is more uniform in its mechanical action upon the pen than any other. 4. It writes and runs off better. For proof of the foregoing refer to a large number of Statisticians, Bookkeepers, and Researchers who have given it after a severe test the preference over all others. This paper is Double Sized, and will stand any climate or the most acid of the fluid inks.
