

## COMMITTEE TO REPORT ON NATIONAL BANKRUPTCY ACT

C. M. A. Ready to Confer With Western Grain Growers—Effort Will Be Made to Awaken Members to Greater Sense of Danger Regarding Fires.

HALIFAX, Sept. 18.—(Can. Press)—This morning's meeting and there were practically no unexpected nominations. The elections followed: President, C. B. Gordon, Montreal; first vice-president, E. G. Henderson, Windsor; second vice-president, J. H. Sheppard, Montreal; treasurer, George Bootle, Toronto; auditor, Wilton C. Eddis and Sons, Toronto; chairman of committees, Tariff, H. H. Champ, Hamilton; transportation, S. R. Parsons, Toronto; legislation, Thomas Findlay, Toronto; membership, N. A. Howie, Toronto; insurance, H. W. Fleury, Aurora; technical education, H. H. Mason, Toronto; workmen's compensation, P. W. Ellis, Toronto.

A motion providing for the appointment by the president of the C. M. A. of a special committee to investigate, and report on the matter of the bankruptcy act, to which many wholesalers were opposed, was carried.

In view of the appointment of this committee, a motion favoring a national bankruptcy act was withdrawn.

It was suggested that the credentials of the delegates be examined, and the question was asked whether the other provinces might not follow in Alberta's footsteps in this respect.

On the explanation that the Alberta legislature was being pressed by western agricultural interests, Mr. White of London, Ont., said he was informed that such was not the case. The farmers found nothing objectionable in the agreement, used by the Canadian manufacturers.

F. W. Wegeneit, Toronto, said the agreement used across the border was the principal cause of the trouble.

President Gordon said the association should work hand-in-hand with the various provinces in reference to the establishment of a system of commercial courts, was sent to the executive.

The report of the workmen's compensation committee was then read.

C. M. A. and Grain Growers. In answer to the letter sent by the Grain Growers' Guide, requesting cooperation in the procuring of British preferential tariff, the association decided to send the following telegram today:

"The Canadian Manufacturers' Association, through its accredited representatives, is always willing to confer with the western grain growers or any other organization on matters of mutual concern. Three years ago we made advances in this direction to the western grain growers, and sent one of our secretaries to meet them, and extend the invitation personally to them. At that time there were, in our opinion, broad issues before the public regarding wheat, and a better understanding as between the farmers of the west and manufacturers generally was desirable. The grain growers did not find it convenient to meet us then, and should they desire to do so now, no doubt we will hear from them."

(Signed) "R. S. Goulay, President." Election of Officers. The election of officers was held at

the meeting. The following were elected: President, R. S. Goulay; first vice-president, E. G. Henderson; second vice-president, J. H. Sheppard; treasurer, George Bootle; auditor, Wilton C. Eddis and Sons; chairman of committees, Tariff, H. H. Champ; transportation, S. R. Parsons; legislation, Thomas Findlay; membership, N. A. Howie; insurance, H. W. Fleury; technical education, H. H. Mason; workmen's compensation, P. W. Ellis.

The election of officers was held at the meeting. The following were elected: President, R. S. Goulay; first vice-president, E. G. Henderson; second vice-president, J. H. Sheppard; treasurer, George Bootle; auditor, Wilton C. Eddis and Sons; chairman of committees, Tariff, H. H. Champ; transportation, S. R. Parsons; legislation, Thomas Findlay; membership, N. A. Howie; insurance, H. W. Fleury; technical education, H. H. Mason; workmen's compensation, P. W. Ellis.

## CATTLE PRICES WILL BE HIGHER

After U. S. Tariff Changes According to W. Harris of Toronto.

## FARMERS WILL BENEFIT

More Money Will Be Paid for Crops, Thinks Grain Dealer.

The probable effect of U. S. tariff changes on live stock and dead meat was discussed by The World yesterday with Mr. Harris, a grain dealer.

"I have been looking for tariff changes in these commodities for six months," Harris said, "and am still looking. Prices on cattle and meat, like water, will find a level. The present prices for cattle on the Chicago market run from 4 to 9 1/2 a pound and this is attracting Canadian cattle now."

"If cattle go on the free list it will thin out the farms here and the price of beef will go up. In our abattoir business we will have to pay more for our live stock and of course will have to sell dearer."

Alex. Butler, wholesale dealer in grain, flour, Traders Bank building, is quite convinced that the proposed new United States tariff will be advantageous to the farmers of the Canadian west.

"Until the rates are changed, it is difficult to form a really correct idea of what the change means," said Mr. Butler. "But who the rates are changed, I think it certain that the northwest farmer will get more money for his crop. He will benefit most because of the available markets of Washington and Oregon."

"The duty of 5 cents a bushel on oats can be easily paid. If bran is put on the free list it is likely to raise the price of feed in Canada, but if the miller can pay a little more for his wheat, 'supposing wheat should go on the free list that will hurt the Canadian miller' is a very poor argument."

"No, not as far as I can see. The American miller will buy our wheat because of its better milling qualities, but the Canadian miller will not lose the trade which has been built up, as there will always be a suspicion of the quality of the American output."

Regarding barley, Mr. Butler thought that the proposed duty of 5 cents a bushel on malted barley was a handicap and would prevent a large export of this cereal into the United States.

Mr. Butler suggested that, with a shortage of feed in the States this would be a fine time for the Canadian farmer to open the American market.

## A GREAT VICTORY FOR WORKINGMEN

Sir William Meredith's Recommendations Meet With Great Favor.

## LABOR COUNCIL MEETS

Claim Made That Unfair Wages Were Paid at Exhibition.

The report of the executive committee, that unfair wages were paid to the laborers on the Exhibition buildings formed the principal topic of discussion at the meeting of the Trades and Labor Council last night.

In investigating this matter, the committee discovered that, although the city pays for the buildings and owns them when they have been completed, it has no control over the wages paid in the course of erection, and is, therefore, responsible for the wages paid to the workmen.

In the discussion it was stated that the heads of all the civic departments are responsible in this matter, and that the only manner in which to settle it would be to find the man who is responsible, and get after him for an explanation.

On behalf of the committee appointed to interview Sir James Whitely on labor questions, James Simpson reported that the committee had been told that Sir James had made a promise that the workmen's compensation bill would be brought up and passed at the present session of the legislature, despite the opposition of the Manufacturers' Association.

"On the basis of taxation, however, Sir James is where he has always been," concluded Mr. Simpson.

A Great Victory. Speaking of Sir William Meredith's resignation, regarding workingmen's compensation, P. Hancock referred to it as "the greatest victory the laboring class has ever gained, as far as recommendations are concerned." He also predicted one of the greatest fights that had ever been waged in the parliament buildings, as the manufacturers are prepared to oppose the measure most strenuously in the course of his address, he strongly advised the laboring class to forget party politics and to get together in this crisis, and expressed the hope that out of this union would arise a new era.

Several letters concerning the bill used on the literature of the International Correspondence School, Scranton, Pa., circulated in Canada.

## THINK DENTIST IS SCHMIDT'S COUSIN

Mueller and Priest Were Close Friends When in Germany.

ASCHAFFENBURG, Germany, Sept. 18.—(Can. Press.)—It is now believed that the alleged dentist, who is charged with the murder of the late Emperor, is a cousin of the late Emperor's friend, Adolf Mueller. He and Schmidt were close friends. Mueller, who was a merchant, lived at the same time as the Emperor, and later disappeared.

TWELVE WERE KILLED. NICE, France, Sept. 18.—(Can. Press.)—Twelve persons were killed and thirty injured when a bridge collapsed last night near the village of Villeneuve-Loubet, on the railway between Cannes and Nice.

The bridge, which was a simple trestle, carried a party of "joy riders," perhaps with a stolen car, taking desperate chances to avoid arrest.

## Valuator's Report

"Engineer Ross of the provincial board of valuation was in to see me today," said Mayor Hocken last evening. "He has completed the gathering of data for a valuation of the Toronto Electric Light Company property, and will report his valuation to me in about ten days."

## EDUCATION BOARD

Special Committee Will Be Appointed to Gather All Information.

## OBJECT TO TRANSFERS

But Classes Go From Carlton to Hughes School as Ordered.

At the board of education meeting last night, a special committee, to be known as the educational progress committee, was appointed, the duty of which will be to report to the board at the first regular meeting in each month any new methods adopted by any board of education throughout the world; also any changes in the curriculum or any matters of special interest in educational matters, as well as making any recommendations from time to time as they deem fit.

Representing the Jewish settlement in West Toronto, Messrs. Louis Grosky and Jacob Jacobs waited upon the board to request that a number of the desks not being used at the present time be given temporarily for use in the Jewish free school, conducted in the evenings for the children of Hebrew children.

The request for desks was referred to the property committee.

A resolution of sympathy to the family of the late Mr. George H. McKelvey, who died last night, was moved by Trustee Brown and seconded by Dr. Noble.

Mr. Noble, who was many years a faithful member of the board of education, and who had been an excellent service in that capacity.

Considerable discussion was aroused as to whether it would be advisable to have one of the physicians on the board, having in view more especially the examination of the health of the children.

The medical men on the board, incidentally, objected strenuously to the "specialist" idea.

## MOTOR MAGAZINE TO BE PUBLISHED

"Canadian Motorist" Will Make First Appearance New Year's Day.

The directors of the Ontario Motor League, at a special meeting held at the National Club yesterday afternoon, decided to publish an official magazine of the league.

The decision was reached following a publication committee, which pointed out how effective an instrument a monthly magazine would be in the league in regard to automobile legislation, good roads and the distribution of the motor industry.

It was decided that the magazine should be in the form of a forty-eight page paper at the start, the first issue to appear Jan. 1. A publication committee was named, consisting of the following: H. B. Howland, chairman; T. N. Phelan, Dr. P. E. Doellittle, F. McGillicuddy, and H. Daly.

This committee at a meeting last night appointed Hartley Robinson, formerly of the Ontario Canadian Automobile Association, as publication manager.

The secretary of the league, W. G. Robertson, was named editor-in-chief. The office of the magazine will be in conjunction with the league offices in the Lumsden Building.

The league will have its initial circulation among the 3700 members of the league throughout Ontario and in the twenty-one cities and towns where there are clubs affiliated with the league. The paper will be known as The Canadian Motorist.

## E. V. O'SULLIVAN'S ESTATE.

Edward V. O'Sullivan of 168 Dunn avenue, the young Toronto lawyer, whose death occurred on July 8, left in estate in the neighborhood of \$20,000.

He bequeathed the proceeds of his insurance policy, together with accrued profits, to his mother, and his estate he gave to his wife, Emily O'Sullivan.

## ATTEMPTED BURGLARY.

An attempt was made early yesterday morning to burglarize the jewelry store of N. Baron and Company at 381-2 Yonge street by breaking a window. The window was shattered before they could complete the job.

## Grants to Charities

Mayor Hocken has been asked by the mayor of London, Ont., to inquire him upon Toronto's policy in making grants to charities, and the mayor will soon furnish information about the readiness of Toronto's method of giving aid to charitable institutions.

The mayor will also furnish information about the readiness of Toronto's method of giving aid to charitable institutions.

The mayor will also furnish information about the readiness of Toronto's method of giving aid to charitable institutions.

The mayor will also furnish information about the readiness of Toronto's method of giving aid to charitable institutions.

## PUBLIC LIBRARY WANTS BIG GRANT

Sixty Thousand Dollars is Asked From the Hamilton Controllers.

## CONDUIT MEN STRIKE

Dissatisfaction Over Bilingual Postcards—Serious Accident at Fair.

HAMILTON, Sept. 18.—(Special.)—A gentle surprise was sprung at the meeting of the controllers today when H. B. Winton, who has been representing the Hamilton Public Library, requested a grant of \$60,000 from the city to purchase current liabilities.

It was said that when the new library had cost more than \$200,000, the Hamilton Public Library, which was the library board faced an overdraft of \$100,000, and the result was that the library board faced an overdraft of \$100,000, and the result was that the library board faced an overdraft of \$100,000.

## ANTI-HERESY INDIGNATION MEETING HELD BY SYNOD

Hon. S. H. Blake Gained Great Victory When His Resolution Was Adopted Reaffirming the Attitude of the Anglican Church Respecting the Inspiration of the Bible.

Hon. S. H. Blake transformed the Anglican synod into an anti-heresy indignation meeting yesterday by the casual query: "Mr. Prolocutor, is the doctrine going to be sung after every resolution?"

Rev. Dyson Hague precipitated the discussion on higher criticism, in the morning by moving:

"That in the present crisis of the world's history it is the duty of the church to uphold more strenuously than ever the authority of the Holy Scriptures, and in order that the truth of the Word of God may be more fully attested, this synod approve the proposal for a universal Bible Sunday to be observed on the third Sunday before Christmas (second in Advent), as an occasion for a special annual review of the position of the Bible in the world, and the progress of its circulation and interpretation, and more common recognition of its claims as the supreme guide in the individual and national life."

Not Strong Enough. The resolution was not strong enough for Mr. Blake, who exclaimed: "I think the wording of the resolution makes a farce of the whole thing. I think it is most unfortifying. What is the purpose of a more common recognition of the Bible's claims as the supreme guide in individual and national life? What is the purpose of a more common recognition of the Bible's claims as the supreme guide in individual and national life?"

Mr. Blake, who exclaimed: "I think the wording of the resolution makes a farce of the whole thing. I think it is most unfortifying.
