

tirely unsettled and dealers differing widely as to the true figures to express them.

SALT.—Canadian seems somewhat easy at 95c. per barrel by the car-lot and \$1.00 for small lots, but sales few. Liverpool coarse, inactive; some still offered at 55c. by car and 65c. for small lots, but this not very choice, we believe; Liverpool fine and dairy nominally unchanged.

TALLOW.—Last week's attempted "bear" movement has been a failure; dealers are again paying 6½ to 6¼c. for rendered, with a fair supply offered. Rough unchanged at 3½c.

WOOL.—There have been a few small lots of fleece sold at 18 to 19c., and some enquiry for lower grades has also been heard; super has sold to a small extent at 20 to 21c., but there has been very little doing in this line; extra, inactive and nominally unchanged. Factories still wanting coarse fleece and have taken both it and super at former prices.
