PARCEL POST IS ADVANCED A STEP

Pelletier Introduces Resolution But Is Silent as to Details.

OTTAWA, May 16.—(Special).—Postmaster-General Pelletier today put thru committee a resolution declaring "that it is expedient to establish a parcel post system and to provide for the appointment of two officers and supervisors at salaries of \$2800 on appointment with an annual increase to a maximum of \$3000."

The minister explained that it was necessary to pass this resolution before introducing his bill respecting the parcel post. After the resolution was adopted, he introduced the bill, which is not yet printed, but which it is understood merely embodies the contents of the resolution.

Mr. Pelletier said he would explain the general scheme for the parcel post which had been decided upon when the bill came up for second reading. He stated to The World this evening that no intimation of the government's program would be made until it was communicated to the house.

Needs No Legislation.
"As a matter of fact," Mr. Pelletier said, "no legislation is necessary to establish the parcel post. The postmaster-general has full authority to prescribe regulations for the carriage of fourth-class matter and the rates to be charged therefor. The bill will not disclose the regulations, which I will explain to the house if desired on second reading."

It is generally understood that the parcel post service will operate the mails to farm and factory products, as in the United States, with a weight limit of 11 pounds and a length of 72 inches. The rates, it is understood, will follow the United States model in being regulated as to distance by certain zones, although an official announcement as to this has been made as yet.

LEE SUEY'S DEATH WAS ACCIDENTAL

Jury Attach No Blame to the Driver of the Taxi-cab.

"Accidental death" was the verdict rendered by a jury, empaneled by Coroner Dr. W. J. H. Campbell, last night, to inquire into the circumstances surrounding the death of Lee Suey, who was knocked down by a taxicab on West George street on Thursday night, and died in St. Michael's Hospital shortly after admission.

This verdict was returned in spite of the fact that several Chinese witnesses declared that John Mitchell, chauffeur of the taxicab, was driving very fast and that he did not blow his horn. Mitchell stated that he was traveling about 10 to 15 miles an hour and that he sounded his horn three times before Lee Suey was knocked down. His evidence was uncontradicted.

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME

POLICE PLANS FOR BORDEN MEETING

One Hundred Officers Will Assist in Marshaling Parade.

EXPECT LARGE CROWD

Delegations Will Congregate Along Front Street and March to Arena.

Final police arrangements in connection with the demonstration to Premier Borden and the mass meeting to be held in the Mutual Street Arena were made yesterday at a conference of the officers of the Central Association executive with the chief of police and representatives of the Toronto Railway Company. The procession will start from the Queen's Hotel at 7.30 o'clock after a grand welcome to the premier, who will fall in line and be escorted to the Arena. The line of march as finally determined is along Front to Bay, north to Adelaide and thence to Jarvis, to Shuter, to Mutual.

More than 100 policemen, mounted and foot, will preserve order, both while the parade is in progress and in and about the Arena. The procession will be headed by mounted police officers, while mounted men will line both flanks, at regular intervals. In effect, the companies in the procession will be closed in by police lines. The delegations will congregated along Front street, The Ward 1 and Ward 2 contingents are meeting at Victoria Hall at 7 o'clock and intend to leave at 7.15, marching along Queen to York and down to Front, thence to the Queen's Hotel, where the Army and Navy Veterans will be assembled. Wards 3 and 4 have their rendezvous between the Union Station and York street. Wards 5 and 6 are gathering a few hundred yards west of Simcoe. The Centre and South Toronto Conservative Clubs first met at their clubrooms, from where they will proceed down Simcoe. Granted satisfactory weather conditions, it is predicted that fully 100,000 people will line the route of march or crowd the Arena within and without to cheer the premier.

COLBECK NAMED AS NEW SHERIFF

Final Settlement of New Judicial District of Timiskaming Is Made.

The final settlement of the judicial district of Timiskaming was announced yesterday by the government, in the appointment of the legal officials. The sheriff for the district is Geo. Colbeck of Halesbury, ex-inspector of Cobalt, and his acceptance of the position leaves a vacancy to be filled by the attorney-general, T. J. Meagher of Halesbury is made clerk of the district court, registrar of the surrogate court, and F. L. Smiley of New Liskeard becomes the district crown attorney.

With the exception of the appointment of the district judge, the district is now complete.

WHEN IS A FARM A RANCH?

which the new act will allow banks to take on cattle and grain.

(3) A slight modification has been made regarding rates of exchange and rates on notes and agency charges.

(4) Provision has been made for the sterilization of bank notes.

(5) Additional safeguards are placed between the incorporation of a bank and the issuance of the treasury board certificate which authorizes a bank to do business.

(6) A penalty has been fixed for the punishment of officials of banks who are guilty of corrupt practices in the making of loans.

Sir Wilfrid's Criticism.
Sir Wilfrid Laurier declared that so far as he could see, the majority of the changes had been of a trivial nature. To his mind there were only two vital changes. The first was the regulation respecting the audits, and the second the registration of liens upon cattle and grain.

Mr. Carvell (Carleton, N.B.) drew attention to the fact that liens could be made on a rancher upon cattle and a farmer upon grain. What was the distinction? Unless "farmer" and "rancher" were clearly defined in the act it would mean endless litigation on the subject. Who would be competent to say whether a man was a rancher or a farmer? Many were both.

When's a Farm a Ranch?
Mr. Carvell objected that in the interpretation clause, the word cattle was not so defined as to include swine.

Mr. White said there was some limit definition and everyone was supposed to know the difference between a ranch and a farm.

Hon. Frank Oliver said the words were used interchangeably. In his part of the country a man might refer to his property either as a ranch or a farm. The clause as it stood in Mr. Oliver's opinion was arrant nonsense.

"Here is a man," he said, "for example, living near Edmonton, who has forty steers and a thousand bushels of wheat. He can give a lien on the steers because he is a rancher, but he cannot borrow a dollar on the grain or vice-versa. If he borrows money on the grain in the character of a farmer he will be unable to raise any money on his homed cattle. Many of our ranchers or farmers have more money invested in hogs than they have either in grain or in cattle. Why should not the lien be extended to include swine?"

Clause 2, the interpretation clause, stood over.

Bank Clerks' Salaries.
Subsequently a discussion sprang up respecting the salaries of bank clerks. Mr. McKay (Prince Albert) and Mr. Oliver (Edmonton) holding that they were underpaid, Mr. Oliver suggested that many of the defalcations by bank clerks could be traced to the low salaries they received.

From this Messrs. Lemieux and Carvell dissented. The former suggested that bank clerks should be honest through paralyzing bucket shops, while Mr. Carvell lamented their ambition to be the social leaders of every community.

Struck a Snag.
The house struck a snag when it came to consider sections 2 and 3 of section 88 of the bill which provide "the bank may lend money to a farmer upon the security of his threshed grain grown upon the farm," and "the bank may lend

money to a rancher upon the security of his cattle."

These sections are modified by a subsequent clause requiring the lien to be registered, except in the Province of Quebec.

Many objections were presented. Sir Wilfrid Laurier desired to know what was the difference between a rancher and a farmer. Mr. White replied that the rancher was a wholesale dealer in live stock, while the farmer, although he might raise some cattle, sold the same in retail. Several members considered this distinction as vague and indefinite, and suggested that the lien should be extended to the cattle of the farmer as well as to the cattle of the rancher.

Cockshutt an Objector.
Mr. Cockshutt (Brantford) objected to the limitation of the lien to grain "grown upon the farm." Many Ontario farmers, he said, bought frozen wheat from the west for feed. Why should it make any difference whether the grain in the granary was, or was not, grown upon land belonging to the farmer?

Mr. A. K. Maclean (Halifax) said the banks would scarcely loan money upon grain which the farmer intended to immediately feed to his cattle.

Mr. Donnelly (South Bruce) thought the distinction between wholesalers and retailers should be maintained. The farmers in his district who grazed cattle usually sold them in carload lots.

Could Defraud Landlords.
Mr. Guhrle (South Wellington) said that this new lien would permit the tenant farmer to defraud his landlord, and Major Sam Sharpe said that the section as it stood would mean that the Quebec farmer could create a secret lien to the prejudice of his creditors.

The discussion at last became so involved that the finance minister suggested that the entire section should stand over.

Reports From London Are Denied by New York Officials.

NEW YORK, May 16.—(Can. Press).—The Allied Printing Trades Council of Greater New York has made no protest against the appointment of Walter H. Page as ambassador to Great Britain, reports from London to the contrary notwithstanding, according to a statement issued today by Thomas J. Carroll, president of the New York organization.

Mr. Carroll also declared unfounded reports that the London Trades Council, in adopting a resolution yesterday, disapproving the appointment, had acted on a letter sent it by the New York Council.

THEY ARE TRULY MODERN MIRACLES

Hundreds of People tell of cases, Considered hopeless, that were cured by "Fruit-a-tives", the famous Fruit Medicine.

Your Ailment is no worse, probably, than those of many Men and Women who are now Well, Vigorous and Happy.

Is there an "if" in your mind about "Fruit-a-tives"? Do you wonder how it is possible for "Fruit-a-tives" to cure diseases so different as Eczema and Kidney Trouble—Constipation and Gall Stones—Rheumatism and Biliousness—Stomach Trouble and Hay Fever?

The answer is simple. "Fruit-a-tives" acts on the three great eliminating, or blood purifying, organs—the bowels, kidneys and skin. It is the weakness or poor action of the bowels, kidneys or skin—or of all three—that causes the diseases mentioned above.

Eczema, Pimples and other Skin Eruptions, mean poisoned blood. Make the bowels, kidneys and skin active by taking "Fruit-a-tives", and they will purify the blood, so there will be nothing to poison the skin and cause disease.

Kidney Trouble, Rheumatism, Pain in the Back, Neuralgia, mean that the skin, kidneys and bowels are not ridding the system of waste matter, and too much uric acid is being formed in the blood. Take "Fruit-a-tives" to regulate bowels and skin, and the kidneys are relieved of their extra work, while no excess of uric acid is formed.

Constipation, Biliousness, Gall Stones mean, not enough bile to move the bowels and prevent solid masses forming in the Gall Bladder. "Fruit-a-tives" is the only medicine that acts directly on the liver and stimulates the liver to secrete more bile—thus regulating the bowels and preventing stones being formed in the gall bladder.

Stomach Trouble, Chronic Indigestion and Hay Fever are all due to constipation and nervousness, which "Fruit-a-tives" cures.

The above are only a few of the many diseases promptly relieved by "Fruit-a-tives". These tablets will cure any disease and every disease caused by any disturbance, weakness or defective action of Bowels, Kidneys and Skin.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.
